## PROPERTY

### COMMUNITY USE OF SCHOOL FACILITIES

The Board believes that the facilities of this District should be made available for community purposes, provided that such use is not inconsistent with the use of buildings and grounds for school purposes and does not interfere with the regular conduct of schoolwork.

The District will permit the use of District facilities by any organization when such permission has been requested in writing and has been approved by the school principal or supervisor.

Use of facilities shall not be granted in such a manner as to permanently institutionalize or constitute a monopoly for the benefit of any person or organization or to further any program the purpose of which is to overthrow the government of the United States or any state by force, violence, or other unlawful means, or for private social functions, or any purpose which is prohibited by law. Facility use will not be granted for any activity or function that involves the sale or consumption of alcohol or any form of gaming. For the purpose of this policy, gaming does not include raffles held by schools or school organizations. Raffles held by these organizations are permitted as long as they are held in compliance with Nevada Revised Statutes and school district regulations.

The District shall cooperate with agencies requesting FEMA eligible emergency use of its facilities. The fee for such use shall be \$2000/day/facility and be consistent with those of other local governmental agencies for the use of their facilities. This policy shall be reviewed periodically to ensure that fees are comparable to those being charged by other local government agencies. All other fee schedules are contained in the Administrative Regulation supporting this policy.

The Superintendent shall develop procedures and conditions for the granting of permission to use District facilities and shall make available regulations for such use, which shall be attached to the use of facilities agreement form.

[See Administrative Regulation related to this Policy](#)
