5722 STUDENT JOURNALISM (M)

M

The Board of Education believes it is important to afford students the opportunity to exercise their creativity, passion, and constitutionally-protected freedom of speech. However, the Board also believes this opportunity must be balanced between ensuring students have the right to speak freely while also preserving the ability of district staff to maintain the safe and orderly operation of the school district. The Board adopts this Policy granting students the right to exercise freedom of speech and of the press in accordance with N.J.S.A. 18A:36-44 and N.J.S.A. 18A:36-45.

For the purpose of this Policy, the following terms shall mean:

“Prior restraint” means a school official informing a student journalist(s) the news, opinion, feature, and advertising content of school-sponsored media, subject to the restrictions listed in N.J.S.A. 18A:36-45.b., N.J.S.A. 18A:36-45.c., and the provisions of this Policy, cannot be published in school-sponsored media or a school official takes any action to prevent a student from doing so.

“Prior review” means a school official reviewing school sponsored media before it is published, broadcast by a student journalist at school or distributed, or generally made available to members of the student body.

“School official” means the Principal or designee or an administrative staff member designated by the Superintendent.

“School-sponsored media” means any material that is prepared, substantially written, published, or broadcast by a student journalist at school, distributed or generally made available to members of the student body, and prepared under the direction of a student media advisor. School-sponsored media does not include media intended for distribution or transmission solely in the classroom in which the media is produced.

“Student journalist” means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

“Student media advisor” means an individual employed, appointed, or designated by the district to supervise or provide instruction relating to school-sponsored media.

Student journalists have the right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is supported financially by the district or by use of school district facilities, or produced in conjunction with a class in which the student is enrolled. Subject to 1. through 5. below, student journalists are responsible for determining the news, opinion, feature, and advertising content of school-sponsored media. N.J.S.A. 18A:36-

Springfield Public Schools Policy

45.b. and this Policy shall not be construed to prevent student media advisors from teaching professional standards of English and journalism to student journalists.

This Policy does not authorize or protect expression by a student that:

1. Is libelous or slanderous;
2. Constitutes an unwarranted invasion of privacy;
3. Is profane or obscene;
4. Violates Federal or State law; or
5. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of school district policies, or the material and substantial disruption of the orderly operation of the school.

The district shall not authorize any prior restraint of any school-sponsored media except for the types of expression prohibited under N.J.S.A. 18A:36-45.c. and as listed in 1. through 5. above.

A school official may implement a procedure for prior review of school-sponsored media. Any prior review of school-sponsored media required by the school official shall be communicated to the student journalist by the school official and be conducted within three school days after submission to the school official by the student journalist. If the school official cannot show the school-sponsored media is prohibited under N.J.S.A. 18A:36-45.c. and 1. through 5. above, within the three school days, the student journalist may release the school-sponsored media.

When a school official determines the restraint of student expression is necessary, the school official shall simultaneously identify at least one of the five prohibitions listed in 1. through 5. above under N.J.S.A. 18A:36-45.c. and in this Policy under which the limitation of student expression is appropriate. This determination shall be provided to the student journalist in writing by the school official that made the determination.

A student journalist may appeal, to the Superintendent or designee, a determination by a school official that the restraint of student expression is necessary. An appeal must be submitted in writing to the Superintendent or designee within five school days of the written determination being communicated to the student journalist. The appeal must include a copy of the written determination and the reasons why the student journalist believes the limitation is not appropriate. The Superintendent or designee may, but is not required to, provide the student journalist an opportunity to present their written appeal in person. The Superintendent or designee will make a determination on the appeal within five school days of receiving the written appeal from the student journalist. The student journalist may appeal a decision of the Superintendent or designee to the Board of Education in writing. The Board of Education will make a decision on the appeal at the first Regular Board Meeting after receiving the written appeal or within ten school days after receiving the written appeal.

