

**Board of Trustees
Douglas County School District**

PROGRAM

Animals on District Property *

Douglas County School District is dedicated first and foremost to protecting the health and well-being of our community. Animals can be unpredictable in ways that can cause injury to students and staff. The District recognizes that there can be educational value in observing the behavior of animals. For this reason, any animal is personal property and requires prior approval by the building principal before being allowed on district property. To request approval when *educational purposes* warrant the arrangement, contact the site administrator.

*For Service Animals refer to Board Policy and Administrative Regulation 207A.
