- □ Takes turns in games
- Shows concern for a crying friend
- ☐ Understands the idea of "mine" and "his" or "hers"
- ☐ Shows a wide range of emotions
- ☐ Separates easily from mom and dad
- ☐ May get upset with major changes in routine
- Dresses and undresses self

### Language/Communication

- ☐ Follows instructions with 2 or 3 steps
- ☐ Can name most familiar things
- ☐ Understands words like "in," "on," and "under"
- □ Says first name, age, and sex
- Names a friend
- ☐ Says words like "I," "me," "we," and "you" and some plurals (cars, dogs, cats)
- ☐ Talks well enough for strangers to understand most of the time
- ☐ Carries on a conversation using 2 to 3 sentences

### Cognitive (learning, thinking, problem-solving)

- ☐ Can work toys with buttons, levers, and moving parts
- ☐ Plays make-believe with dolls, animals, and people
- □ Does puzzles with 3 or 4 pieces
- Understands what "two" means
- ☐ Copies a circle with pencil or crayon
- □ Turns book pages one at a time
- ☐ Builds towers of more than 6 blocks
- □ Screws and unscrews jar lids or turns door handle

### Movement/Physical Development

- Climbs well
- Runs easily
- ☐ Pedals a tricycle (3-wheel bike)
- ☐ Walks up and down stairs, one foot on each step

# Act Early by Talking to Your Child's Doctor if Your Child:

- ☐ Falls down a lot or has trouble with stairs
- □ Drools or has very unclear speech
- ☐ Can't work simple toys (such as peg boards, simple puzzles, turning handle)
- Doesn't speak in sentences
- Doesn't understand simple instructions
- ☐ Doesn't play pretend or make-believe
- Doesn't want to play with other children or with toys
- Doesn't make eve contact
- Loses skills he once had

Tell your child's doctor or nurse if you notice any of these signs of possible developmental delay for this age, and talk with someone in your community who is familiar with services for young children in your area, such as your local public school. For more information, go to www.cdc.gov/concerned or call 1-800-CDC-INFO (1-800-232-4636).

# Help Your Child Learn and Grow

You can help your child learn and grow. Talk, read, sing, and play together every day. Below are some activities to enjoy with your 3-year-old child today.

What You Can Do for Your 3-Year-Old:	
<ul> <li>Go to play groups with your child or other places where there are other children, to encourage getting along with others.</li> <li>Work with your child to solve the problem when he is upset.</li> </ul>	<ul> <li>Give your child an "activity box" with paper, crayons, and coloring books. Color and draw lines and shapes with your child.</li> <li>Play matching games. Ask your child to find objects in books or around the house that are the same.</li> </ul>
☐ Talk about your child's emotions. For example, say, "I can tell you feel mad because you threw the puzzle piece." Encourage your child to identify feelings in books.	<ul> <li>Play counting games. Count body parts, stairs, and other things you use or see every day.</li> <li>Hold your child's hand going up and down stairs.         When she can go up and down easily, encourage her to use the railing.</li> <li>Play outside with your child. Go to the park or hiking trail. Allow your child to play freely and without structured activities.</li> </ul>
☐ Set rules and limits for your child, and stick to them. If your child breaks a rule, give him a time out for 30 seconds to 1 minute in a chair or in his room. Praise your child for following the rules.	
☐ Give your child instructions with 2 or 3 steps.  For example, "Go to your room and get your shoes and coat."	
Read to your child every day. Ask your child to point to things in the pictures and repeat words after you.	

## Your Child at 4 Years

Child's Name Child's Age Today's Date

How your child plays, learns, speaks, acts, and moves offers important clues about your child's development. Developmental milestones are things most children can do by a certain age.

Check the milestones your child has reached by his or her 4th birthday. Take this with you and talk with your child's doctor at every visit about the milestones your child has reached and what to expect next.

### What Most Children Do at this Age:

#### Social/Emotional

- □ Enjoys doing new things
- ☐ Plays "Mom" and "Dad"
- ☐ Is more and more creative with make-believe play
- ☐ Would rather play with other children than by himself
- Cooperates with other children
- ☐ Often can't tell what's real and what's make-believe
- ☐ Talks about what she likes and what she is interested in

### Language/Communication

- □ Knows some basic rules of grammar, such as correctly using "he" and "she"
- ☐ Sings a song or says a poem from memory such as the "Itsy Bitsy Spider" or the "Wheels on the Bus"
- □ Tells stories
- □ Can say first and last name

### Cognitive (learning, thinking, problem-solving)

- Names some colors and some numbers
- Understands the idea of counting
- Starts to understand time
- □ Remembers parts of a story
- Understands the idea of "same" and "different"
- ☐ Draws a person with 2 to 4 body parts
- Uses scissors
- ☐ Starts to copy some capital letters
- Plays board or card games
- ☐ Tells you what he thinks is going to happen next in a book

### Movement/Physical Development

- ☐ Hops and stands on one foot up to 2 seconds
- Catches a bounced ball most of the time
- Pours, cuts with supervision, and mashes own food

# Act Early by Talking to Your Child's Doctor if Your Child:

- Can't jump in place
- Has trouble scribbling
- ☐ Shows no interest in interactive games or make-believe
- ☐ Ignores other children or doesn't respond to people outside the family
- ☐ Resists dressing, sleeping, and using the toilet
- ☐ Can't retell a favorite story
- Doesn't follow 3-part commands
- □ Doesn't understand "same" and "different"
- ☐ Doesn't use "me" and "you" correctly
- Speaks unclearly
- Loses skills he once had

Tell your child's doctor or nurse if you notice any of these signs of possible developmental delay for this age, and talk with someone in your community who is familiar with services for young children in your area, such as your local public school. # Help Your Child Learn and Grow

### What You Can Do for Your 4-Year-Old:

Play make-believe with your child. Let her be the ☐ Use words like "first," "second," and "finally" when leader and copy what she is doing. talking about everyday activities. This will help your child learn about sequence of events. Suggest your child pretend play an upcoming event that might make him nervous, like going to preschool ■ Take time to answer your child's "why" questions. If you don't know the answer, say "I don't know," or or staying overnight at a grandparent's house. help your child find the answer in a book, on the ☐ Give your child simple choices whenever you can. Internet, or from another adult. Let your child choose what to wear, play, or eat for a snack. Limit choices to 2 or 3. ☐ When you read with your child, ask him to tell you what happened in the story as you go. During play dates, let your child solve her own problems with friends, but be nearby to help out ☐ Say colors in books, pictures, and things at home. if needed. Count common items, like the number of snack crackers, stairs, or toy trains. Encourage your child to use words, share toys, and take turns playing games of one another's choice. Teach your child to play outdoor games like tag, follow the leader, and duck, duck, goose. Give your child toys to build imagination, like dress-up clothes, kitchen sets, and blocks. Play your child's favorite music and dance with your child. Take turns copying each other's moves. Use good grammar when speaking to your child. Instead of "Mommy wants you to come here," say, "I want you to come here."

## Your Child at 5 Years

Child's Name Child's Age Today's Date

How your child plays, learns, speaks, acts, and moves offers important clues about your child's development. Developmental milestones are things most children can do by a certain age.

Check the milestones your child has reached by his or her 5th birthday. Take this with you and talk with your child's doctor at every visit about the milestones your child has reached and what to expect next.

### What Most Children Do at this Age:

#### Social/Emotional

- Wants to please friends
- Wants to be like friends
- More likely to agree with rules
