

E-MAIL

4/3/2023

Should have been forwarded to all teachers.

*** Appraisers, please forward to all of your teachers. ***

Teachers,

This is a reminder that all SLOs should be closed out this week by following the [BISD closing procedures](#). Please find attached to this e-mail the closing procedures that should be followed.

[As a reminder](#): we ask that you really examine your body of evidence because the state does not expect, nor does it want to see that 100% of your SLO students either earned expected growth or exceeded growth.

[For TIA purposes](#), the state is looking to see a TOTAL between 55% to 70% of students having enough evidence to either earn an expected or exceeded growth rating while still keeping in correlation to T-TESS as mentioned in the first e-mail below.

DEADLINE TO CLOSE SLO: April 7, 2023
