### Addendum B

**Collaboration Day Best Practices**

1. It is critical that classroom teachers be involved in the decision-making, implementation, and delivery related to professional development - e.g. Professional Development Team (PDT).
2. Consensus is a more powerful decision-making model than voting and should be the preferred method for making decisions.
3. Input should be consistently gathered in order to meet the varying needs of the certificated staff in relation to issues such as starting and ending times, etc.
4. Advanced notice is advantageous in order to allow collaboration day participants to prepare efficiently so that professional development activities can be maximized.
5. The Chair would be chosen from among the PDT members by consensus.

BE IT RESOLVED that the Board of Education approves the Memorandum of Understanding (Collaboration Day Professional Development Program) between the San Bernardino Teachers Association and the San Bernardino City Unified School District.

I. Teachers, who self-refer to the Program, shall not have any documentation issued as a result of their participation placed in their personnel files. The Progress Reports and other documents shall be maintained by the Joint Panel.

J. Documents generated by consulting teachers and Joint Panel members regarding specific participating teachers as part of the assistance process set forth in this Memorandum of Understanding, shall be deemed personnel records and shall remain confidential to the extent required by the law.

SECTION V- EFFECT OF AGREEMENT

A. The provisions of the Program may be revised by the mutual consent of the District and the Association.

B. This Memorandum of Understanding shall be in compliance with the Education Code requirements governing PAR.

C. This Program and the District's evaluation functions shall operate independently of each other; however, a cooperative relationship between the principal and the consulting teacher is encouraged with respect to the process of Peer Assistance and Review. Nothing within this agreement or within the Program shall prohibit or limit the District and governing board from exercising its legal or contractual rights regardless of the participation of a teacher within the Program. Such rights include, but are not limited to, the issuance of a notice of unsatisfactory performance, issuance of a notice
of intention to dismiss from employment, involuntary transfer, involuntary reassignment, demotion, promotion and evaluation independent of the Program. Decisions and actions within the Program are not binding on the District or the governing board.

D. The actions of the Joint Panel are not subject to the grievance procedures contained within the Collective Bargaining Agreement between these Parties, nor to any grievance procedure contained within the Board Policies or District Regulations.

It is understood that cooperation and coordination between PAR and BTSA is essential. Designated representatives of the Joint Panel and BTSA shall meet on a regular basis to ensure that the programs are coordinated, including, but not limited to, sharing of staff, funding and other resources; prevention of duplication of services and efforts; and division of program participants. For purposes of coordination, the Joint Panel may make non-binding recommendations to the District's BTSA Program on training and development of new teachers.

E. Expenditures for the Program shall not exceed funds made available by the state of California for the support of the California Peer Assistance and Review for Teachers. The Program shall be contingent upon continuation of state funding.

F. This Memorandum of Understanding shall become effective June 2, 2017, and will expire on June 30, 2019.

Dated this 15th day of March 2017, at San Bernardino, California.

Dr. Marsden recommended that Dr. Wiseman have a conversation with union leaders regarding her concerns.
Board of Education Meeting Minutes
April 4, 2017

Delores Simpson asked the Board to consider denying the motion of revocation for the Center for Learning and Unlimited Educational Success (CLUES) Charter, stating they have adopted a plan to be transparent and to make changes; she said that for the most part, there was an entirely new Board.

Pastor Frank Oliver also asked the Board to consider denying the motion of revocation for the CLUES, citing that they have fulfilled 20 of the 22 items required; are currently $200,000 in debt and going down; their ADA has nearly doubled. The auditor has the audit; and they have come up with a resolution for retirement. He asked to give them more time to get things done.

SESSION FIVE

5.0 Student Achievement
5.1 Key Performance Indicators (KPI): Annual Measurable Achievement Objectives (AMAOs) and Reclassification

Barbara Richardson, Director of Accountability and Educational Technology and Ana Applegate, Director of English Learner Programs, presented a PowerPoint presentation with results from the final year of the Annual Measurable Achievement Objectives (AMAO) as well as data related to District reclassification rates. (Attach. A)

Dr. Flores asked for the implementation of the English Learner Strategic Plan. Mr. Tillman requested data on how many reclassifications have been done and to compare staffing from 12/13 school year to now to make sure there are enough resources to reclassify and test students. Mr. Gallo asked what specific interventions are needed to move students forward. Mrs. Medina said that more interns are needed at elementary sites.

Student Board Members’ Comments:
Ms. Quezada asked about the ELD student interns and how they worked with the students; she suggested maybe mentorships from other students could also help.

Ms. Cholbi thanked her school for their assistance and support with college applications, research, and senior portfolios. She also reported that she will be attending the conference on late start times for secondary schools in Washington, DC.

