California Education Code Section 60119 specifies that the governing boards of school districts are subject to the requirements of Education Code Section 60119 (as revised by Chapter 118, Statutes of 2005 and CCR, Title 5, Section 9531) in order to receive instructional materials funds. The governing board of each district and county office of education is required to hold an annual public hearing and adopt a resolution stating whether each pupil in the district has sufficient textbooks or instructional materials in specified subjects that are aligned to the academic content standards and consistent with the content and cycles of the curriculum frameworks adopted by the state board.

The adoption of designated textbooks for each course Districtwide is an essential part of the development of an articulated, sequential, and standardized curriculum in each subject. The San Bernardino City Unified School District has an ongoing procedure whereby textbooks are continually reviewed and updated by committees that are representative of the school community. Books are reviewed for content and their match with District and State frameworks.
