How to Use the Course Registration Guide

Graduation Requirements

The graduation requirements for Pillager High School are listed on page 4 under "Selecting Classes-Make a Plan!"

On page 61, students can also view a quick summary of the credit requirements and check off the classes they have completed.

Career Pathways

The course descriptions in this guide are all color coded and are organized into career pathways. Each pathway has their own color. For example, if you are interested in the Health Sciences all of the elective courses that fall under that pathway are color coded red.

To download a digital copy of the Course Registration Guide please visit <https://www.isd116.org/>.

Pro Tip: This is a great reference guide to keep and use all year when you have questions pertaining to credits, different class options, and testing opportunities throughout the year. Please use the blank pages to write notes or other reminders of classes you may be interested in taking or experiences you may wish to pursue (internships or job shadows).

PHS Course Highlights

CIS (College in the Schools)

Do you know that you can earn up to 79 college credits just by staying on the Pillager High School campus?

- X Eligibility requirements for each CIS course is listed above the course description.
- X For a complete listing of all the CIS courses offered at Pillager High School please refer to page 26 of your guide.
- X If you are interested in enrolling in a CIS course please see Mrs. Turner!

PHS Career Academies

Choose classes that focus on different pathways through our career academies. By choosing an academy to focus on you may better understand what a career in that field may be like. We offer career academies in the following areas:

- X Graphic Arts
- X Hospitality Management
- X Natural Resources
- X Intro to Landscaping
- X Building Trades
- X Business
- X Applied Chemistry
- X Pre-Health

NCAA Eligibility

If you plan on attending college after high school and wish to participate in NCAA Division I, Division II, or Division III athletics you must be certified by the NCAA Eligibility Clearinghouse. Please use your registration guide to help you choose NCAA approved classes.

Assessments & Testing

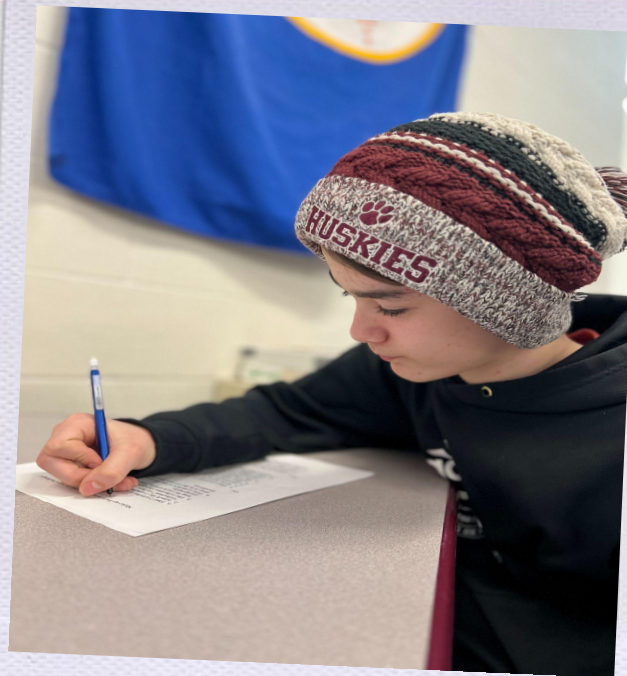

Required Exams

- X Grade 10: Reading & Science MCAs (spring)
- X Grade 11: Math MCA (spring)

Optional Exams

- X Grade 9: Pre-ACT (fall)
- X Grade 11: PSAT (fall), ASVAB (winter), ACT (spring)

Please see refer to page 30 of your registration guide for a brief description of each exam.

Courses

All of the courses and their descriptions can be found underneath the major headings: Art, Business, College & Career Readiness, English, Family & Consumer Science, Industrial Tech, Math, Music, Phy Ed, Science, Social Studies, and World Language.

