- KEC – 2<sup>nd</sup> reading

Next Policy Meeting

- GBAA/JBAA (to rescind after ACAC adoption)
- ACAC
- AC

EBCG - Communicable & Infectious Diseases - A Recommended Policy:

This policy is intended to address response to a broad class of communicable diseases. This policy appears to be broad with procedures for a student or employee when communicable disease is suspected. This policy will overlap policies JLCAA/GBGAA/IHAMC which only addresses HIV/AIDS.

This policy would overlap sample EBCF which is more specific to larger scale pandemic/epidemic emergencies.

Status across districts of referenced policies:

	Brookline	Hollis	Coop
JLCAA - HIV/AIDS: Overview including general principles, evaluation of student/staff, confidentiality. testing, control of infection, and health education; <b>This document contains more legal references than policy GBGAA; duplicate of GBGAA.</b>	No	No	Yes
GBGAA - HIV/AIDS Policy - <b>Duplicate of JLCAA</b> Preamble, general principles,	No	Yes	No
IHAMC - HIV/AIDS - Health Education; implementation of a program; <b>this is duplicated in both JLCAA and GBGAA</b>	No	Yes	Yes
EBCF - Specific to larger scale pandemic/epidemic emergencies	No	No	No
