(Prepared by the Communications Office)

WHEREAS the Board of Education of the San Bernardino City Unified School District, with its longstanding record of providing Character Education and responsibility training to our students, welcomes the opportunity to join with others in our community, state, and nation in proclaiming that the present and future well-being of our society requires an involved, caring citizenry with good character; and

WHEREAS the character of our state is only as strong as the character of each individual citizen; and

WHEREAS the Board of Education believes that all educators are obliged to awaken youth to the moral and ethical virtues that build a fundamental strength of character; and

Board of Education Meeting
October 4, 2005

WHEREAS although character development is, first and foremost, an obligation of families, the efforts of faith communities, schools, and youth, civic and human service organizations also play a very significant role in supporting family efforts by fostering and promoting good character; and

WHEREAS the common core of personal and social values, including trustworthiness, respect, responsibility, fairness, caring, citizenship, civic virtue, honesty, and personal responsibility, should be emphasized consistently and comprehensively in all curricula and instructional activities;

THEREFORE BE IT RESOLVED that the Board of Education of the San Bernardino City Unified School District joins the California State Board of Education in recognizing October 2005, as Character Education Month and encourages all our schools to help ensure that the development of strong moral character and the promotion of responsible, ethical, civic-minded behavior are thoroughly integrated into each school's curriculum and program of instruction.

2.3 The California Live Within Our Means Act – Proposition 76
(Prepared by Superintendent)

WHEREAS California's 6 million students deserve high-quality schools with well-trained educators, small class sizes, quality instructional materials, up-to-date textbooks, and dynamic parental support; and

WHEREAS The California Live Within Our Means Act (Proposition 76) would upset the balance of power between the governor and the legislature by giving the governor the power to both create and declare a fiscal emergency and then to take unilateral budget actions; and

WHEREAS these actions give the governor the ability to cut mid-year budgets at his discretion, which violates the constitutional priority given to K-12 by the voters of California and places K-12 funding at the mercy of the politics of the moment; and

WHEREAS Proposition 76 would also eliminate basic provisions and guarantees as provided by voters when they passed Proposition 98, including making the 2004-05 reductions to school funding permanent rather than temporary, and eliminating the requirement to restore any reductions to the funding guarantee; and

WHEREAS Proposition 76 would seriously undermine the continuity and quality of instructional programs by exposing schools to unstable funding and the constant threat of mid-year cuts, making it impossible to plan and budget for ongoing spending commitments because of the possibility of spending increases in one year and reductions the next year; and

Board of Education Meeting
October 4, 2005

WHEREAS Proposition 76 would severely impact the funding base for schools—resulting in as much as \$4 billion (\$600 per student) per year below the minimum funding base required by current law; and

WHEREAS if Proposition 76 is approved, California would continue its downward spiral from ranking in the top 10 in per pupil funding to one of the lowest states in the nation (a recent “Quality Counts 2005” report by Education Week ranks California 44th in the nation); and

WHEREAS California schools have already suffered \$9.8 billion in cuts and deferrals in the last several years resulting in school closures, increases in class size, layoffs of teachers and support staff, and a shameful shortage of librarians, counselors, nurses, custodians, and groundskeepers throughout the state; and

WHEREAS Proposition 76 breaks several promises made by Governor Schwarzenegger and the legislature to repay and restore minimum Proposition 98 base funding and settle-up funds; and

WHEREAS The California Live Within Our Means Act (Proposition 76) is unsound public policy, and unfairly punishes schools and students and undermines the education funding protections voters say they want;

THEREFORE, BE IT RESOLVED that the San Bernardino City Unified School District Board of Education strongly opposes Proposition 76 on the November 8 special election ballot.

4.0 *Administrative Reports*

4.1 Workers' Compensation Self-Insurer's Annual Report (Prepared by Employee Relations Department)

The District operates a self-insured and self-administered Workers' Compensation Program. The cost of Workers' Compensation benefits is paid directly from District funds. The District has employed state certified claims examiners and other employees to process Workers' Compensation claims and assist injured employees.

The District will file its Public Self-Insurer's Annual Report for the fiscal year ending June 30, 2005, with the California State Department of Industrial Relations. The California Labor Code, Section 3702.6(b), reads as follows:

“Each public self-insurer shall advise its governing board within 90 days after submission of the self-insurer's annual report of the total liabilities reported and whether current funding of those Workers' Compensation liabilities is in compliance with the requirements of Government Accounting Standards Board Publication No. 10.”

The annual report estimated the District's future liabilities for Workers' Compensation at \$5,514,194.00, which is \$201,923.00 more than the estimate of future liabilities at the close of the 2003-2004 fiscal year. The majority of this increase is attributed to future medical liabilities; increased utilization review per new workers' compensation legislation, and total temporary disability rate increase.

The Public Self-Insurer's Annual Report contains statistical information that is helpful in monitoring the performance of the District's Workers' Compensation Program. For the past eight years, both benefits costs and the number of employees have been increasing and decreasing. The individual employees listed on Form DE-6 for the year ending June 30, 2005, determine the number of employees.

The following data compare the District's Workers' Compensation activity for each of the past eight fiscal years:
