

SPRINGFIELD BOARD OF EDUCATION

JULY 19, 2021

REGULAR MEETING

VISION STATEMENT

Cultivating compassionate and extraordinary learners.

MISSION STATEMENT

Springfield Public Schools will challenge every student through meaningful, engaging experiences – empowering all students to flourish and contribute in an evolving world.

A Regular Meeting of the Board of Education of the Township of Springfield in the County of Union, New Jersey, was held at the Jonathan Dayton High School Auditorium First Floor on Monday, July 19, 2021 at 7:10 P.M.

President's Statement: Pursuant to the New Jersey Open Public Meetings Act, Public Law 1975, Chapter 231, the Board Secretary caused notice of the meeting to be given to the public and the press on January 4, 2021 and revised on July 15, 2021. The public comment format for this meeting is as follows – attendees wishing to comment during the public sessions will state their name and address. The President of the Board of Education will recognize the attendee at the appropriate time. All of the Board's Policies and Regulations related to public participation in board meetings shall remain in effect, including, but not limited to, the presiding officer's ability to limit each statement made by a participant to a 3-minute duration.

1. CALL TO ORDER

The meeting was called to order by Board President, Mrs. Laura Gamarekian.

Present: Mr. Anthony Delia, Mr. Marc Miller, Mr. Hector Munoz, Mrs. Meredith Murphy, Mrs. Kristy Rubin, Mrs. Paula Saha, Mr. Scott Silverstein, Mrs. Hilary Turnbull, Mrs. Laura Gamarekian

Also Present:

Mrs. Rachel Goldberg, Superintendent

Mr. Matthew Clarke, Business Administrator/Board Secretary

Mrs. Erica Scudero, Assistant Superintendent for Curriculum, Instruction & Assessment

Mrs. Dana Kelly, Director of Human Resources

Mrs. Tiffany Boehm, Director of Student Support Services

Mrs. Daniela Riccardi, Director of Technology

2. CLOSED SESSION (7:11PM)

Moved by Mr. Silverstein, seconded by Mrs. Saha, "I move to suspend the rules of the order of business of the Regular Meeting and adjourn to closed conference session for the reasons contained in the following resolution:"

RESOLUTION

"WHEREAS the Board of Education must discuss subjects concerning matters protected by Attorney/Client privilege and Superintendent Evaluation which are not appropriate subjects to be discussed in a public meeting and which are within the exemptions

permitted to be discussed and acted upon in private session pursuant to P.L. 1975 Chapter 231, it is therefore

RESOLVED that the aforesaid subjects shall be discussed in private session by this Board and the administrative staff and information pertaining thereto will be made available to the public as soon thereafter as possible and once the reasons for non-disclosure no longer exist.”

Closed Conference Items

1. Matters protected by Attorney/Client privilege
2. Personnel

3. RECOVENE TO REGULAR MEETING (7:47 PM)

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A.19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of \$17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and
2. A Business Registration Certificate (anytime prior to award).

“Business entity” means a for-profit entity that is a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The \$17,500 contract amount is not related to the Board’s bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The \$17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than \$17,500 in a school district’s fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a “public emergency” that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten

POLICY DRAFT

Springfield Board of Education

FINANCES
6360/page 2 of 2
Political Contributions

days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of \$17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of \$17,500 with a New Jersey Department of Education “Approved In-State Private School for the Disabled.” Chapter 271 also applies to in-State private special education schools, educational services under any Federally funded program, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than \$17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing may maximize the value received for each dollar spent. The Board of Education is encouraged to seek savings that may accrue to the school district by means of joint agreements for the purchase of goods or services with the governing body of any municipality or county.

For the purpose of this Policy, “cooperative pricing system” means a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own quantities and the estimated quantities submitted by the individual registered members.

