2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

SCHOOL PROFILE

Arcade Fundamental Middle School is one of nine (9) middle schools in the San Juan Unified School District. Arcade is a fundamental school of choice. There are no attendance boundaries for Arcade, so families must go through the Open Enrollment process in order for their student to attend. Parents choose to enroll their students at Arcade to provide them access to a strong academic foundation in a structured environment, with a family focus and a twenty-first century philosophy.

Arcade's curriculum is aligned with California Content Standards and Common Core State Standards (CCSS). Effective written and oral communication has been a focus in all classrooms as a means to prepare all students for college, career, and citizenship. Arcade holds high expectations for their students and provides the support necessary for them to achieve academic success. There is a strong emphasis on writing across the curriculum and project-based learning.

The following are integral components of Arcade:

- All students participate in a flexible class period called GO Period ("Growth and Opportunity"). GO Period allows teachers to better meet the needs of students, providing both extension and enrichment activities. Students can also be placed into GO Periods with counselors or our full-time social worker for additional social and emotional supports. All Arcade students benefit from Character Strong curriculum, a social-emotional curriculum, which is implemented weekly during GO Period.
- Arcade provides STEAM education that includes robotics, programming, vocal and instrumental music, as well as visual arts. All Arcade students, regardless of their elective class, participate in our yearly STEAM Day and may attend STEAM Family Night.

MISSION STATEMENT

Building on a foundation of academic excellence, strong personal character, and community, the mission of the Arcade Fundamental Middle School family is to ensure a quality education that prepares each student to lead throughout life by cultivating creativity, critical thinking, and communication skills through rigorous, innovative instruction in a safe, engaging, and dynamic environment.

2021-22 School Overview

Vision

Arcade Fundamental Middle School is dedicated to providing a quality educational environment where all members of our community are encouraged to pursue academic and personal excellence as they strive to become lifelong learners and responsible world citizens in the twenty-first century.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Juan Unified held a public hearing on September 28, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements

Modernization at Arcade Middle High School was completed in 2000. Major renovation of student restrooms was completed in 2010. The outside of campus and quad areas were significantly renovated in the summer of 2013. The scope included ADA (Americans with Disabilities Act), new ceramic wall tile, new epoxy floors, new toilet partitions and accessories, new plumbing fixtures, new paint, new glazing and other miscellaneous work. Currently, there are enough classrooms to house the student population. All classrooms have fire and intrusion monitoring and alarm systems, telephones and an internet connection. There is site custodial staff that clean the buildings. The district provides landscape maintenance and support to keep all the school systems functioning. The school is concerned about the condition of the play fields, the lack of space to increase program offerings, traffic congestion during student drop-off and pick-up, and the adequacy of storage space for equipment and supplies. A site-wide landscape and irrigation project was completed winter 2013 using Measure J funds.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent participation and support are critical to the success of students at Arcade.

Parents may volunteer to support various activities, both curricular and extra-curricular. Many parents are active at Arcade by supervising dances and other student activities on and off campus and chaperoning day-long field trips.

Parents have given significant financial support to Arcade through PTO fund-raisers, including these:

1. Providing school supplies for students and teachers
2. Coordinated Awards Program
3. Sending teachers to conferences
4. Assemblies for students

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office 971-7300 or email Monica Biggs, the school secretary at monica.biggs@sanjuan.edu

2020-21 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.06	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriffs Department & Citrus Heights Police Department. San Juan Unified maintains contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as well as in response to critical incidents and threats. .

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
