### **5.0 Administrative Reports**

#### 5.1 Targeted Instructional Improvement Plan – Hispanic English Only Students – Approval to Add Board Policy 6012.5 Instruction (Second Reading) (Prepared by Curriculum/Instruction & Accountability and Research Division)

In order to address the academic needs of the Hispanic English only students who have been identified as not meeting, or most at risk of not meeting the State’s academic achievement standards, the San Bernardino City Unified School District will provide targeted services designed to increase the number of targeted Hispanic students who meet the academic achievement of proficient and advanced, as established by our State.

Board of Education Meeting  
October 19, 2010

In alignment with No Child Left Behind performance goals, the District's Local Education Agency Plan, the Blueprint for Success, the District Approved Intervention Plan (DAIT LEA) Addendum, and the Curriculum/Instruction & Accountability Strategic Plan, the performance goals for targeted Hispanic students will be identified in the following policy.

#### Instruction

##### Targeted Instructional Improvement Plan –Hispanic English only Students

The academic needs of Hispanic students have been a large part of the educational community's dialogue for well over 50 years. Most of that discussion has centered around the need for funding, strategies, methodologies, and personnel for helping Hispanic students whose primary language was Spanish, or who needed help to transition to an all English delivery of instruction.

As demographics have continued to change, we now recognize the need to expand our outreach to Hispanic students who enter our educational system with a command of the English language, but who may still struggle with keeping pace with other students due to cultural differences or other variables for which targeted programs and services can be provided. There is a growing population of Hispanic English only (targeted) students entering the district and all students are served when goals for this population are identified and concentrated efforts are established to ensure their success.

In order to address the academic needs of Hispanic English only students who have been identified as not meeting, or most at risk of not meeting the State's academic achievement standards, the San Bernardino City Unified School District will provide targeted services designed to increase the number of targeted Hispanic students who meet the academic achievement of proficient and advanced, as established by our State.

In alignment with No Child Left Behind (NCLB) performance goals, the District's Local Education Agency Plan, the Blueprint for Success, the District Approved Intervention Plan (DAIT LEA) Addendum, and the Curriculum Instruction Accountability (CIA) Strategic Plan, the performance goals for targeted Hispanic students, at a minimum, attain proficiency or better in reading and mathematics.

#### Measurable Outcomes

1. Increase the percentage of the targeted Hispanic students who achieve proficient or advanced in reading and mathematics.
2. Increase the high school graduation rates of the targeted Hispanic students.
3. Increase the four-year college-going rate of targeted Hispanic students.

4. Build the capacity of teaching, administrative and support staff through professional development offered by the District or other ongoing agencies, related to improving instruction for targeted Hispanic students. Culturally responsive staff development will be sustained, ongoing, and integrated with other staff development efforts.
5. Reduce the number of suspensions, expulsions, and discipline referrals of targeted Hispanic students.

#### Parent/Guardian Involvement

Parents/Guardians of targeted Hispanic students will be engaged as partners in the educational process in order to have an understanding of the educational system, and share the responsibility for high academic achievement per the district's Parent Involvement Policy.

Targeted Hispanic students will have access to a comprehensive array of school linked services and alternative programs to support students and address barriers to learning including attendance and behavior.

#### Professional Development

Professional Development will focus on content knowledge, lesson delivery, the use of assessments to drive instruction, differentiation - as it pertains to culture and academics, rigor, and research based practices designed to increase student achievement.

#### Funding

Existing funds, Title I, Title II, and TIIG are all appropriate sources of revenue to support the achievement of targeted Hispanic students. Sites with multiple funding designated to improve instruction and services for targeted Hispanic students will coordinate and integrate services through the Single Plan for Student Achievement and the School Instructional Improvement Plan.

#### Evaluation and Accountability

Process to monitor, evaluate, and determine program effectiveness and student achievement will accompany all targeted instructional approaches and programs. All student data will be disaggregated and measured by State mandated assessments. Student graduation rate increases will be measured by the percentage of students who graduate from high school with a regular diploma. College going rates will be measured by the percentage of students who enroll in community and four-year colleges and universities. An annual report will provide suspension/expulsion information.

Board of Education Meeting  
October 19, 2010

Professional development will be measured by the percentage of teachers, administrators, and paraprofessionals participating in high-quality professional development, as evidenced by Professional Development Accounting Systems, administrative walk-through observations, student performance and formal evaluations.

#### District Accountability

The No Child Left Behind (NCLB) performance goals, the District's Local Education Agency Plan, the Blueprint for Success, District Approved Intervention Plan (DAIT LEA) Addendum, the CIA Strategic Plan, and the performance goals of the Targeted Instructional Improvement Plan for targeted Hispanic students, require a system of continual evaluation and program modification to establish continual instructional improvement. Therefore, the District will on an annual basis, analyze the data, as it pertains to the Measurable Outcomes, to evaluate program effectiveness, to review student progress, and to establish academic targets for continuous improvement.

