

“Only Two Forms of ID Will Do To Purchase Alcohol”

This innovative program supports the goal of reducing the amount of underage drinking that is taking place in Rockland County.

Teams of high school students and police officers visit local retail vendors asking for their voluntary participation in the program by requesting 2 forms of identification from customers who appear to be 30 years old or younger.

By prominently displaying **“Only Two Will Do”** signs and stickers in their stores, retailers are sending a strong community message that they share the responsibility of preventing the illegal sale of alcohol.

Included in this initiative is a youth art contest to create the signs and stickers to be displayed in the retail establishments as well as a community-wide media campaign. This campaign is about raising awareness of the serious problem of underage drinking and to promote positive, healthy choices.
