

STUDENT REPRESENTATIVES TO THE BOARD OF DIRECTORS

The Board of Directors, realizing the goal of the public school is to educate students, seeks the input and experience of students in the North Kitsap School District. Therefore, the Board of Directors has created non-voting, advisory board positions for two student representatives enrolled in the North Kitsap School District; one representative will be from Kingston High School and the other representative will be from North Kitsap High School. The role of the student advisors will be to:

1. Provide student insight and perspective to the Board of Directors and district administration;
2. Serve as a liaison to the students of Kingston High School and North Kitsap High School through the established student government and communications networks; and
3. Report to students about the work of the school district and the Board of Directors.

The student representatives will be bound by all applicable rules and regulations pertaining to the elected board members. The student representatives will participate in board discussions, but will not have the right to make motions, vote, hold board offices, or attend Executive Sessions.