Mr. Bacarro commented on how two cities so near each other, San Bernardino and Loma Linda, could be so different health-wise, with Loma Linda being one of the healthiest cities and San Bernardino one of the least healthiest.

8.3 Report by Communications Workers of America
Steve Gianni thanked the Board for the guest teacher training during Spring Break with 2/8 teachers attending and 184 of them left feedback. Dr. Marsden, Dr. Vollkommer and Dr. Wiseman all spoke and Special Education presented information. On the negative side, he said there was not enough time for discussions or interaction with each other. Feedback was provided to the District for future meetings. Mrs. Medina commented that she attended this event and was impressed with the teachers’ enthusiasm and the Special Education piece was amazing.

8.4 Report by San Bernardino School Police Officers Association
Daniel Arias, SBSPOA president, reported that officers are engaging with youth and the community and he commented that it was great to see how the whole department has embraced Restorative Justice. He spoke about career pathways and their Explorer program, reporting that they met with the director of the police academy at San Bernardino Valley College and they have three students who will be joining the police academy in October that were former Junior Explorers at middle school, regular Explorers at high school, current cadets with the department who are now going on to pursue their careers in law enforcement.

8.5 Report by San Bernardino School Managers
No report.

8.6 Comments by Board Members
Dr. Wyatt reported he attended CABE, which had a phenomenal turnout from the community and District. He commented that there was a movement to increase multilingual education. He attended two site visits, one to Richardson PREP with Mrs. Medina and one to Riley PREP with the Cabinet members, and said the process for how the District works with leadership to develop site leaders is a model program. Dr. Wyatt commented that he is looking forward to the Health, Wellness and Safety plan and Dr. Monarrez’ plans to reach out to the City as partners to transform San Bernardino. He said it will take all areas to make it work and the District should take a greater leadership role.

Dr. Flores reported that she attended the Cesar Chavez breakfast and there was about 350 people
Board of Education Meeting Minutes

in attendance. It was a great event. The Crown of Angels Mariachi band performed which included students from our District, as well as special needs students. She asked how the District could support/fund the Mariachi band. She also mentioned that there are many of our kids in the Ballet Folklorico and suggested that the District increase VAPA funding to support them. Dr. Flores also asked for an update on Linked Learning, career pathways and Connect Ed and what resources they need. Dr. Marsden said he would have a report soon. She also mentioned that Dr. Wyatt suggested that possibly high schools could adopt the mariachi bands.

Mrs. Rodgers commented that the board correspondence provided regarding retentions had some disturbing information and suggested more information or a presentation was needed. She said that the reclassification presentation was very inspiring and that it was very important that we have our own internal dashboard. She requested information on overall student achievement; would like a Multilingual Initiative presentation showing where we are; and an update on Ethnic Studies and career pathways.

Mrs. Medina reported that she also attended CABE and it was an amazing experience seeing everyone sharing best practices. She attended the Cesar Chavez breakfast and it was very powerful. Mrs. Medina passed out to the Board information on Rialto’s Safe Routes to School program done through their city. They received $1.4 million through Cal Trans. She shared some information that showed healthy, active students did better in school and on tests. Dr. Marsden commented that Eric Vetere is planning a Walking Bus route event.

Mr. Gallo commented that he really likes our student board members’ participation; they are articulate and come up with great ideas. Regarding career pathways, Mr. Gallo commented that the District has invested in pathways for the past five years. It is important to systemically incorporate this as part of our approach to curriculum delivery, not as electives, but to figure out how to integrate as a regular part of education and instructional process. In addition to the visual and auditory learning, incorporating other senses involved in retention, learning, and imprinting is important, which could lead to a different way of delivering our instruction; migrate to a blended learning environment where multi-subjects are taught in a project-based environment. Mr. Gallo suggested we need to develop the capability within our District to back-map this to create a matrix that links to every one of our educational standards along an implementation schedule to figure out how these project-based activities we have been heavily investing in, can reinforce those standards so we can track what we are testing on. We should focus specifically on instruction that relates to what we want students learning, the skills, credentials, etc. Possibly create dependent charter schools where they could be a kind of advanced technology demonstration centers. We need to take career pathways to the next level; that detailed work that links it to the actual academic practices that we are measured on.

Mr. Tillman commented on Mr. Gallo’s remarks saying that one of the biggest problems is state-level acceptance; for example, the credentialing program. Mr. Gallo said that is why the linkage to those standards, which the state does endorse, is the critical part that might get their buy-in. Mr. Tillman said maybe the District could do a small-scale pilot at one of the schools. He asked
if we were doing any type of computer programming at the high schools because he talked to a student who is in IB and he can’t take computer programming because they cannot take an elective. If students want to take technology classes, they should be able to do so.

