Driving Question

How do we learn with/from, scale and attain sustainability for school improvement in SBCUSD?

Elements of Targeted Support for School Progress (TSSP) Plan

1. **Data Analysis**—Create a robust, standardized process to analyze student performance data.
2. **Instructional Model**—Define expectations for classroom instruction.
3. **Instructional Leadership**—Develop a coherent system of coaching and accountability for site leaders.
4. **Instructional Supervision**—Establish a consistent system of monitoring classroom instruction.
5. **Formative Assessment**—Design formative assessments to monitor student performance.
6. **Response to Intervention**—Create a systematic response to student under-performance.
7. **Site Specific Intervention & Supports**—Develop and implement a system to strategically identify the lowest performing schools and provide intervention and supports for improvement.

Next Steps to Address Data Trends

Educational Services District Wide

- ❖ Continue to grow the capacity of *Early Literacy teachers* (Pre-K to 5th grade) through professional learning opportunities ensuring implementation of ***District's Early Literacy Plan***.
- ❖ Continue to provide technical support, training, and coaching to site leaders to strengthen the alignment, quality and impact of the ***Professional Learning, Professional Collaboration, & Instructional Supervision*** systems of schools.
- ❖ Continue to build District & site leaders' capacity in ***Data Literacy*** to improve the use and quality of data interpretation and 'real time' response to the data using ***Data Protocols***.

Next Steps to Address Data Trends

Educational Services District Wide

- ❖ Continue to grow the capacity of **Elementary teachers** in math in collaboration with UCLA by providing professional development, coaching supports, and curriculum guide development.
- ❖ Expand professional development support facilitated by an expert math trainer (Dr. Walton) to include **Elementary schools** that *Decreased or Significantly Decreased* in math (December 2018)
- ❖ Continue build capacity through professional development, training, and coaching support to all **Secondary Math** teachers facilitated by UCLA.
- ❖ Continue to build capacity through training and coaching of **instructional leads(K-8) and department chairs** (September 2018)

