

# PYP Parent Connection!

Inquiry into your child's classroom!

## Link Students Take ACTION!

Many people think that action is easy to define. It is something you do, right? However, action is more than that. It is a part of who we are! Change may be hard. How do we make changes in the way that we think so we can help the world?

## A Student Action (Definition)

A student action is initiated by the student as an extension of an inquiry, which has a social impact on both in and outside the school community. A student action does NOT mean collecting items for a cause, but to enhance your view of the world around you.

Action	Description
Direct	Person to person / Environment
Indirect	Person to community
Advocacy	Creating an awareness
Research	Learning in action / Action in learning

Student actions are not all about collections...

## School Happenings!

### PYP Monthly Assembly!

January 22, 2019

Our students were the main focus on this month's PYP Assembly on **Student Actions**. Since the summer, many of our students have completed student actions that help to change and benefit our community. From Breast Cancer Awareness walks, collection used coats, to making students aware of animal cruelty, it was wonderful to see so many students giving back!

To continue a school-wide student action, the Student Council introduced the student body to the **Math-a-Thon** to raise money for students battling cancer or illnesses.