For the purpose of this Policy, “cooperative purchasing system” means a cooperative pricing system, joint purchasing system, commodity resale system, county cooperative contract purchasing system, or regional cooperative pricing system which has been approved and registered subject to N.J.A.C. 5:34-7.1 et seq.

For the purpose of this Policy, “electronic data processing” means the storage, retrieval, combination, or collation of items of information by means of electronic equipment involving the translation of words, numbers, and other symbolic elements into electrical impulses or currents.

For the purpose of this Policy, “joint purchasing system” means a cooperative purchasing system in which the lead agency serves as the purchasing agent for the membership of the system with all of the duties and responsibilities attendant. The lead agency advertises for bids and awards a single contract to a vendor providing for the payment to the contractor for its own needs and for the needs of the participating registered members of the system. The only contractual relationship is between the lead agency and the vendor.

For the purpose of this Policy, “lead agency” means the contracting unit which is responsible for the management of the cooperative purchasing system.

For the purpose of this Policy, “registered members” means Boards of Education who have been approved by the Director of the New Jersey Department of Community Affairs for participation in the cooperative purchasing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services in the Department of Community Affairs are Boards of Education, the provision and performance of goods or services shall be conducted pursuant to the Public Schools Contract Law. (N.J.S.A. 18A:18A-11 et seq.)

FINANCES
6440/page 2 of 3
Cooperative Purchasing

The School Business Administrator/Board Secretary is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

In accordance with the provisions of N.J.S.A. 18A:18A-12, a cooperative or joint purchase agreement(s) shall be entered into by resolution adopted by each participating Board of Education, municipality, or county, and shall set forth the categories of goods or services to be provided or performed; the manner of advertising for bids and the awarding of contracts; the method of payment by each participating Board of Education, municipality or county, and other matters deemed necessary to carry out the purposes of the agreement. Agreements for cooperative and joint purchasing will be subject to all bidding requirements imposed by law. Purchases made through the State Treasury Department may be made without bid.

Each participant's share of expenditures for purchases under any such agreement shall be appropriated and paid in the manner set forth in the agreement and in the same manner as for other expenses of the participant.

In accordance with the provisions of N.J.S.A. 18A:18A-14.2, the Board may by contract or lease provide electronic data processing services for the Board of Education of another school district; and may undertake with such other Board, the joint operation of electronic data processing of their official records and other information relative to their official activities, services and responsibilities. The records and other information originating with any Board participating in such contract or lease may be combined, compiled, and conjoined with the records and other information of any and all participating local units for the purposes of such electronic data processing; and any provisions of law requiring such records to be kept confidential or to be retained by any Board or any officer or agency thereof shall be deemed to be isolated thereby.

A contract or lease to provide electronic data processing services shall set forth the charge for all services provided, or in the case of a joint undertaking the proportion of the cost each party thereto shall assume and specify all the details of the management of the joint undertaking, and any other matters that may be deemed necessary for insertion therein, and may be amended from time to time by the contracting parties in accordance with N.J.S.A. 18A:18A-14.3.

For the purpose of carrying into execution a contract or lease for a joint enterprise under N.J.S.A. 18A:18A-14.4, any party to such contract may act as agent for any or all parties in acquiring, by lease, purchase or otherwise, any property, facilities or services, in appointing such officers and employees as may be necessary and directing its activities, to the same extent as a Board of Education is authorized to do separately.

In the event that any controversy or dispute shall arise among the parties (except a municipality or county) to any such contract, the same shall be referred to the Executive County Superintendent of the county in which the districts are situated for determination and the determination shall be binding, subject to appeal to the Commissioner of Education pursuant to law. In the event the districts are in more than one county, the controversy or dispute shall be referred to the Executive County Superintendents of the counties for joint determination, and if they shall be unable to agree upon a joint determination within thirty days, the controversy or dispute shall be referred to the Commissioner of Education for determination.