Next Steps to Address Data Trends

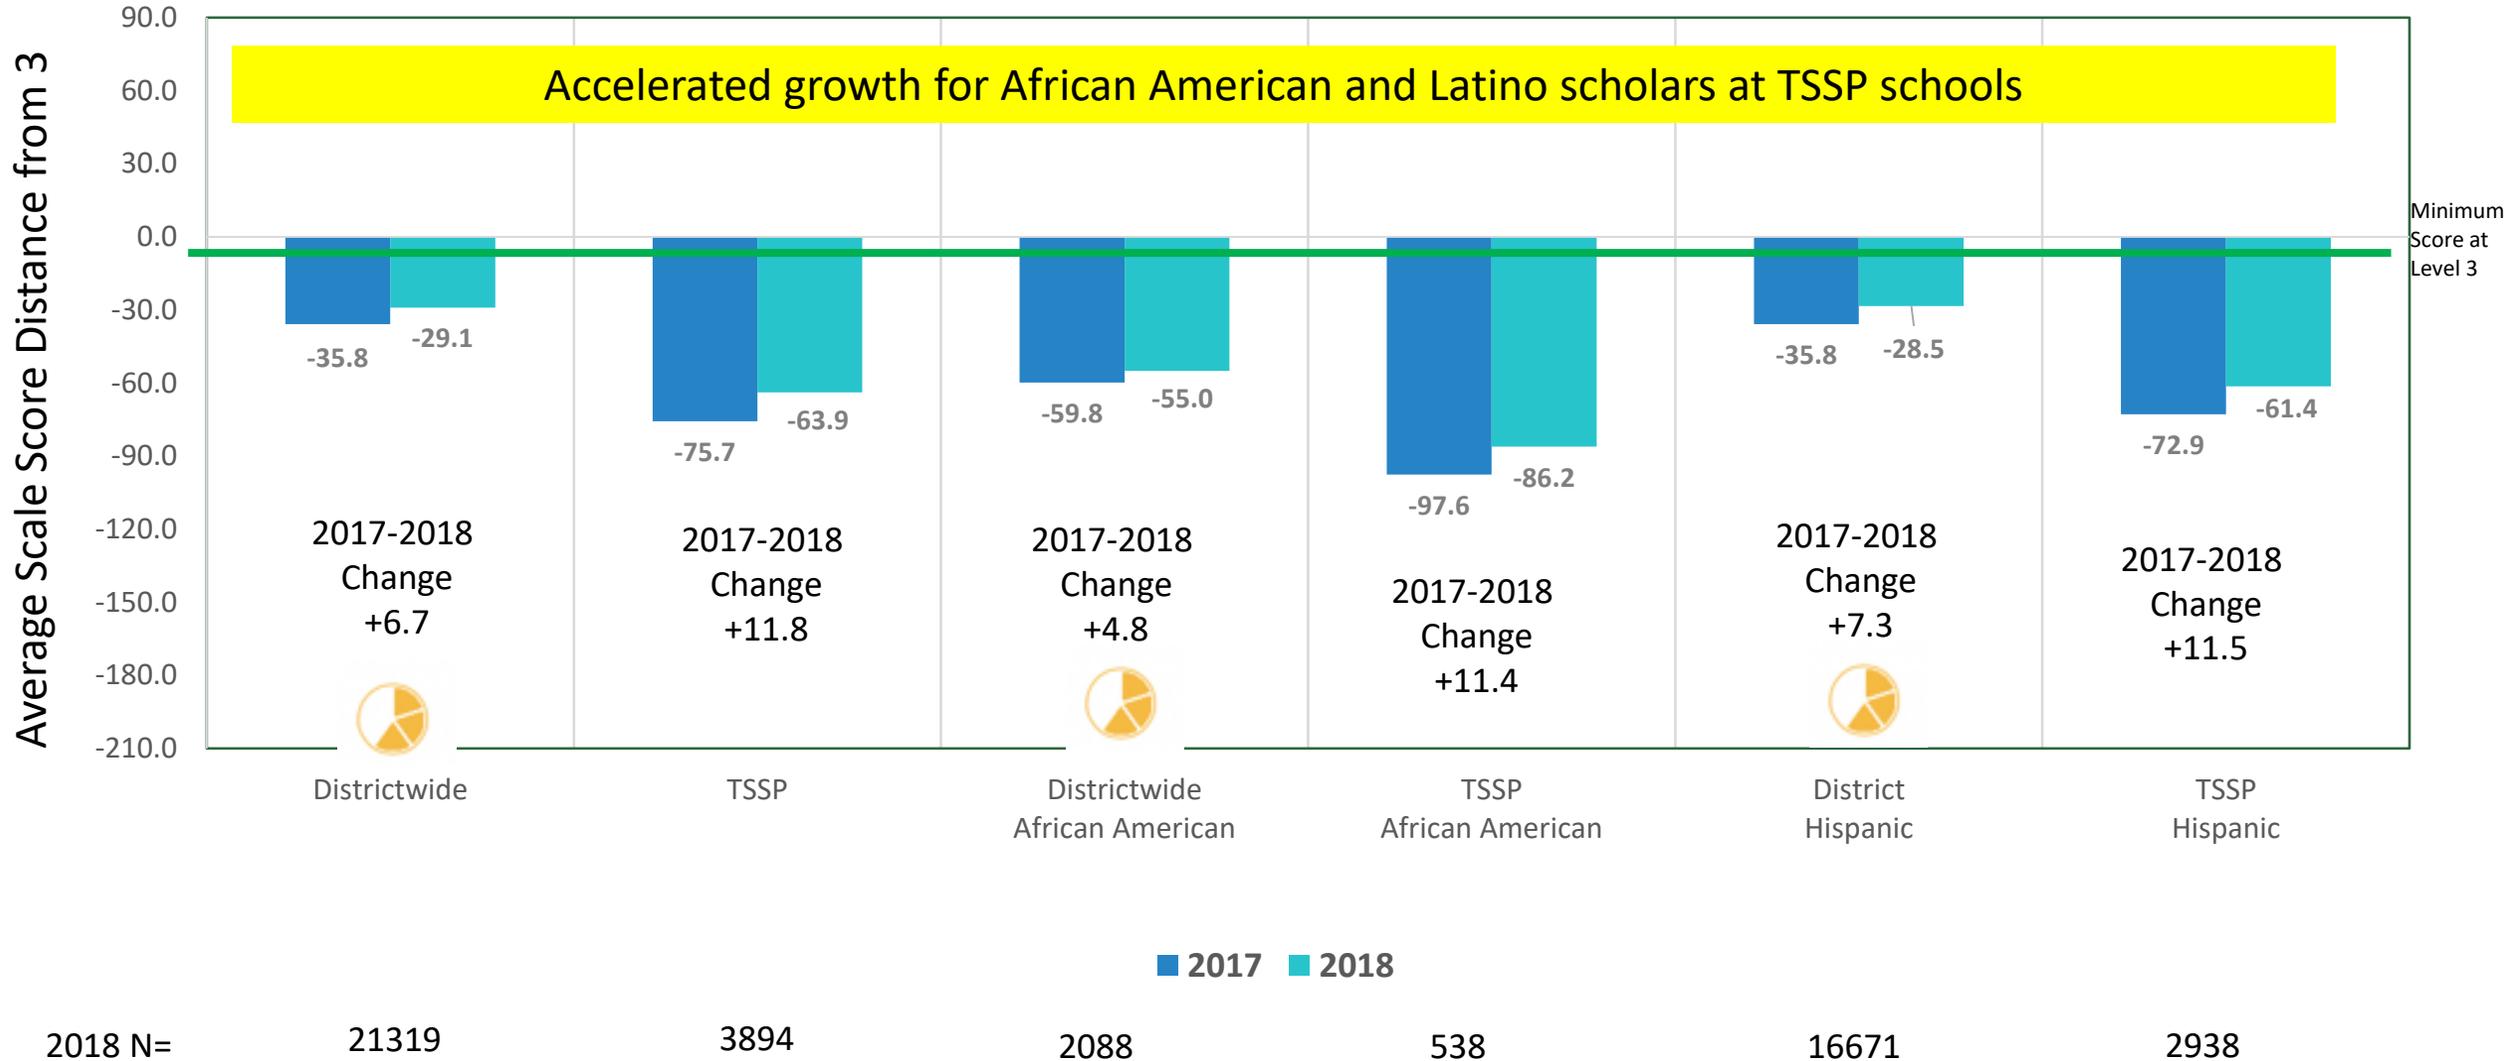

Continuous Improvement: *Targeted Above and Beyond*

- ❖ Continue collaborative decision making with **SBTA**: SBCUSD Side Letter (May 2018)
- ❖ Design the ***SBCUSD Blueprint for School Continuous Improvement*** to include evidence based high impact strategies to replicate, scale and sustain systems for school improvement (*September 2018-April 2019*)
- ❖ Create opportunities for **TSSP site leaders** to learn with and from each other during TSSP principal collaboration and professional learning network (*October 2018*)
- ❖ Design ***21st Century Learning environments*** through devices, connectivity and furniture that supports collaboration to ensure access to rigorous and relevant learning opportunities (*Ongoing through June 2020*)

Next Steps to Address Student Group Data Trends

1. Provide opportunities for extended school day, year or intersession for **identified students** to address learning needs (*November 2018-Summer 2019*)
2. Facilitate the development of school level student incentive programs to include goal setting, tiered levels of incentives and encourage individual **student ownership** in their learning (*January 2019*)
3. Hire **6 program specialists** to provide *above and beyond support* through job-embedded lesson design, delivery, coaching and mentoring based on data analysis of student needs (*September-December 2018*)
4. Continue collaboration and partnership with **SBCUSD parent advisory committees** (October 2018-ongoing)
5. Continue **Opportunity Gap Specialist (OGS), English Learner Facilitator (ELF) and School Climate and Culture Coaches (SC³)** with targeted data monitoring and early
