						Psychology	Comm Apps
						Sociology	Health

Initial Credit (In-Person)-(NCAA Approved) Taking course for first time NOTE: Students taking a core course must take the next course in sequence during the following school year. Students must complete all coursework within the session in which course is offered.

Recovery Credit (In Person)-(NCAA Approved) Already attempted course and did not earn credit (ATTN Student Athletes:) NOTE: Student must complete the course in its entirety. Students must complete all coursework within the session in which course is offered.

Credit Recovery (In Person Computer-based)-(Not NCAA Approved) Already attempted course and did not earn credit NOTE: Computer base course provides a pre-assessment to allow students to skip lessons when mastery is shown. Students should complete this course in 6 days or less. All online via Edgenuity will have a CCISD teacher available to support student learning during summer school hours. Students must complete all coursework within the session in which the course is offered. Students may take additional classes if time permits. It is the responsibility of the student/parent to contact the Summer School Counselor to add any additional course upon completion. Student athletes: Computer-based Edgenuity credit recovery will not fulfill eligibility requirements for NCAA. Students are not eligible to repeat previously failed credit recovery courses. (Computer-base courses are not conducive for modifications, and certain accommodations. These factors should be carefully considered if a student requires curriculum modifications and/or instructional accommodations.)
