

## **Peachjar: *Frequently Asked Questions***

### **Q: What is *Peachjar*?**

**A:** *Peachjar* is a digital flyer delivery system. Through the use of this system, we believe it will enhance our efficiency and delivery of community and school flyers. Flyers can be accessed by clicking on the *Peachjar* logo located on each school's homepage. Eflyers can also be sent directly to your email inbox.

### **Q: Why did we implement *Peachjar*?**

**A:** The *Peachjar* email system will allow us another way to communicate and send community and local information home to you and avoid the many flyers that often get built up in a student's backpack or locker.

### **Q: How does *Peachjar* work?**

**A:** School approved digital flyers will be sent directly to parents and guardians on your computer, device, or smartphone. In addition, all flyers can be reviewed simply by clicking on the *Peachjar* logo displayed on the homepage of each school.

### **Q: Is there a cost for our District to use *Peachjar*?**

**A:** There is no cost for our District and schools to use *Peachjar*.

### **Q: What types of "Eflyers" can we expect to see initially?**

**A:** The use of *Peachjar* is new to our District. For now, we will use *Peachjar* to communicate flyers that PTO, community partners, local organizations, and that we want to share. The use of *Peachjar* will not eliminate our use of other communication methods, including sending paper copies home with students at certain times.
