

Step 6b. Please note that all accept or decline decisions are final. You must confirm your decline to proceed.

Step 6c. After you confirm, you will receive a decline message and confirmation statement.

If you do not respond by the deadline, it will be considered an automatic decline. This means you will not be able to enroll in the selected program, and if your child was selected to attend a magnet, your child’s magnet application will lose any priority points.

If you have any questions regarding your child’s selection, you may call the school at the number listed on your letter or you may call the Choices Support Line at (213) 241-4177.
