SESSION FOUR - Administrative Reports

4.0 Administrative Reports

- 4.1 CLAD Update
(Prepared by Human Resources Certificated Division)

HISTORY

Teachers in California must be authorized to provide service to students classified as English Learners. This certification has taken many forms over the last 20 years, the most recent being referred to as Cross-cultural Language and Academic Development, otherwise know as CLAD. Approximately six years ago the authorization for English Learners (CLAD) was embedded into the vast majority of teacher preparation programs. Teachers who received their credentials prior to that time, did not automatically receive this authorization and, thus, have to earn the authorization as a supplement to their foundational credential.

The District has significantly decreased the number of emergency credentialed teachers over the last three years from 465 to 35. In addition, the District has increased the percentage of teachers who are deemed “Highly Qualified” from 37 percent to 94 percent. Thus, while the vast majority of the District’s teachers are fully credentialed and highly qualified, there exists a

Board of Education Meeting
August 7, 2007

significant number of teachers who still need to obtain authorization for providing service to students classified as English Learners.

The most recent Williams Case reflects 452 teachers who are in need of English Learner Authorization. While this is a decrease of approximately 10 percent from the 2005-06 school year, additional attention is needed to address this area.

RATIONALE

The District's percentage of English Learners has steadily increased over the past six years to approximately 33 percent. Given a need to provide relevant, meaningful instruction to this segment of our student population as well as the desire to have flexibility in the assignment of certificated staff members, it is necessary for teachers to obtain CLAD certification.

OBJECTIVE

In order to address the needs listed above, all teachers in the San Bernardino City Unified School District will possess the appropriate authorization to instruct students classified as English Learners no later than June 30, 2009.

ACTION PLAN

The Certificated Human Resources division has worked collaboratively with the English Learners Department as well as the San Bernardino Teachers Association to develop several strategies designed to increase the number of appropriately authorized teachers.

STRATEGY 1 – *Master Schedule*

As part of Dr. Delgado's Accelerated Student Achievement Plan (ASAP), the primary evaluators are required to review and approve the master schedule of each school. As this process occurs, the assignment of appropriately authorized teachers (approximately 1,700 teachers possess this certification) for English Learner students is an ongoing point of discussion. It is estimated that this strategy will reduce the number of mis-assignments by approximately 150.

STRATEGY 2 – *Attrition*

While it is not necessarily an advantage to lose veteran teachers, as teachers who do not hold the appropriate authorization retire, attrition assists in this particular area in that newly hired teachers possess English Learner certification. It is estimated that this strategy will reduce the number of mis-assignments by approximately 50.

STRATEGY 3 – *Professional Development/Certification Attainment*

The district will take the following steps to ensure that all teachers obtain CLAD authorization (or the equivalent):

- 1) Any teacher who does not currently possess EL authorization will receive a letter that identifies the requirement to attain certification, the deadline by which the certification must be gathered, and the options (SB2913, CLAD courses, CTEL examination, etc.) that may be used to obtain certification.
- 2) Follow-up regional meetings will be held to review the requirements and answer questions regarding the available options.
- 3) SB2913 training will be held at each high school during the first semester of the school year, a capacity of approximately 250 teachers.
- 4) Attainment of CLAD authorization will be monitored quarterly and appropriate follow-up correspondence will be sent out.

CONCLUSION

Reports on the progress of the “CLAD for All” project will come to the Board through the requirements of the Williams Case each school year.