7243 SUPERVISION OF CONSTRUCTION

The Board of Education directs that the Buildings and Grounds Supervisor be responsible for the supervision of all building construction in this school district. Supervision shall include field inspection of the construction contractor's operations, administrative review of the activities of the architect relating to the construction, and any other construction matters relating to the interests of the school district.

The School Business Administrator/Board Secretary shall report periodically to the Board on the progress of the work of the construction contractor(s).

The Board shall not employ for pay or contract for the paid services of any person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

The Superintendent shall direct the School Business Administrator/Board Secretary or designee to act as liaison to all construction contractors for school facility and construction projects to obtain a list of the individuals who will have regular contact with students and will be employed by or working for the contractor on a school district project that will be undergoing a criminal history record check pursuant to the requirements of N.J.S.A. 18A:6-7.1 et seq. The liaison shall provide the list of those contracted employees to the Superintendent or designee and the Human Resources Director. The Superintendent or designee and the Human Resources Director who receive any adverse action correspondence from the New Jersey Department of Education (NJDOE) related to the criminal history record check process shall review the contracted company list in order to determine if the subject of that correspondence is either a school employee or an employee of any contract service provider and take appropriate action. No employee of a contracted service provider shall commence work at a school facility without having first obtained an approval for employment from the NJDOE. Approvals for employment of these contracted employees shall be maintained with the liaison and copies forwarded to the Superintendent's office.

7425 LEAD TESTING OF WATER IN SCHOOLS

The health, safety, and welfare of the children in the school district are of utmost importance to the Board of Education. The potential exposure to lead-contaminated drinking water poses serious health problems, particularly for children, as well as for teachers and school personnel, since the risk of lead contamination can come from pipe and plumbing fixtures in school facilities or on school grounds. The Board shall assure the availability of potable drinking water through sanitary means in school facilities or on school grounds. The Board of Education shall provide, in accordance with N.J.A.C. 6A:26-12.4, testing for lead in all district sources of drinking water.

The Board shall conduct lead sampling and analysis in all drinking water outlets to which a student or staff member has, or may have, access in each school facility, other facility, or temporary facility, as soon as practicable, but no later than July 13, 2017, unless the district qualifies for an exemption in accordance with N.J.A.C. 6A:26-12.4(j). This lead sampling and analysis shall be conducted with a lead sampling plan in accordance with N.J.A.C. 6A:26-12.4(d)1, 2, and 3, and shall be in accordance with the Safe Drinking Water Act, N.J.S.A. 58:12A-1.

The Superintendent of Schools or designee shall complete a review of the final laboratory results within seventy-two hours of receipt. Within twenty-four hours after the Superintendent or designee has completed a review of final laboratory results in accordance with the provisions of N.J.A.C. 6A:26-12.4(e), the test results shall be made publicly available at the school facility and on the Board of Education's website. If any results exceed the permissible lead action level, the Board shall provide written notification to the parents of all students attending the facility, facility staff, and the New Jersey Department of Education. This written notification shall include: a description of the measures taken by the Superintendent or designee to immediately end the use of each drinking water outlet where the water quality exceeded the permissible lead action level; any additional remedial action taken or planned by the Board of Education; the measures taken to ensure that alternate drinking water has been made available to all students and staff members; where the water outlet(s) is located; and information regarding the health effects of lead in accordance with N.J.A.C. 6A:26-12.4(e)1 and 2.

Notwithstanding the results or date of any prior testing, the Board shall continue to test drinking water outlets in the designated Statewide required testing year, which

POLICY DRAFT

Springfield Board of Education

PROPERTY

Lead Testing of Water in Schools

shall be every third school year beginning with the 2021-2022 school year and subsequently occurring in the 2024-2025 school year. By no later than June 30 of the designated Statewide required testing year, the Board shall test all drinking water outlets in accordance with N.J.A.C. 6A:26-12.4(g)1.

The Board shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet, in accordance with N.J.A.C. 6A:26-12.4(g)2.

