When Your Money Line helped me figure out how to wisely handle my year-end bonus and tax refund. In the past, I would just spend it. This year, I will finally build a full, 3-month emergency fund and pay off my last outstanding credit card balance. I'm genuinely excited to finally be able to start focusing on my financial future.

Your Money Line helped me through the intimidating process of buying a car. Their financial guidance around buying a car last month was extremely helpful. I used all of the pointers they gave me and am extremely happy with my purchase. From now on, I'm always going to check with Your Money line before I make any big financial decisions or whenever any questions pop up.

Your Money Line was the best thing that happened to me after my family's primary income earner passed away. I had to focus on my bills during that incredibly difficult time, and they connected me to community resources to get by and plan for the future.

How to Create an Account on the Your Money Line Dashboard

Welcome to Your Money Line! Your organization has invested in your financial wellness journey, and we can't wait to serve you! Here are 3 quick steps to create your account on our platform.

Step 1

Follow your organization's unique registration link to create your account: yourmoneyline.com/COMPANYURLHERE

Step 2

After completing the registration form, click the log-in button to access the dashboard homepage and begin your Stability Assessment.

Step 3

The Stability Assessment is a 5-minute measurement of your current financial health. Complete it to finish your account enrollment.

And that's it! Based on your assessment results, you will receive your Stability Index score and move into one of three distinct study groups to better customize the dashboard for your financial journey.

From here, you have full access. Explore hours of courses, articles and tools, and don't forget to reach out to our Financial Guides! We can't wait to help you take those next steps on your personal financial journey.
