

NOTICE TO LOCAL NON-PUBLIC SCHOOLS REGARDING ESSA FEDERAL PROGRAMS

Updated and Posted Online 4/15/2023

In compliance with the Elementary and Secondary Education Act, as re-authorized in 2015 as the Every Student Succeeds Act (ESSA), notice is hereby provided to all local non-public schools that the Boulder Valley School District (BVSD) intends to apply for federal funding for the 2020-2021 school year from the Colorado Department of Education under the Consolidated Federal Programs: Titles I-A, II-A, III-A, IV-A, Title VII, and possibly III-SA and IV-B of ESSA. In addition, BVSD may, during any year, apply for certain other federally-funded grants authorized by ESSA, such as 21st Century Learning Centers, Title X McKinney-Vento Homeless Student Services, Title I school improvement grants, emergency Project Serv funding, and others.

Local non-public schools may be eligible to participate in services and/or activities that BVSD funds under ESSA federal grants, under the supervision of BVSD's administration. The law does not permit any direct funding to private schools from these grants. To participate in BVSD's federally-funded programs in 2023-2024, a non-public school must first:

- Be located within Boulder Valley School District's geographic service area;
- Serve children in any or all grades from kindergarten through 12th grade (preschools not eligible);
- Be a nonprofit organization that is recognized as such by the US Internal Revenue Service;
- Meet legal requirements for Colorado non-public schools, and be in compliance with applicable federal and state laws;
- Present verifiable data on the name, age, residence address, grade level, and total number of children enrolled in the school as of October 31, 2022 (i.e. the current year pupil count);
- Attend a consultation with BVSD's Office of Grants & Federal Programs.

Additional disclosures may attach to participation in different federal programs, as may be required establish the need, basis, and development of a plan for services. Schools participating will be required to provide regular documentation and reports throughout the service period. Information about services provided to the non-public school by the school district will be made available to parents of students in the school and the public.

BVSD's annual Consultation for Non-Public Schools regarding ESSA Federal Programs will be held online, via the GoogleMeet virtual system, the week of May 22-26, 2023. Schools must register to participate by Friday, May 5th, 2023, submitting all required materials on or before that date. [Link here for a packet of information regarding BVSD Federal Programs, including an RSVP to register for a consultation, and other forms required to take part.](#) Please review the packet completely before submitting an RSVP or contacting the district with questions.
