Recognition of Seal of Biliteracy Award

The Seal of Biliteracy seeks to encourage students to study languages by certifying attainment of biliteracy that recognizes that an individual has attained a certain level of proficiency in two or more languages. Evidence of biliteracy provides employers with a method of identifying people with language and biliteracy skills.

Additionally, universities incorporate this recognition to award academic credit to applicants seeking admission. Language proficiency strengthens inter-group relationships, affirms the value of diversity, and honors the multiple cultures and language of a community.

We are proud of the Middletown students who achieved the Seal of Biliteracy and the teachers and administrators who facilitated and supported the initiative.
