2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Live Oak Elementary - A 2018 and 2020 California Distinguished School. I am very pleased to welcome our new students as well as our returning students to the 2022/23 school year.

Our Vision:

All students will have the confidence, knowledge and ability to pursue their dreams and realize their full potential. Students will have the courage, compassion and character to make a meaningful impact in the world.

Our Mission:

To empower, inspire and ensure equitable opportunities for every student to thrive. We teach and nurture the whole child in an academically rigorous, collaborative and innovative learning environment.

GOAL #1: Family and Community Engagement (FACE), Image, and Outreach

Live Oak School District will actively promote Family And Community Engagement (FACE) at all schools as we develop and grow as community schools with a focus on a whole-child framework and an anti-racist model of education in order to ensure equal opportunities and success for all students. The FACE strategic plan will use the guiding strategies of welcoming environments, effective communication, resources and opportunities, and shared responsibility and leadership with a foundation based on equity and cultural responsiveness.

District-wide theory of action: If the district continues to listen and respond to parent's voices with clear and transparent communication about school processes and protocols and if schools reflect the same message and attention to parents' concerns, then families will feel like their voices are heard and they are welcome and belong in our schools.

GOAL #2: Academic Achievement & 21st Century Learning

Empower, inspire and ensure equitable opportunities for every student to thrive in an academically rigorous, collaborative, and innovative learning environment.

- Whole-child Principle #2 - Environments filled with safety and belonging
- Whole-child Principle #3 - Powerful and Rich Learning Experiences and knowledge development
- Whole-Child Principle #4 - Development of skills, habits, and mindsets

2022-23 School Overview

At Live Oak Elementary School, our theory of action around this goal is "If the principal continues to support teachers in their decision making and teachers and staff scaffold and differentiate academic, SEL, and foundational skill and instruction, then students will develop the skills and mindsets that are essential to academic and life success.

GOAL #3: Physical & Social-emotional Wellness

Provide enriching, affirming, inclusive and healthy school communities that address the diverse needs of every child in order to ensure full engagement.

- Whole-Child Principle #1 - Positive developmental relationships
- Whole-Child Principle #5 - Integrated Wellness supports

At Live Oak Elementary School, our theory of action around this goal is "If the principal continues to support the PBIS Program and teachers are able to develop and maintain high behavioral expectations consistently, then students will develop positive relationships and positive mindsets that foster high academic achievement.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The school facilities are in good condition. Live Oak School was remodeled four years ago. At that time new windows and doors were installed and the entire school was painted. Last year, an outdoor classroom and internet capabilities were added to the newly built greenhouse lab. The HVAC system filters have been upgraded to MERV 13 and every classroom has a free-standing HEPA air purifier. An outdoor shade structure is scheduled for installation during the spring of 2023.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

GOAL #1: Family and Community Engagement (FACE), Image, and Outreach

Live Oak School District will actively promote Family And Community Engagement (FACE) at all schools as we develop and grow as community schools with a focus on a whole-child framework and an anti-racist model of education in order to ensure equal opportunities and success for all students. The FACE strategic plan will use the guiding strategies of welcoming environments, effective communication, resources and opportunities, and shared responsibility and leadership with a foundation based on equity and cultural responsiveness.

District-wide Theory of Action

- Belonging / safe and caring environment
- Student voice / learning from students

At Live Oak Elementary School, the steps we are taking to address the united theory of action is to:

Four areas of parent engagement you can speak to ...

- Welcoming Environments
- Effective Communication
- Resources and opportunities
- Shared responsibility and leadership

We also encourage parents to become involved in the following committees or duties and sign up for one of two committees: ELAC (English Language Advisory Council) or the Home and School Club/School Site Council. For more information contact Ana, Gabby, Anisa or Mr. Stein in the front office, in person or via phone at 475-2000.

- Volunteer as yard or cafeteria supervisors, classroom or garden volunteers, office assistants, chaperones, etc.
- Join the Cradle to Career initiative (Contact our parent liaison Gabby Perez in the front office)

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.55	1.01	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Pursuant to Sections 32280 - 32289.5 of the California Education Code, Live Oak Elementary School District develops and adopts a Comprehensive School Safety Plan on an annual basis. The current 2021-2022 Comprehensive Safety Plan was reviewed, updated, and discussed prior to its adoption on February 16, 2022, by the District's Board of Directors. The 2022-2023 Live Oak Elementary School District Comprehensive Safety Plan, including both the public and internal components, will be reviewed, updated, and discussed prior to consideration for adoption on February 22, 2023, by the District's Board of Directors, and includes all legally required components.

The district has engaged a safety consultant to assess safety conditions and procedures at all school sites. Key personnel received multiple updated and specific crisis and emergency response trainings for implementation across all district programs/properties.

District administrators and site administrators (when able) participate in the Santa Cruz County School Safety Partnership facilitated by the Santa Cruz County Office of Education.

Teachers, administrators, support staff and first responders work together to ensure that we maintain a safe and positive learning environment for all students. All visitors are required to check-in at the front office, and playground staff supervise students on the playground and cafeteria. Our school implements the Positive Behavioral Supports and Interventions Framework and Second Step Curriculum to foster social-emotional well-being, including anti-bullying lessons. Behavioral health services augment social emotional and mental health services, and are provided on site by licensed clinicians as a result of a multi-year grant secured in collaboration with one of the District's community partners.

2021-22 Types of Services Funded

Live Oak has a well-developed Response To Intervention (RTI) Program managed by a highly qualified Intervention Specialist. All students are assessed at regular intervals throughout the year to determine the need for services. We utilize multiple literacy programs to respond to intervention and support including Systematic Instruction in Phonological Awareness, Phonics, and Sight Words (SIPPS) for all students in grades 1 and 2. Our 3-5 grade students are provided with additional comprehension support through ACT resources and also participate in targeted instruction at their instructional level through our RTI program. We also utilize Estrellitas for the DLI program. We provide access to Star Early Literacy for students TK to 2 and Accelerated Reader for students 2-5, reading comprehension and motivational program that continuously measures reading progress throughout the year. These additional programs are paid for by LCFF and Title I. Our outdoor science/lifelab instructor is paid for by local parcel taxes and through school fundraising efforts. The parcel taxes also pay for our music, art, and p.e. specialists as well as our mindfulness coach.

We as well employ a full time family liaison, mental health clinician and recess coach. Additional funds support stipends for a site based PBIS coordinator and a dual language immersion coordinator. Translations of all materials are made available to the families we serve and are paid for through Title I categorical programs.
