

Parent/Guardian 1:1 Chromebook Acceptance

I read and understand the [1:1 Student Chromebook Expectations](#), and I am indicating my acceptance by signing below. The device assigned to my student is owned by the District, and my student will be assigned the same Chromebook in the following school year while at Minooka 201 between the grade levels of 5-8. There is no guarantee for students in grades 2-4 to use the device assigned to them during the previous school year. Upon graduation (or transferring out) of Minooka 201, I will return my child(ren)'s device. Fees may be paid via a payment plan but are expected to be paid in full by the end of the school year. Any fees not explicitly outlined in this document will be assessed at market value.

I will speak to my student(s) and encourage the proper use and responsibility of having a school-issued device. I understand that fines for services, repairs and/or replacements may be charged as outlined below. Parents and guardians will be notified if changes are made to this policy.