Course Descriptions

- X Each course lists the grade-level, the number of credits the course is worth, whether the course is a year-long or semester course only, and lists any prerequisites that are required before you can take the course.*
- X Classes that are offered for college credit have the Central Lakes College logo beside it.*
- X Courses that are NCAA approved have the NCAA logo.*
- X Courses that fall underneath the Pillager Huskies Career Academies has the Pillager Husky logo.*
- X If a course meets the requirement for CTE and Fine Arts it is denoted by the course name.*

9th Grade

Completing the registration form.

Completing the Registration Form

- X Turn to page 53 of your registration guide.
- X Print your first and last name (please print your name neatly).
- X If you have a college or career goal you may write it next to your name on the blank provided.
- X As a 9th grader you are required to take English, math, science, social studies, and Freshman Academy. These classes are *required* and will count towards the graduation requirements.

All credits count in high school! Every class you take will give you the opportunity to earn credit towards graduation. Some courses are required and some courses are electives, but each class counts toward your overall number of credits. Students need a minimum of 52 credits to graduate from Pillager High School.

Completing the rest of the form

With your pen or pencil you are going to check the following boxes for both fall and spring semester as these courses are required for everyone to take for the entire year.

Completing the rest of the form

With your pen or pencil you are going to check the following boxes for both fall and spring semester as these courses are required for everyone to take for the entire year.

English

-US. Literature and Composition

(If you have Ms. Savage for English you are going to write Concepts of English in the blank provided)

Math

-If you are in Geometry this year you are going to check the box for Algebra II

-If you are in Intermediate Algebra this year you are going to check the box for Geometry

(If you have Ms. Taylor or Ms. Hutch for math you are going to write Concepts of Math in the blank provided)

Science

-General Biology

Social Studies

-U.S. History

Electives

-Choose SIX electives (3 electives for both the fall and spring semester)

Alternate Choices

-Choose SIX alternate electives (3 alternates for both fall and spring semester)

11th Grade

Completing the registration form.

Completing the Junior Registration Form

- X Turn to page 57 of your registration guide.
- X Print your first and last name (please print your name neatly).
- X If you have a college or career goal you may write it next to your name on the blank provided.
- X As an 11th grader you are required to take courses in English, math, science, and social studies. These classes are **required** and will count towards the graduation requirements.

All credits count in high school! Every class you take will give you the opportunity to earn credit towards graduation. Some courses are required and some courses are electives, but each class counts toward your overall number of credits. Students need a minimum of 52 credits to graduate from Pillager High School.

Completing the rest of the form

With your pen or pencil you are going to check the following boxes for both fall and spring semester as these courses are required for everyone to take for the entire year.

English

-World Lit & Composition OR College Composition I & II (CIS)

(If you have Ms. Savage for English you are going to write Concepts of English in the blank provided)

Math

-If you are in Geometry this year you will check the box for Algebra II

-If you are in Algebra II this year you will check the box for Beginning College Algebra & College Algebra

(If you have Ms. Taylor or Ms. Hutch for math you are going to write Concepts of Math in the blank provided)

Science

-You can choose two science electives, one elective for each semester.

Social Studies

-World History OR College World History I & II (CIS)

Electives

-Choose SIX electives (3 electives for both the fall and spring semester)

Alternate Choices

-Choose SIX alternate electives (3 alternates for both fall and spring semester)

12th Grade

Completing the registration form.

Completing the registration form

- X Turn to page 59 of your registration guide.
- X Print your first and last name (please print your name neatly).
- X If you have a college or career goal you may write it next to your name on the blank provided.
- X As a senior you want to make sure that you are meeting all of the core requirements along with all of the elective requirements.

Pillager High School requires a minimum of 52 credits to graduate. 32 credits include core courses in the areas of English, social studies, math, science, fine arts, physical education, health, and CTE. 20 credits can be elective courses of your choosing and don't need to be in a specified area.

Completing the rest of the form

With your pen or pencil you are going to check the following boxes for both fall and spring semester as these courses are required for everyone to take for the entire year.

