

BERMUDIAN SPRINGS SCHOOL DISTRICT

3rd Grade Math Pennsylvania Core Year-long Curriculum Map

Aug. Sept. Oct. Nov. Dec. Jan. Feb. Mar. Apr. May

UNIT/Week	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40				
Routines and Review (18 days)																																												
Adding and Subtracting Whole Numbers (16 days)																																												
Linear Measures and Area (11 days)																																												
Multiplication and Division (12 days)																																												
Place Value in Whole Numbers (7 days)																																												
Geometry (13 days)																																												
Multiplication and Division (14 days)																																												
Fractions (9 days)																																												
Multiplication and Division (15 days)																																												
Measurement, Collecting and Displaying Data (10 days)																																												
World Problems with Mathematical concepts <i>(done distributively throughout year)</i>																																												
Pre-View Standards diameter and circumference, probability, place value above 9,999, decimals, angles and turns, ratios, coordinate grids (42 days)																																												

Numbers and Operations	Algebraic Concepts	Geometry	Measurement, Data and Probability
