

CLARKSTOWN CENTRAL SCHOOL DISTRICT
Health Services

Date _____

Dear Parent/Guardian:

New York State Education Law requires that all girls in grades 5 and 7 receive a school screening examination to detect possible curvature of the spine (scoliosis).

Any examination of the spine for scoliosis completed after June 1, 2022 will be acceptable toward the requirement for the school year 2022-2023.

Documentation can be submitted in the following ways:

- **As part of your child's yearly physical exam**
- **The form below**
- **A note from your doctor dated after 6/1/2022**

If documentation is not received, your child will be examined by the school nurse. You will be notified of any findings outside the norm.
