Douglas County School District**

PROPERTY

LOAN OF SCHOOL DISTRICT VEHICLES

School District vehicles may be loaned to other agencies or organizations that qualify under requirements of state statute and are covered by the necessary insurance for an amount equal to or greater than School District coverage, and have submitted certification of such coverage to the District. Drivers of loaned District vehicles must have qualifications at least equal to the qualifications required by District employees to operate the loaned vehicle. In the event that a District employee is required to operate the vehicle for the other agency, the cost of the driver's wages, gasoline, and oil must be borne by the agency or organization borrowing the vehicle.
