COMMUNITY

RELATIONS WITH SPECIAL INTEREST GROUPS

Any requests from civic institutions or special interest groups that involve such activities as patriotic functions, contests, exhibits, sales of products by students, sending promotional materials home with students, graduation prizes, and free teaching materials must be carefully reviewed to ensure that on balance such activities promote student interests without advancing the special interests of any particular group.

No outside agency or organization, public or private, shall have access to the students, employees, or facilities of this District for the purpose of promoting the interests of any such agency or organization without the express approval of the Superintendent. Such approval, if granted, shall not be construed as an endorsement by the Superintendent of the interests of the organization.

All materials or activities proposed by an outside organization for student or employee use or participation shall be reviewed by the superintendent on the basis of their educational value, potential benefit to students, factual accuracy, and good taste.
