Closed Session

## 2. 0 Security Grant

The Board Chair reported that the Security Grant from the US State Department for Soft Target Funding had been approved.

## 3. 0 Correspondence with parents.

The Board discussed the ongoing correspondence between a group of Association Members in relation to a call for a special general meeting. The matter is to be referred to the AISA Trustees.

## 4. 0 Security Situation in Abuja

Reports from the RSO Office and other security advisors indicate a deescalation in terms of the current security threat in Abuja, and as such it was decided that the school could offer a hybrid model to students in Abuja commencing the second week of December.

The Board discussed logistics associated with hosting classes with students located in different time zones.

Continued improvement in this area will allow for the return of teachers back into Nigeria. A virtual meeting with teachers who were outside of Abuja would be instigated to give assurances that the situation had improved. Board Member and RSO Nico Figueroa would also give an update in this meeting.

## 5.0 Security Upgrades

Further security upgrades were reported including the planned installation of additional high definition cameras including PTZ (pan, tilt and zoom) cameras.

Additionally, steps have been taken to limit AISA visibility on the internet.
