

**EDUCATION OF STUDENTS WITH DISABILITIES
UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973**

It is the responsibility of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 (Section 504) are identified, evaluated, and provided with appropriate educational services. Students may be a qualified disabled person under this law even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act.

Section 504 Rehabilitation Act of 1973 is a civil rights law which protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. A child is a “qualified person” under Section 504 if he or she:

- A. Has a physical or mental impairment that substantially limits one or more major life activities (such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, reading, concentrating, thinking, communicating and working), has a record of such an impairment, or is regarded as having such an impairment; and
- B. Is between the ages of 3 to 21 years old.

The superintendent or designee will establish procedures to ensure that students who are disabled within the definition of Section 504 are educated in full compliance with the law.