The Board shall submit to the New Jersey Department of Education by June 30 of each year a statement of assurance, that the school district completed lead testing in accordance with N.J.A.C. 6A:26-12.4; that notifications were provided consistent with N.J.A.C. 6A:26-12.4; and that alternative drinking water continues to be made available to all students and staff, if necessary, pursuant to N.J.A.C. 6A:26-12.4(i).

The Board may apply for reimbursement for the costs of any water supply testing and analysis conducted, in accordance with N.J.A.C. 6A:26-12.4(k).

M

R 7425 LEAD TESTING OF WATER IN SCHOOLS

The Board of Education shall assure the availability of potable drinking water through sanitary means in school facilities or upon school grounds and shall test the school drinking water quality in accordance with the Safe Drinking Water Act, N.J.S.A. 58:12A-1 and the Planning and Construction Standards for School Facilities, N.J.A.C. 7:10 and N.J.A.C. 6A:26-6.

The school district shall conduct lead sampling and analysis in all drinking water outlets to which a student or staff member has, or may have, access in each school facility, other facility, or temporary facility in accordance with the provisions of N.J.A.C. 6A:26-12.4.

A. Testing of Drinking Water

1. Schedule

a. Sampling shall be conducted in accordance with a lead sampling plan, which shall include:

- (1) A plumbing survey for each facility that identifies how water enters and flows through each facility, the types of plumbing materials used in the facility, such as the service line, piping, solder, fixtures, drinking water outlets where students or staff have or may have access, and point of use treatment, such as drinking water filters;
- (2) The names and responsibilities of all individuals involved in sampling; and
- (3) The following sampling procedures:
 - (a) Samples shall be taken after water has sat undisturbed in the school pipes for at least eight hours, but no more than forty-eight hours before the sample is taken.

PROPERTY

R 7425/page 2 of 6

Lead Testing of Water in Schools

- (i) 24-hour school facilities shall collect first-draw samples at drinking water outlets following a stagnation time that would likely result in the longest standing time;
- (b) At least eight hours prior to sampling, signs shall be posted to indicate that water shall not be used and access to the buildings subject to the sampling shall be restricted to all but authorized staff members;
- (c) Existing aerators, screens, and filters shall not be replaced or removed prior to or during sampling; and
- (d) All samples shall be collected in pre-cleaned high-density polyethylene (HDPE) 250 milliliter (mL) wide-mouth single-use rigid sample containers that are properly labeled.

2. Analysis of Samples

a. Analysis of samples shall be conducted as follows:

- (1) Analysis shall be conducted by a certified laboratory to analyze for lead in drinking water;
- (2) The laboratory shall use an approved analytical method pursuant to the Federal Safe Drinking Water Act at 40 CFR 141.23(k)(1); and
- (3) Sample analysis shall be conducted in accordance with a Quality Assurance Project Plan (QAPP), which shall be signed by the Board, the certified laboratory, and the individual responsible for conducting the sampling. The QAPP shall include

PROPERTY

R 7425/page 3 of 6

Lead Testing of Water in Schools

the identification of analytical methods, chain of custody procedures, data validation and reporting processes, detection limits, reporting to three significant figures, field blanks, and quality control measures required by the certified method.

- b. The Superintendent or designee may utilize a technical guidance manual, which will be developed by the New Jersey Department of Education (NJDOE), in consultation with the Department of Environmental Protection (DEP), to assist in the school district's compliance with the sampling and analysis requirements of this Regulation.
3. Designated Statewide Required Testing
 - a. Notwithstanding the results or date of any prior testing, the Board shall continue to test drinking water outlets as provided in A.2.a. above in the designated Statewide required testing year, which shall be every third school year beginning with the 2021-2022 school year and subsequently occurring in the 2024-2025 school year:
 - (1) By no later than June 30 of the designated Statewide required testing year, the Board shall test all drinking water outlets. Sampling shall be prioritized, such that buildings and facilities that previously had outlets with results above the action level or identified in the plumbing profile as high risk for lead shall be sampled first in accordance with the sampling plan; and
 - (2) The Board shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet.

