IMPORTANT: 2023-24 Procedural Changes
Stansbury High School Course Scheduling

Dear Parents/Guardians,

To more effectively support students in preparation for college and career readiness, Tooele County School District will now complete class scheduling for the upcoming school year during the **SPRING** rather than the fall. This will put a stronger emphasis on the course selections made in the spring with the parents/guardians, students, and counselors. This adjustment places the focus on high school graduation, CTE Pathways, and college and career readiness.

While it is not always possible to fulfill the scheduling wishes of students, please know we will do our best to give students the courses they select. This adjustment will benefit parents/guardians and students by having their student’s schedule focused on the student’s college and career readiness goals. Offering assistance in the spring for course scheduling will allow school counselors to focus on supporting seniors in meeting credit needs, enrolling new incoming students, and working with advanced placement and at-risk populations.

**We will no longer open course changes in the fall for all students.** Schedule changes that may be considered at the beginning of the school year include:
- *Incomplete schedules*
- *Missing course needed for graduation or a CTE Pathway*
- *Medical or Special Education*

Requests for schedule changes in the fall can be submitted using the high school course request change form for your school. ([https://forms.gle/fAfcGjYBidFNkJeJ8](https://forms.gle/fAfcGjYBidFNkJeJ8)). This form will be made available August 4, 2023. Your counseling department will work with you to make any needed changes from this information.

We understand this is a major change in procedure from the past but are confident setting schedules in the spring will help our students focus on selecting classes that will help them in their preparation for college and career readiness.