Dr. Hill commented on the San Gorgonio football team which had a great season but the coach was leaving to go to another district. She commented that coaches are recruited like players and if they have a winning season, they can get offers from other districts. She asked if there was some mechanism to compensate coaches that are doing a good job to keep them. Dr. Hill stated that staff should be able to ask, and not feel uncomfortable, for what they need to take programs to the next level. Dr. Hill shared that at the City Hall meeting three students from Pacific High School who “shadowed” the mayor were recognized with certificates. During the meeting a councilmember commented that “it looked like the City would become a sanctuary city” and she said that they shouldn’t have said that in public if they didn’t know for sure as it could scare parents and she wanted to let parents know if they had any questions they could contact the District.

8.7 Board Committee Reports
No report.

8.8 Comments by Superintendent and Staff Members
Dr. Marsden recognized the following students:

Marshall Elementary School’s sixth grade students Valerie Nieves and Edgar Jimenez who will be competing in the SeaPerch underwater competition in Atlanta in May. Valerie and Edgar won first place in the middle school division of the Inland Empire SeaPerch competition and will have the opportunity to put their underwater robot to the test against teams from around the nation. Cajon High School senior Josh Loomer for earning the state CIF Wrestling Championship title and placing sixth at nationals. Sierra High School basketball team which won first place in the Continuation High Schools League Championship, beating March Mountain High School. Congratulations to students participating in the Odyssey of the Mind competition next month in Michigan. Ocie Zavala, Reiana Romero, Tayonna Hargrove, Johnny Tran, Brandon Lee, Carolina Hauchbaum and Anastasia Slack all placed first in the regional competition and second place in the state competition.

Dr. Marsden attended the annual Latino Education Advocacy Day (LEAD) event at Cal State, San Bernardino hosted by Dr. Enrique Murillo; the annual California Association of Bilingual Education (CABE) conference last Friday and served as an honorary chair; and the Cesar Chavez Breakfast at Cal State, San Bernardino.

Due to a scheduling conflict with the San Bernardino County Superintendent of Schools Superintendents’ Leadership conference on June 20-21, 2017, Dr. Marsden asked the Board to consider changing the June 20 Board meeting to June 27. The Board gave consensus.
Board of Education Meeting Minutes
April 4, 2017

Dr. Marsden stated that all decisions regarding the Family Engagement Center and Enrollment Center would be made by the Board. He asked Dr. Monárrez to comment on the Family Engagement next steps. Dr. Monárrez said there was a board correspondence on the dais. She said there was a good turnout for the last steering committee, both with students and new parents as well as returning parents. Sub committees will work on defining six areas that make up what the Family Engagement Strategic Plan will look like. It will then be presented to the Board.

Dr. Flores recommended that the District look at a three year plan not a one year since the LCAP is a three year plan. Mrs. Rodgers asked about the dates for additional steering committees and Dr. Monárrez said that at each meeting the next meeting is scheduled. Mrs. Medina said that parents are still not being represented and asked how we can outreach to get more parents involved. Dr. Monárrez said that they have reached out to all sites to ask that they invite 1 or 2 parents each. Mr. Tillman suggested inviting parents who have been honored during our Outstanding Student Awards. He asked if there was a centralized location for the Enrollment Center yet and was told they were still working on getting the information from parents. Mr. Tillman said a decision needed to be made soon in order to move forward with the center. Margaret Hill commented that since parents were more involved at sites when their students were in elementary school that perhaps our Parent Engagement centers should have been at elementary schools rather than high schools.

Upon motion by Member Tillman, seconded by Member Flores, and approved by the affirmative vote of Members Flores, Gallo, Hill, Medina, Rodgers, Tillman, and Wyatt (Noes: None), the following was adopted:

It is recommended that the following revisions are made to Board Policy 5141.33 Students in order that policies align with recommendations from medical and health organizations.

San Bernardino City USD | BP 5141.33 Students

Head Lice

To prevent the spread of head lice infestations, school employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse or designee shall examine the student and any siblings of affected students or members of the same household. If nits or lice are found, the student shall be excluded from attendance and parents/guardians informed about recommended treatment procedures and sources of further information.

The Governing Board believes that the district's head lice management program should emphasize the correct diagnosis and treatment of head lice in order to minimize disruption of the education process and to reduce the number of student absences resulting from infestation. In consultation with the school nurse, the Superintendent or designee may establish a routine screening program to help prevent the spread of head lice. School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse or designee shall examine the student and other students who are siblings of the affected student or members of the same household.

