Place Value, Rounding, Fluency with Addition and Subtraction Algorithms of Whole Numbers (15 Days)	■	■	■																																					
Place Value, Rounding, Fluency with Addition and Subtraction Algorithms of Decimals (10 Days)				■	■																																			
Fluency with Multiplication and Division facts, Number Stories, True/False Number Stories, Open Sentences, Extensions (15 Days)						■	■	■																																
Identify, Measure and Draw Angles, Add and subtract angle measures (10 Days)								■	■																															
Time Vocabulary, Converting Time to Various Forms (5 Days)										■																														
Multiplication of up to a 4-Digit Number by up to a 1-Digit Number Using Place Value (20 Days)											■	■	■	■																										
Division of up to a 4-Digit Number by up to a 1-Digit Number Using Place Value (10 Days)												■	■	■																										
Identify Factors and Multiples, Number Patterns (5 Days)																■	■																							
Identify and Create Points, Lines, Line Segments, Rays, Perpendicular and Parallel Lines, Lines of Symmetry (5 Days)																■	■																							
Perimeter and Area of Rectangles (5 Days)																				■																				
Elapsed Time, Telling Time, Converting Units of Time (5 Days)																				■																				
Order and Operations with Fractions (20 Days)																					■	■	■	■	■															
Decimal Fractions (10 Days)																								■	■															
Multiplication and Division Basic Facts, Factors and Multiples, Extended Facts (5 Days)																									■															
Organizing, Displaying and Comparing Data (10 Days)																									■	■														
Metric Units of Length, Capacity, Weight, Volume (10 Days)																											■	■												
Elapsed Time, Time Vocabulary (5 Days)																												■												
Parentheses, Powers of 10, Positive/Negative Numbers (10 Days)																													■	■										
Rates, Division of Decimals (5 Days)																																					■			
Geometric Solids, Properties of Reflection, Rotations and Angles (10 Days)																																								
Median, Probability, Area of Polygons (10 Days)																																						■	■	
Preview Standards (15 Days)																																						■	■