The location must be functional as a space for breastfeeding or expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. Expressed breast milk may be stored in a refrigerator in the school building or in the student's personal cooler. If the space is not a dedicated lactation/breastfeeding room, it must be available when needed. A space temporarily converted into a lactation/breastfeeding room or made available when needed by the student is sufficient; however, a bathroom, even if private, is not a permissible location. A student opting to breastfeed their child in the lactation/breastfeeding room will be responsible to make arrangements for their child to be brought to the school in accordance with a time schedule agreed to by the Principal or designee.

All staff members will assist in providing a positive atmosphere of support for students who are returning to school after the birth of their child. Conduct by a staff member or student that reasonably interferes with a student's performance in school; creates an intimidating, hostile, or offensive environment for a student that is complying with the provisions of this Policy; or that inhibits a student's ability to breastfeed their child or express breast milk while in school will not be tolerated.

The Principal shall ensure Policy 2416.01 is distributed to pregnant students and students who are returning to school after the birth of their child.

P 4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS (M)

M

The Board of Education believes it is vital to the successful operation of the school district that support staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board may employ substitutes and/or contract for substitutes for absent support staff members in order to ensure continuity in a program. The Board will annually approve a list of substitutes and rate of pay and/or the Board will approve a contract for a contracted service provider to provide substitute support staff members.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of the Every Student Succeeds Act (ESSA), paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;
2. Obtained an associate's (or higher) degree; or

Springfield Public Schools Policy

3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must meet one of the criteria listed above. The Superintendent or designee will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or the Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A support staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

P 4218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES (M)

M

The Board of Education recognizes a support staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purpose of this Policy, “substance” or “substances” as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member’s supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours or at a school-sponsored function where the support staff member has been assigned job responsibilities. Refusal by a support staff member to consent to the medical examination including a substance test will be deemed a positive result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive result for substances and the support staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

In the event the Board physician determines the support staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the support staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured support staff member, and/or filing tenure charges for a tenured support staff member in accordance with law. The support staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the support staff member.

In the event a support staff member’s medical examination and substance test results are negative for a substance or if the Board physician determines the support staff member was not under the influence of a substance, the results or determination shall be reported to the Superintendent and

Springfield Public Schools Policy

the support staff member shall be returned to their position unless the Superintendent has a reason the support staff member should not be returned to their position.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any staff member who, in the course of their employment, has reason to believe a staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member's supervisor responsible at the time of the alleged violation. Either the Principal or the staff member's supervisor responsible at the time of the alleged violation shall notify the Superintendent who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a staff member in response to questioning initiated by the Principal or Superintendent's designee or following the discovery by the Principal or Superintendent's designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

A staff member who unlawfully possessed or in any way has been involved in the distribution of a controlled dangerous substance, including anabolic steroids or drug paraphernalia, pursuant to N.J.A.C. 6A:16-6.3, shall be subject to appropriate discipline which may include, but not be limited to, termination of a non-tenured support staff member or the filing of tenure charges for a tenured support staff member in accordance with law.

5200 ATTENDANCE (M)

M

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student’s participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

Springfield Public Schools Policy

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

P 5517 SCHOOL DISTRICT ISSUED STUDENT IDENTIFICATION CARDS (M)

M

The Board of Education recognizes school building security measures are important for the safety and welfare of all students, staff, parents, and community members in school buildings. In recognizing this important responsibility, the Principal or designee may require students to carry a school district issued Identification Card.

An Identification Card will be issued to all students in high schools.

The Identification Card shall have printed on the back the telephone number for the New Jersey Suicide Prevention Hopeline (NJ Hopeline) and contact information for a crisis text line pursuant to N.J.S.A. 18A:6-113.1. The district may, in addition to the telephone number for the NJ Hopeline and contact information for a crisis text line, provide the contact information for the National Suicide Prevention Lifeline, a school district crisis center, or any other mental health support services pursuant to N.J.S.A. 18A:3B-73.2.

The Principal or designee may require a student to present their Identification Card at any time during the school day or at any time during a school-sponsored activity on school grounds.

