Purpose

A student who is eligible to attend district schools and is married and/or pregnant/parenting shall not be denied an educational program solely because of marriage, pregnancy, pregnancy-related disabilities, or potential or actual parenthood. [\[1\]](#)[\[2\]](#)

Authority

The Board reserves the right to require as a prerequisite for attendance in the regular classes and participation in the extracurricular program of the schools that each pregnant student present to the Superintendent or designee a licensed physician's written statement that such activity will not be injurious to the student's health nor jeopardize the student's pregnancy.

Guidelines

A pregnant/parenting student whose mental or physical condition prevents the student from attending regular classes, when such condition is certified by a licensed physician, may be assigned to an alternate educational program.

A student who has received an alternate educational program for reasons associated with the pregnancy or parenting shall be readmitted to the regular school program upon the student's request and the written statement of a licensed physician that the student is physically fit to do so.

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations for implementing this policy.