In accordance with the Guidelines from the California Department of Health Services (DHS) and the position statement from the California School Nurses Organization and County of San Bernardino Public Health's recommendations are that students with dead nits (lice eggs) will be allowed to remain in school and that only students with an active, adult lice infestation will be excluded from attendance.
If a student is found with active, adult head lice, he/she shall be excluded from attendance. The parent/guardian of an excluded student shall receive information about recommended treatment procedures and sources of further information. The student shall be allowed to return to school the next day following treatment and shall be checked by the nurse or designee before returning to class for clearance.

(cf. 5141.3 - Health Examinations)

(cf. 5141.6 - Student and Social Services)

The Superintendent or designee shall send home the notification required by law for excluded students. (Education Code 48213)

(cf.5112.2 – Exclusions from Attendance)

(CF. 5145.6 – Parental Notifications)

A student with a chronic case of head lice should be reported to the school attendance review board (SARB). A “Chronic” case is a student who has been found infested during three separate months in a school year or for six consecutive weeks.

The principal and school nurse shall work with the parent/guardian of any student who has been deemed to be a chronic head lice case in order to help minimize the student’s absences from school.

(cf. 5145.6 - Parental Notifications)

If there are two or more students affected in any class, all students in the class shall be examined, and information about head lice shall be sent home to all parents/guardians of those students.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

Excluded students may return to school when (1) they bring a note from the parent/guardian verifying treatment, and (2) reexamination by the nurse or designee shows that all nits and lice have been removed: no live lice are present.

Policy SAN BERNARDINO CITY UNIFIED SCHOOL DISTRICT
Adopted: October 16, 2007 San Bernardino, California
Adopted:

BE IT RESOLVED that the Board of Education receives the amendments Board Policy 6173 Instruction as a First Reading.

10.4 Amendments to Board Policy 6173.1 Instruction (First Reading)
Upon motion by Member Tillman, seconded by Member Flores, and approved by the affirmative vote of Members Flores, Gallo, Hill, Medina, Rodgers, Tillman, and Wyatt (Noes: None), the following was adopted:

San Bernardino City USD | BP 6173.1 Instruction
Education for Foster Youth
Note: Education Code 48850-48859 (the AB 490 Educational Rights and Stability Act of 2003) create obligations for districts regarding the education of foster youth, including the right of foster youth to continue attending their school of origin and the requirement to ensure that foster youth have access to the same academic resources, services, and extracurricular activities that are available to all students. See the accompanying administrative regulation. While the requirements of the federal McKinney-Vento Homeless Assistance Act (42 USC 11431-11435) may apply to foster youth in certain situations, such as when they are living in emergency or transitional shelters or when they are awaiting foster care placement (see BP/AR 6173 - Education for Homeless Children), Education Code 48850-48859 extend services to youth at any time when in foster care. The following policy may be revised to reflect district practice.

The Board of Education recognizes its obligation to ensure that foster youth have access to the academic resources, services and extracurricular and enrichment activities that are available to district students. The district shall provide students in foster care within the district with access to educational opportunities and other services necessary to help such students achieve the district’s performance standards.

The Governing Board recognizes that foster youth may be at greater risk for poor academic performance due to their family circumstances, disruption of their educational program, and emotional, social, and other health needs. The district shall provide such students with full access to the district’s educational program and other support services necessary to assist them in achieving state and district academic standards.

Note: Pursuant to Education Code 48850, placement determinations for foster youth must be made in accordance with the student’s "best interest." In addition, Education Code 48853.5 requires each district to designate a staff person as a foster care liaison to help ensure proper school placement and enrollment. See the accompanying administrative regulation.
The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' best interests as defined in law and administrative regulation. **To that end, he/she shall designate a staff person as a district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.**

The Superintendent or designee shall ensure that all appropriate staff, including, but not limited to, each principal, school registrar, and attendance clerk, receive training regarding the enrollment, placement, and rights of foster youth. Collaborate with the county-placing agency and other appropriate agencies to ensure maximum utilization of available funds and to meet the educational needs of foster youth within the district.

**Note:** Pursuant to Health and Safety Code 1522.41 and 1529.2 and Welfare and Institutions Code 16003, foster family agencies, group home administrator certification programs, and community colleges must provide training to foster parents, group home administrators, and other caretakers which includes, among other things, basic instruction on the existing laws and procedures (i.e., Education Code 32228-32228.5) regarding school safety and the ensuring of a harassment- and violence-free school environment.

The Board desires to provide foster youth with a safe, positive learning environment that is free from discrimination and harassment and promotes students' self-esteem and academic achievement. The Superintendent or designee shall develop strategies to build students' feelings of connectedness with the school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of students' resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

Board of Education Meeting Minutes