Notwithstanding any provision of this Policy, the Principal or designee may also require students carry their Identification Card at any school-sponsored, off-campus activity, including but not limited to, field trips or interscholastic sports programs pursuant to N.J.S.A. 18A:36-43a. The provisions of this Policy shall not be construed to require a student to carry the Identification Card while participating in an athletic contest or competition, an activity involving fine arts or performing arts, or any other activity that the Commissioner of Education determines does not require the physical possession of an Identification Card. An Identification Card used in accordance with N.J.S.A. 18A:36-43a shall include, but need not be limited to, the following information: the student's name; an up-to-date photograph; and the current school year.

Any student who fails to have the Identification Card in their possession or fails to present it when required may be denied access to an event or activity and may be subject to appropriate discipline.

An Identification Card issued in accordance with this Policy shall not be considered a government record pursuant to P.L. 1963, c.73 (N.J.S.A. 47:1A-1 et seq.), P.L. 2001, c.404 (N.J.S.A. 47:1A-5), or the common law concerning access to government records.

P6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES (M)

M

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Carl D. Perkins Career and Technical Education Improvement Act of 2006, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.

The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

Reimbursement requests must be in accordance with approved grant applications. A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will

Springfield Public Schools Policy

normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report.

The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three business days of receipt of funds.

6115.03 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – CONFLICT OF INTEREST (M)

M

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.318 – General Procurement Standards addresses standards of conduct covering conflict of interest and governs the actions of school district employees, officers, and agents in the selection, award, and administration of contracts supported by a Federal award.

The Board of Education must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to the applicable Federal law and the standards identified in 2 CFR §200.

The Board of Education must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

The Board of Education must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts supported by a Federal award.

1. No employee, officer, or agent of the Board of Education may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.
 - a. Such a conflict of interest would arise when a Board of Education employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
2. The Board of Education officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
3. However, a Board of Education may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.
4. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

Springfield Public Schools Policy

The Board of Education's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the Board of Education is encouraged to enter into State and local intergovernmental agreements or inter-entity agreements where appropriate for procurement of use of common or shared goods and services.

The Board of Education is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

The Board of Education is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

The Board of Education must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 2 CFR §200.213 – Suspension and Debarment).

The Board of Education must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

The Board of Education may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a Board of Education is the sum of:

1. The actual cost of materials; and
2. Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since the time and material formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the Board of Education awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Springfield Public Schools Policy

The Board of Education alone must be responsible, in accordance with good administrative practice and sound business judgement, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the Board of Education of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgement for that of the Board of Education unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

The Board of Education and its employees shall be required to comply with all New Jersey statutes and administrative codes regarding school ethics and internal controls.

The School Business Administrator/Board Secretary shall be responsible to check the web-based System for Award Management (SAM) maintained by the United States government – the General Services Administration (GSA). In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the SAM list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in 2 CFR §200.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the SAM list or proposed for disbarment shall be in accordance with the limitations as outlined in 2 CFR §200.

If any superseding circulars of the OMB conflict with the provisions of these rules, the provisions of the superseding circulars shall govern.

Any sections of State travel regulations as established by the OMB presented as OMB Travel, Entertainment, Meals, and Refreshments Circulars, that conflict with N.J.S.A. 18A:1-1 et seq. shall not be included in Policy and Regulation 6471 nor authorized under N.J.A.C. 6A:23A-7. This includes, but is not limited to, the authority to issue travel charge cards as allowed under the OMB Circulars, but which is not authorized for school districts under New Jersey school law.