#### 5.2 School Improvement Grant Update (Prepared by the Deputy Superintendent's Office)

Dr. Judy D. White, Deputy Superintendent, and Jim Dilday, CIA Administrator, will be available to provide an update on the School Improvement Grant.

#### 5.3 Quarterly Uniform Complaint Report Summary (Prepared by the Employee Relations/Human Resources-Classified Division)

Pursuant to legislation passed as a result of the Williams Case and Valenzuela Settlement Agreements, districts must report summarized data on the nature and resolution of all complaints on a quarterly basis to the governing board, at a regularly scheduled board meeting. The following is the quarterly report for the period from July to September 2010, pursuant to Section 4686(b) of Title 5, Division 1, Chapter 5.1, Subchapter 1, Article 8 of the California Code of Regulations.

9.9 Federal/State/Local District Budgets and Revisions  
(Prepared by Business Services Division)

Throughout the year, the District is advised by federal, state, and local agencies of program entitlements and any additions and/or reductions in funds available for already-approved programs. The following programs requested by the Board of Education affect the restricted and unrestricted portions in the budgets of the District funds. In order to adjust the program budgets, it is necessary to have Board of Education approval.

The restricted program, Science Technology Engineering & Mathematics (STEM) grant (221) for Pacific High School was included in the Fiscal Year 2010-2011 approved budget in the amount of \$16,791.59. Based on the award notification received on September 13, 2010, from the San Bernardino County Superintendent of Schools, an increase of \$10,000.00 will result in a revised total of \$26,791.59.

The restricted program, Culinary Organic Recyclable Environment (C.O.R.E.) Academy (493), was not included in the Fiscal Year 2010-2011 approved budget. 9.13 Reimbursement of Western Association of Schools and Colleges (WASC)  
Visiting Committee Expenditures  
(Prepared by the Curriculum/Instruction & Accountability and Research Division)

The Western Association of Schools and Colleges (WASC) is the accrediting body for our high schools. Through an accreditation, schools conduct a self-study of their program and then a WASC visiting committee of educators from outside of the District comes to verify the school's findings to make additional recommendations. In the past, WASC has charged the District a set fee for each visiting team member. After the visitation was completed, each visiting team member would submit to WASC their expenses for reimbursement. Effective July 1, 2008, WASC has changed its reimbursement procedures and will now require each District to reimburse the WASC visiting committee members for the expenses they incur during their visit.

San Bernardino City Unified School District has two high schools scheduled for WASC visitations, San Bernardino and Pacific. San Bernardino High School will have a full three-day visitation, October 25-27, 2010, with a seven-member visiting committee. Pacific High School will have a one-day follow-up meeting with approximately three visiting committee members in the Spring 2011. The number of visiting committee members assigned to each high school is determined by the school's enrollment.

Expenditures that need to be reimbursed are: two pre-visits by the visiting committee chairperson (mileage and meals); the four-day, three-night stay by the team visiting SBHS (transportation, meals, and lodging); Pacific's team who will have a one-day, one-night visit by the entire team (transportation, meals, and lodging). The District rates for mileage and meals will apply. We anticipate that the visit for both schools will not exceed \$11,000.00 (San Bernardino High School: \$6,500.00; Pacific: \$4,500.00) to be charged to Accreditation Account No. 195.

It is recommended that the following resolution be adopted:

BE IT RESOLVED that the Board of Education approves reimbursement to the WASC visiting committee members, who are not District employees, the amount not to exceed \$11,000.00, charged to Accreditation Account No. 195:

San Bernardino High School: \$6,500.00  
Pacific High School: \$4,500.00

(Prepared by Superintendent)

Members of the Board of Education have the option of having Internet access. On March 3, 2004, the Board of Education approved entering into an agreement with Verizon Internet Solutions to provide DSL Internet access, effective November 13, 2003. Due to a price increase, the Superintendent is requesting Board of Education approval to amend the agreement for a new not-to-exceed amount of \$60.00 per month.

It is recommended that the following resolution be adopted:

BE IT RESOLVED that the Board of Education ratifies amending an agreement with Verizon Internet Solutions to provide DSL Internet Access to each Board member if requested, effective September 13, 2010. The cost, not to exceed \$60.00 per month, per Board member, will be paid from Board of Education Account No. 066.

BE IT FURTHER RESOLVED that Mohammad Z. Islam, Chief Business and Financial Officer, or his designee be authorized to sign the appropriate documents on behalf of the Board of Education.