PROPERTY

R 7425/page 4 of 6

Lead Testing of Water in Schools

- b. If the Board tests drinking water outlets for lead more frequently than the three-year cycle set forth in A.3.a. above, the notification requirements set forth in B.2.b. below shall apply.
 - (1) If drinking water outlets are tested more frequently in accordance with A.3.b. above, the Board shall make the most recent results for each facility available on the Board's website.
- 4. Statement of Assurance
 - a. The Board shall submit to the NJDOE by June 30 each year a statement of assurance that lead testing was completed, that notifications were provided, and that alternate drinking water continues to be made available in accordance with N.J.A.C. 6A:26-12.4.
- 5. Exception from Testing Requirements
 - a. The Board may request an exemption from the testing requirements set forth in A.2. above if they can demonstrate that they do not use any drinking water outlets for consumption or food preparation in any of their facilities.
 - b. The Board shall submit an application to the NJDOE documenting that no drinking water outlets are used in their facilities and the provisions for an alternative source of drinking water.
 - c. If the school district receives an exemption from the NJDOE from testing, the Board shall make available for public inspection at the school facility and on the Board's website, if applicable, confirmation that the school district is exempt from testing.

PROPERTY

R 7425/page 5 of 6

Lead Testing of Water in Schools

- d. No later than June 30 of each Statewide required testing school year set forth in A.3. above, the Board shall either begin testing procedures in accordance with section A.3.a. above or reapply for an exemption under section A.5.

B. Water Testing – Laboratory Results

1. The Superintendent or designee shall complete a review of final laboratory results within seventy-two hours of receipt.
2. Within twenty-four hours after the Superintendent or designee has reviewed the final laboratory results, the Superintendent or designee shall:
 - a. Make the test results of all water samples publicly available at the school facility in accordance with section B.3. below and make the results from the most recent required Statewide testing available on the Board's website; and
 - b. If any results exceed the permissible lead action level, provide written notification to the parents of all students attending the facility, facility staff, and the Department of Education. This written notification shall be posted on the Board's website and shall include a description of the following:
 - (1) Measures taken by the Board or its designee, to immediately end use of each drinking water outlet where water quality exceeds the permissible lead action level;
 - (2) Any additional remedial actions taken or planned by the Board;
 - (3) The measures taken to ensure that alternate drinking water has been made available to all students and staff members at the school(s) where the water outlet(s) is located; and
 - (4) Information regarding the health effects of lead.

REGULATION DRAFT

Springfield Board of Education

PROPERTY

R 7425/page 6 of 6

Lead Testing of Water in Schools

3. Test results of all water samples shall remain publicly available in accordance with the timeline established by the Department of the Treasury in the Records Retention Schedule.

C. Reimbursement

1. The Board shall be eligible to be reimbursed for the water supply testing and analysis conducted pursuant to section A.3. above after July 1, 2021, as approved by the NJDOE and subject to available funds.
2. To be eligible to receive reimbursement, the Board shall complete and submit to the NJDOE a reimbursement application on a form, or in a format, supplied by the NJDOE.
 - a. The NJDOE will make the reimbursement application available on its website.
3. If the school district conducts additional testing in a year other than the Statewide required testing school year as set forth in A.3. above, the district shall not be eligible for reimbursement.

D. Failure to Comply

1. Failure to comply with any requirement of N.J.A.C. 6A:26-12.4 and Policy and Regulation 7425 may result in any of the following:
 - a. Board's disqualification for reimbursement pursuant to C. above;
 - b. The NJDOE's initiation of an investigation by the Office of Fiscal Accountability and Compliance; and
 - c. The Commissioner's withholding of State aid pursuant to N.J.A.C. 6A:2-1.2.
