

# HINSDALE DISTRICT 86 TRANSITION PROGRAMS

## District 86 Transition Center- Darien Drop-off/ Pick-up Parking Lot Procedures

Student safety is a top priority at The Transition Center. These drop-off/pick-up parking lot procedures are **for vehicle drivers other than First Student**, the District bus provider. This reduces risk for all and supports compliance with the IL Vehicle State Law/Code.\*

This drop-off/pick-up parking lot procedure is in **effect during arrival and dismissal times and during the school day when school bus vehicles are loading or unloading passengers** in the Transition Center parking lot.

1. Please park on the curb side on the west side of the Transition Center to let your son/daughter exit/enter the vehicle and walk to/from the Transition Center main entry.
2. Once you have dropped off/picked-up your son/daughter from this location, please exit the parking lot through either the North or East side of the Indian Prairie Library parking lot exits.

**NOTE:** Aside from the First Student and D86 buses, **no other vehicles should be moving in the Transition Center parking lot when the First Student and D86 buses are loading or unloading passengers.**

If your son/daughter needs a staff member to escort/assist him/her to/from the family/caregiver vehicle to the Center, please talk with your case manager to arrange this request. (A family member/caregiver is responsible to support a student getting in/out of the family/caregiver vehicle.)

Thank you for cooperation with this procedure.
