

# Kiddies Kaleidoscope

Quality Enrichment Classes

ALL NEW! 2020 WINTER SESSION

Space is limited — sign up early!

## Kaleidoscope Robotics — Grades 3-5

### Build - Code - Program!

By entering into our "Design Lab", children will engage in robotics in a fun, hands-on way. Children will use associated, working parts from our robotics kits to construct **real, age-appropriate functional robots**. They will then implement **code** to **program** the robot they have built using *creativity, problem solving and working collaboratively* — all while having fun!

*With Robotics being the wave of the future, children who understand robotics will be at an advantage — literally able to operate the world around them!* Featuring:

**\*Meccano**

**\*MBot**

**\*Aokesi**

Chisholm Community Center

100 S. Springfield Ave, Springfield, NJ