The Board of Education shall ensure, through Policy and Regulation 6471, that all travel by its employees and Board of Education members is educationally necessary and fiscally prudent. Policy and Regulation 6471 shall include the requirement that all school district travel expenditures are:

2. For travel that is critical to the instructional needs of the school district or furthers the efficient operation of the school district; and
3. In compliance with State travel payment guidelines as established by the OMB and with guidelines established by the Federal Office of Management and Budget; except any State or Federal regulations and guidelines that conflict with the provisions of Title 18A of the New Jersey Statutes shall not be applicable, including, but not limited to, the authority to issue travel charge cards. The Board of Education shall specify in its travel policy the applicable restrictions and requirements set forth in the State and Federal guidelines, including, but not

Springfield Public Schools Policy

limited to, types of travel, methods of transportation, mileage allowance, subsistence allowance, and submission of supporting documentation including receipts, checks, or vouchers.

All such expenditures are subject to the rules in N.J.A.C. 6A:23A-7, including, but not limited to, inclusion in the annual travel limit, prior Board of Education approval, separate tracking as described at N.J.S.A. 18A:11-12.q., and per diem reimbursements.

Travel reimbursements will only be paid upon compliance with all provisions of N.J.A.C. 6A:23A-7 and Policy and Regulation 6471. All travel requests for Board members shall require prior approval by a majority of the Board of Education's full voting membership, except where the Board of Education has excluded regular business travel from prior approval pursuant to N.J.A.C. 6A:23A-7.3(b), and the travel shall be in compliance with N.J.S.A. 18A:12-24 and 24.1.

A Board member must recuse himself or herself from voting on travel if the Board member, a member of his or her immediate family, or a business organization in which he or she has an interest has a direct or indirect financial involvement that may reasonably be expected to impair his or her objectivity or independence of judgment. Policy and Regulation 6471 prohibit a Board member from acting in his or her official capacity in any matter in which he or she or a member of his or her immediate family has a personal involvement that is or creates some benefit to the school district Board member or member of his or her immediate family; or undertaking any employment or service, whether compensated or not, that may reasonably be expected to prejudice his or her independence of judgment in the execution of his or her official duties.

R 6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES (M)

M

The State of New Jersey and school districts must assure certain Federal and other grant funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government. In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment for grant awards. The procedures outlined in this Regulation are to be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Carl D. Perkins Career and Technical Education Improvement Act of 2006, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

A. Definitions

1. "Cost objective" means a function, organizational subdivision, contract, grant, or other activity for which cost data are needed and for which costs are incurred.
2. "Grant" means an award of financial assistance by the Federal government to the State of New Jersey, Department of Education or funds NJDOE receives from the State legislature to be awarded to eligible subgrantees.
3. "Grantee" means the State of New Jersey, Department of Education, to which a grant is awarded by the Federal government.
4. "Subgrant" means an award of financial assistance to an eligible subgrantee, in this case, awards by the State of New Jersey, Department of Education to local education agencies or other eligible entities.
5. "Subgrantee" means the local education agency or other legal entity to which a subgrant is awarded and which is accountable to the State of New Jersey, Department of Education for the use of funds provided.

B. Procedures

1. Functionality
 - a. The School Business Administrator/Board Secretary or designee will submit reimbursement requests using the payment functionality of the EWEG system.

Springfield Public Schools Regulation

- b. The payment functionality is enabled upon final NJDOE approval of the subgrant application through the EWEG system.

2. Submission of Reimbursement Requests

- a. The School Business Administrator/Board Secretary or designee will make reimbursement requests for individual titles and awards. Therefore, reimbursement requests for ESSA will be made for each individual title. Reimbursement requests for IDEA must be made separately for Basic and Preschool as well as for the Perkins Secondary and Perkins Post-Secondary grant funds. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant.
- b. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds. The following examples are based upon the schedule in Section C. below.
 - (1) The school district has ordered and received supplies and has paid the vendor. The school district may request reimbursement.
 - (2) The school district has ordered and received equipment but has not yet paid the vendor. The school district expects payment to be made on the seventh of the following month, following the monthly Board meeting. The school district may request reimbursement since the school district will make payment within three business days of receipt of funds.
 - (3) The school district makes salary payments on the first and fifteenth day of each month. In a given month, the school district may request reimbursement for payroll expenditures actually made during the month and for the payroll scheduled for the first day of the following month because the school district will make payroll expenditure within three business days of receiving the funds. The school district may not request reimbursement in anticipation of subsequent pay dates, that is, those occurring more than three business days after receiving funds.
 - (4) The school district is responsible for payment of health benefits to its provider on a quarterly basis. The subgrantee may request reimbursement prospectively if payment to the provider will be made within three business days of receipt of funds. If payment to the provider is made at the end of the month; however, the school district must request reimbursement during the month following payment.