English

-8 semester credits of English are required to graduate. Please check the boxes for the English credit of your choosing.

(If you have Ms. Savage for English you are going to write Concepts of English in the blank provided)

Math

-6 semester credits of Math are required to graduate. Please check the boxes for the math credit of your choosing. If you have met the math credits you do not need to choose a math elective, however, it is highly recommended that you continue with math.

(If you have Ms. Taylor or Ms. Hutch for math you are going to write Concepts of Math in the blank provided)

Science

-You can choose two science electives, one elective for each semester. Two science electives are required during your 11th or 12th grade year. Of those two science electives, one class needs to be a chemistry course or have a chemistry emphasis. If you have met your science requirements you do not need to choose a science elective.

Social Studies

-Economics is required (1 semester)

Electives

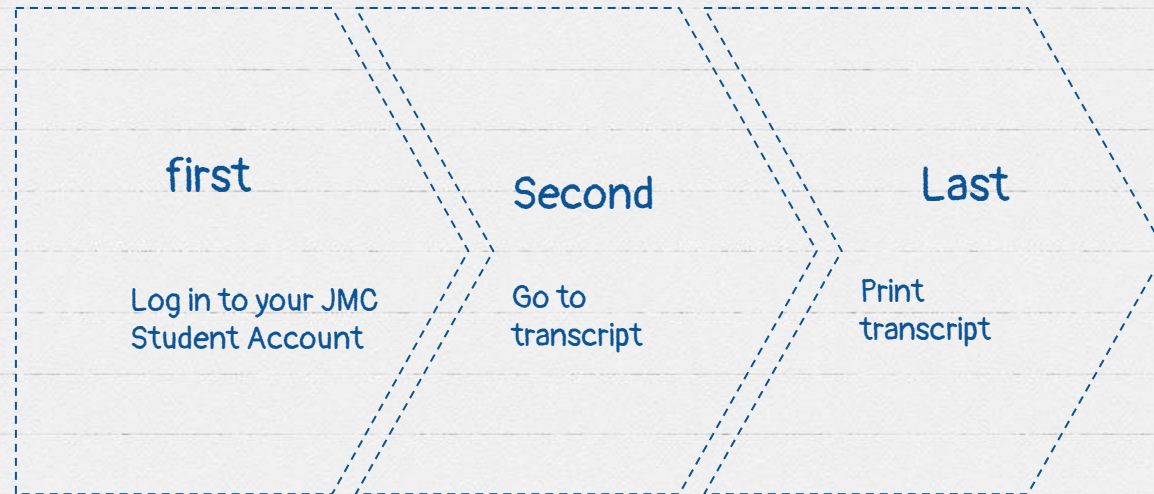

-Choose EIGHT electives (4 electives for both the fall and spring semester)

Alternate Choices

-Choose SIX alternate electives (3 alternates for both fall and spring semester)

Checking your credits is easy!

1. Go to pillager.onlinejmc.com
2. Click on "Students"
3. Enter your username
(year of graduation, first initial, last name)
Example: 24kstudent
4. Enter your password
(lunch #, first initial, last name)
Example: 2114kstudent
6. Click on "Transcript" on the left-hand side of the screen
7. Under "Include Transcript Records" choose "Beginning with Grade 9"
8. Click on the "Print" icon at the top of the screen

Reading Your Transcript

- X All the classes you have taken are listed on your transcript starting with grade 9.
- X Use the "Credit Inventory" check on page 61 to check off all of the classes you have successfully completed.
- X Use your Course Registration Guide to look up classes if you're not sure what credits they count towards (Fine Arts, CTE, etc.)
- X Students who fail any of the core classes in English, math, science, and social studies will need to recover their missed credits in our STEPS program. You will automatically be placed in STEPS to ensure you are meeting all of the core requirements.

The End

If you have any registration questions please contact Mr. Savage, your High School Principal or Mrs. Turner, your High School Counselor!
