5.1 45 Day Revision After Adoption of Governor's Budget (Prepared by Business Services Division)

Education Code Section 42127(i)(4) states that districts must incorporate any changes in the revenues and expenditures that are required under the funding provided by the Budget Act within forty-five (45) days of the Governor signing the budget.

For the San Bernardino City Unified School District, the following items are included in that revision:

Funding for the District revenue limit was budgeted at \$278,499,226. An increase of 0.68% in COLA increased the base revenue limit by \$2,027,098 and other components of the revenue limit by \$294,697 for a revised revenue limit total of \$280,821,021.

Flexibility options previously provided for under the Governor's May revise were reversed in the Governor's Adopted Budget.

AB825 transfers were originally budgeted at 20% out of the AB825 programs and are now limited to 15%. The original transfers to supplement encroachment programs were budgeted at \$5,260,428 and are now limited to \$4,297,458. This results in an increase in encroachment to the unrestricted general fund of \$962,970.

Routine Repair and Maintenance required contributions were reduced for one year from 3% to 2% of General Fund expenditures under the Governor's May revise. This option was reversed under the Governor's Adopted Budget. The original Routine Repair and Maintenance Contributions were budgeted at \$11,239,709. The reinstatement of the 3% contribution results in an increase in contributions of \$4,080,053 and a revised total contribution of \$15,361,837 to the Routine Repair and Maintenance Fund.

The unrestricted Lottery program was included in the budget at \$6,398,196. Due to a projected increase in Lottery rates and a decline in District ADA, the unrestricted Lottery program will decrease by \$161,774 for a revised budgeted revenue of \$6,236,422.

The unrestricted K-3 Class Size Reduction program was included in the budget at \$15,714,767. The Governor's Adopted Budget restored the 6.5% cut originally proposed for the program resulting in an increase of \$1,082,154 in budgeted revenues for a revised total of \$16,796,921.

Board of Education Meeting
October 21, 2008

The restricted Lottery program was included in the budget at \$1,189,747. Due to a projected increase in Lottery rates and a decline in district ADA, the Restricted Lottery program will decrease by \$185,577 for a revised budgeted revenue of \$1,004,170.

The Reserve for Designation for Economic Uncertainties is required to be maintained at 2% of the general fund expenditures and was budgeted at \$10,200,000. The restoration of costs due to the rescission of the Flexibility options resulted in an increase to the required 2% reserve of \$152,200 for a revised total of \$10,352,200.

Under the Governor's May revise, the State Categorical programs were budgeted with a 6.5% reduction in funding from 2007-2008 levels. This cut included in the 2008-2009 budgeted revenue totaled \$7,295,627. The Governor's Adopted Budget restored these cuts to the respective categorical programs. Currently, there are proposals at the state level to restore the cuts to the categorical programs as 2008-2009 mid-year cuts. For that reason, we are recommending the cut not be restored in the 2008-2009 budget until the Governor's Proposed Budget is released in January.

BE IT RESOLVED that the Board approves the inclusion of the above revisions in the budgeting of revenues and expenditures in order to meet the 45 day revision requirements to the Governor's Adopted Budget.

BE IT FURTHER RESOLVED that the Board approves maintaining the State Categorical Programs at the current budgeted levels until the Governor's Proposed Budget confirms the 2008-2009 categorical funding.