Springfield Public Schools Regulation

(5) The school district is responsible for reimbursing the State of New Jersey for pension and social security payments made on behalf of employees paid with Federal funds. For members of the Teachers' Pension and Annuity Fund (TPAF), school districts shall reimburse the State no later than November. The request for reimbursement for pension and social security contributions for members of TPAF should be made at the time the school district will make payment to the State. For members of the Public Employees Retirement System or other State pension systems, the school district should request reimbursement at the time payments are due to the State for pension contributions and to the Internal Revenue Service for Social Security contributions. The school district should not include fringe benefit calculations in their regular salary reimbursement requests.

c. The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds. The submission of a reimbursement request also constitutes a certification that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.

d. Reimbursement requests must be in accordance with approved grant applications.

(1) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created.

(2) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

C. Processing Timelines

1. Reimbursement requests may be submitted at any time after the subgrant has received final NJDOE approval. No more than one reimbursement request may be submitted per month for any one subgrant.

2. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month.

Springfield Public Schools Regulation

School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

D. Content of Reimbursement Requests

1. Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed.
 - a. Example - \$8,750 is being requested in the 100 function code. The description is "salaries and instructional supplies."
2. Expenditures must be supported by documentation at the school district level. This documentation should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request.
3. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

E. Review and Approval of Reimbursement Requests

1. NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria, including but not limited to the following:
 - a. Adequate description of the expenditures is provided;
 - b. No new budget category has been created; and
 - c. The reimbursement request does not exceed the allowable threshold for an amendment as a result of cumulative transfers among expenditure categories.
2. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system.
3. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives. Approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system

Springfield Public Schools Regulation

either have already been expended, or will be expended within three business days of receipt of funds.

R 6471 SCHOOL DISTRICT TRAVEL (M)

M

A. Definitions (N.J.S.A. 6A:23A-1.2)

1. For the purpose of this Policy, “travel expenditures” means those costs paid by the school district using local, State, or Federal funds, whether directly by the school district or by employee reimbursement, for travel by school district employees and district Board of Education members, to the following five types of travel events:
 - a. Training and seminars – means all regularly scheduled, formal residential or non-residential training functions conducted at a hotel, motel, convention center, residential facility, or at any educational institution or facility;
 - b. Conventions and conferences – means general programs, sponsored by professional associations on a regular basis, which address subjects of particular interest to a school district or are convened to conduct association business. The primary purpose of employee attendance at conferences and conventions is the development of new skills and knowledge or the reinforcement of those skills and knowledge in a particular field related to school district operations. These are distinct from formal staff training and seminars, although some training may take place at such events;
 - c. School district sponsored events – means conferences, conventions, receptions, or special meetings, where the school plans, develops, implements, and coordinates the event and is the event’s primary financial backer. School district employees are actively involved in working the event and other employees may attend as participants;
 - d. Regular school district business travel – means all regular official business travel, including attendance at meetings, conferences, and any other gatherings which are not covered by the definitions included in a., b., and c. above. Regular school district business travel also includes attendance at regularly scheduled in-State county meetings and Department-sponsored or association-sponsored events provided free of charge and regularly scheduled in-State professional development activities with a registration fee that does not exceed \$150 per employee or district Board member.  - (2) The Superintendent shall determine if a violation of N.J.A.C. 6A:23A-7 requires a penalty in accordance with N.J.A.C. 6A:23A-7.7.
