NEW LEADERSHIP AT KIS

Ms. Rachel Geary will be the new Director for KIS. Her many years of experience with international education and Kyiv International School make her a wonderful leader for the school and community.

SCHOOL DAY AND DAILY SCHEDULE - 8:30-3:55

The school will be adjusting the daily schedule to accommodate a longer school-day. This means that school will be from **8:30-3:55** each day.

TEACHING STAFF AND FACULTY

We are planning on a group of **Overseas** and **Ukrainian** teachers who will be working **ON CAMPUS**. We may also have some teachers who connect with some classes from other QSI schools to help support our diverse international community and program.

IB & AP PROGRAM

IB Diploma Program and Advanced Placement courses will continue to be offered for interested students.

ONLINE LEARNING OPTION

KIS will continue to offer online learning on a case-by-case basis for those who may require this, as a result of their situation or circumstances. This may be a mix of synchronous and asynchronous learning.

LUNCH PROGRAM AND TRANSPORTATION

We will offer a simple lunch program and transportation services for those interested. These will be an additional cost to school fees.

SCHOOL FEES

While the war continues in Ukraine, QSI has decided to offer a reduced tuition fee. It is important for all families to understand that KIS will return to a full tuition fee following Ukraine's victory. We hope these fees will help support families and Ukraine during the economic and financial challenges that are a result of the war.
