SESSION SIX - Administrative Reports

6.0 *Administrative Reports*

6.1 Adoption of Coordinated School Health and Wellness Policy (Second Reading) (Prepared by the Student Services Division)

The Federal Child Nutrition and Women, Infants and Children Reauthorization Act of 2004 requires each school board in districts participating in the National School Lunch Program or Child Nutrition Act of 1966 to adopt and implement a districtwide school wellness policy beginning with the 2006-07 school year.

Coordinated School Health and Wellness Policy

The Governing Board recognizes the link between student health and academic success, and believes that a Coordinated School Health and Wellness Program will foster the knowledge, skills, and behaviors that individuals will need to lead healthy, productive lives. Therefore, to ensure a high quality of life, an efficient use of internal and external resources, and an effective program of interconnected experiences, the Superintendent or Designee will address the health and wellness of the students, staff, and community members of the San Bernardino City Unified School District by using a Coordinated School Health Program model to promote healthy eating, physical activity, and comprehensive nutrition and health education for District students. The eight components of a coordinated school health program include:

- Comprehensive School Health Education
- Physical Education
- Parent/Community Involvement
- Healthful School Environment
- Health Services
- Counseling, Psychological and Social Services
- Nutrition Services
- Health Promotion for Staff

The WIC Reauthorization Act of 2004, Senate Bills 677 and 12, California Education Codes and California Department of Education Framework for Health and Physical Education have been used to develop administrative procedures for the implementation of this policy. The four goals of this policy, as recommended by the California Department of Education are:

1. The support of high-quality instructional programs in health education and physical education that provide students with the skills, knowledge, and confidence to develop and maintain active, healthy lifestyles.
2. The implementation of nutrition standards for all food and beverages sold or served on campus by any group or individual that will aid in the promotion of health and the reduction of childhood obesity.

Board of Education Meeting
June 20, 2006

3. Increased student participation in school meal programs so that no child goes hungry.
4. The creation of a school environment that supports the health of students in the school and community environments.

To help oversee, implement and evaluate this policy, a District wellness team, consisting of representatives from elementary, middle and high schools, District departments, parent groups, and community-based organizations, will be established. In addition, school site wellness teams will be established to implement and integrate the wellness efforts of their school and to communicate their progress to the District wellness team.

6.2 Free and Reduced Price Meals Policy (Second Reading)
(Prepared by Facilities/Operations Division)

It is recommended that the following revisions to Policy No. 3100 for Free and Reduced Price Meals be made to incorporate the changes in federal policy and to reflect current procedures for Nutrition Services:

Free and Reduced Price Meals

The Governing Board recognizes that adequate nutrition is essential to child development and learning and that some families may be unable to provide breakfast and lunch for their children. In accordance with current Education Code, the San Bernardino City Unified School District shall provide free and reduced price meals for students whose families meet federal eligibility criteria.

The Superintendent or designee shall develop a plan which ensures that eligible students are not treated differently from other students or easily identified by their peers.

The Board further authorizes the Superintendent or designee to use individual records pertaining to student participation in any free and reduced price meal program solely for the purpose of desegregation of academic achievement data.

The San Bernardino City Unified School District has entered into agreement to participate in the National School Lunch and School Breakfast Programs, and/or to receive commodities donated by the United States Department of Agriculture and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction.

The School Food Authority assures the State Department of Education, School Food Service Program, or Food Nutrition Service Regional Office where applicable, that the school system will uniformly implement the following policy with respect to determine the eligibility of children for free and reduced price meals in the National School Lunch and School Breakfast Programs for schools under its jurisdiction.

Board of Education Meeting

- J. Agrees to develop and send at the beginning of each school year and whenever there is a change in eligibility criteria, to the parent or guardian of each child a letter as outlined herein, including a form on which to make application for free and reduced price meals.

Parents will be requested to complete the application and return it to the determining official (named in *I*) for review. Such applications and documentation of action taken will be maintained for three years after the end of the fiscal year to which they pertain.

Applications may be filed at any time during the year and any parent enrolling a child in a school for the first time, at any time during the year, shall be supplied with such documents.

If a child transfers from one school to another under the jurisdiction of the same School Food Authority, his/her eligibility for a free or reduced price meal will be transferred to and honored by the receiving school.

All children from a family will receive the same benefits.

Parents or guardians will be notified individually within 10 working days of acceptance or denial of their applications. Children will be served meals immediately upon the establishment of their eligibility.

- K. Agrees to establish a procedure to collect from children who pay for meals and to account for the number of free and reduced price meals served.

In order to protect the identity of the children receiving free or reduced price meals, the following meal count procedures have been implemented:

All students will be issued an I.D. number which is randomly selected by the computer. In the master file of the computer, a meal code will be assigned to all students based upon their eligibility. The meal code will not appear on the I.D. card, but will be recorded when the I.D. number is entered. The computer will then record each meal count by category.

Students not meeting eligibility requirements for free or reduced meals will pay the computer operator for the breakfast and/or lunch before school or during the meal service.

- L. Agrees to submit to the State Agency or Regional Office where applicable, any alterations or amendments to the policy including eligibility criteria, applications, public announcements, etc., for approval prior to implementation.
