

CONCRETE PRODUCTION WORKER

ABOUT JENSEN PRECAST

A position at Jensen Precast isn't your ordinary job. You'll work in an exciting and diverse environment and meet interesting people. We offer serious job opportunities to those who are looking to build a career in a stable and growing environment.

Founded in 1968, Jensen Precast has grown to be one of the largest independently owned precast concrete manufacturing companies in the United States. We design and manufacture standard and custom precast concrete products to meet small to large-scale infrastructure demands. Proudly made in the USA, Jensen Precast products are used in electric, gas and water utilities, telecommunications, highway construction, retaining walls, stormwater detention and infiltration, rainwater harvesting, onsite wastewater, sewage applications, agriculture, landscaping, and more.

Come join the Jensen Precast team and start building for your future now! To learn more about Jensen Precast, visit www.jensenprecast.com.

Why make Jensen Precast your career choice?

- The culture - everybody matters!
- Jensen Precast pays a competitive wage with annual pay increases.
- We offer a comprehensive and affordable health plan including medical, dental, vision, life and disability insurance for you and your family.
- Also, there's a healthy 401(k) match to boost your long-term savings.
