

Summer School Course Descriptions 2023

Please choose classes according to your child's current grade.

This Booklet Contains Options for Students Currently Enrolled in 4K - 4th Grade

Grades 4K / 5K

BEGINNING BAKING - Baking is a not-so-fancy word for making tasty food. If you know how to follow directions and love to eat good food, then you will soon be on your way to enjoying this fun summer class. We will learn how to use some kitchen tools and follow recipe directions. Prepare for YUM and FUN! Limited to 12 students per period. **Fee \$15.00**

BOOKS ON A MISSION - During this class, students will spend time developing essential literacy skills—reading, writing, and oral language—and using those skills to create projects based on the books they read. This class will connect reading to art, science, math, and writing. **Fee \$15.00**

BOWLING - Students will learn the basics of bowling, including stance, ball position, approach and delivery. Scoring will be explained. Students will enhance their skill development through shadow bowling, individual frame practice and various lead-up activities. Students will bowl one complete game a day. The students will walk to and from Anchor Lanes with the instructor. **Fee \$30.00**

CHEER CAMP - Creative movements of expression in a fun atmosphere will be the focus of this course. Students will assist in creating words of appreciation for their school, families, friends, and community. **No Cost**

GAMES GALORE - Students will be involved with board games and puzzles; both student favorites and an introduction to new games by the teacher. **\$5.00**

JUMPSTART I (Grades K)- Jump Start is a super class, especially if you want your child to continue learning over the summer months. The main focus of this class is to participate in reading activities, one day per week in the computer lab, phonics and math skills, and written language. Students can expect active participation through the use of stories, educational games/centers, and get their very own workbooks to complete. This is a perfect way to sharpen our learning throughout the fun-filled days of summer. **Fee \$10.00**

LEGO EXPLORERS - Join in the fun! Learn the art of creativity and collaboration through hands-on activities while designing and building. **Fee \$15.00**

LITTLE TECHIE - This computer class will be a fun and interactive learning interactive experience developmentally designed for young learners. Each student will be able to enjoy and understand new technology concepts. Together we will discover fun child-centered websites, games and activities to aid in computer education. **Fee \$5.00**

RECYCLED ART - Earth Day everyday!! This class will feature do-it yourself crafts made from recycled materials. Students will learn how to reuse or upcycle things they might normally dispose of with a variety of eco-savvy Earth Day crafts. All skill levels are welcomed to join. **Fee \$15.00**

SAY HOLA I - Through literature, simple art projects, singing, dancing, playing games, and other reinforcement activities, elementary students will be taught more about the Spanish language and culture. We will explore the following weekly units: alphabet, numbers, calendar, family, colors, and more. This will be a great continuation to the academic year's Spanish program from previous years. **Fee: \$5.00**

GET MOVIN! Test your skills, knowledge, and physical conditioning with Get Movin'. Students will participate in a variety of individual and team sports. Learn a new skill, work to play with teammates, and accomplish new goals together.

YOGA - Learn movements and different mantras to learn how to feel calm and get in tune with our bodies and the world. Will need to bring a beach towel. **No Cost**

1st Grade

FLAG FOOTBALL - Students will play a variety of football related games where they will exercise and learn valuable teamwork and team building skills. **No cost**

GAMES GALORE - Students will be involved with board games and puzzles; both student favorites and an introduction to new games by the teacher. **\$5.00**

GET MOVIN! Test your skills, knowledge, and physical conditioning with Get Movin'. Students will participate in a variety of individual and team sports. Learn a new skill, work to play with teammates, and accomplish new goals together. **No Cost**

GOLF - A chance to learn some tips to improve your game and also a chance to improve your skills. The majority of this class will take place outdoors working with irons, chipping, pitching and putting. Some days the class will go over to Quit Qui Oc Golf Course and will have the opportunity to use the driving range, putting greens, and course. **Fee \$20.00**

LASER ENGRAVER - Get in tune with your creative side! Join us in the use of different mediums while we create using the laser printer. It is an awesome adventure seeing our creations come to life. What fun it will be to utilize such an inventive piece of equipment. An imagination is all you need for this amazing experience. **Fee \$5.00**

MODEL BUILDING - Students will practice patience, art, and history through building models. Students will find images to reference and inspire their build, learn how to properly prep and build their models, and paint them until completion. Students will also learn about the models that they are building, and present what they learned to classmates. **Fee \$20.00**

NATIONAL PARK ADVENTURES - Are you curious about our National Parks? Have you always wanted to explore the United States but are wondering about which state is more intriguing? We will learn through the use of technology, art and foods that are specific to different states. Come explore and find the answers you have been looking for. **Fee \$5.00**

RECYCLED ART - Earth Day everyday!! This class will feature do-it yourself crafts made from recycled materials. Students will learn how to reuse or upcycle things they might normally dispose of with a variety of eco-savvy Earth Day crafts. All skill levels are welcomed to join. **Fee \$15.00**

ROCK N ROLL II - Rollerblading will take place indoors in the gymnasium. Rollerblades will be furnished from Skate Time, similar to when the physical education classes have their rollerblading unit. The rock wall will also be available for students to use! (to help cover the cost of rollerblades) ***Please indicate shoe size on the registration form!*** **Fee \$30.00**

SAY HOLA - Through literature, simple art projects, singing, dancing, playing games, and other reinforcement activities, elementary students will be taught more about the Spanish language and culture. We will explore the following weekly units: alphabet, numbers, calendar, family, colors, and more. This will be a great continuation to the academic year's Spanish program from previous years. **Fee: \$5.00**

WOODWORKING - Construct projects using new and exciting tools in the High School Woods Lab. Students will learn how to properly and safely use hand and power tools to build games, bird houses, and other interesting projects. After learning the basics, students can even design and construct their own projects. **Fee \$10.00**

YOGA - Have you ever wanted to just relax in class? Yoga is the class for you! Dive deeper into a beginner's course on yoga and relaxation practices. Slow down your thoughts and develop an awareness of the body and breathing. Have fun challenging your mind and body with complex moves and imagery! **No Cost**

7th Grade

ADVANCED BAKING - If you love to bake but want to have fun learning some new skills, this class is for you. We will be tasting and sharing everything we make. Yum! Don't be surprised if we put some of our math, chemistry, and reading skills to work! Limited to 12 students for a two-period class. **Fee \$20.00**

ARCHERY – Students will learn the basics of archery and will be able to spend most days practicing shooting at targets in a safe, controlled environment. Students will be using school provided recurve and compound bows and target/point tipped arrows. **Fee \$5.00**

ART CAMP - Explore multiple art media and techniques, including art lessons that are two dimensional as well as three dimensional art creations. All lessons are created to be age and grade level appropriate. **Fee \$10.00**

BEGINNING CHESS - Learn the basis rules and moves of Chess. Children will be introduced to online chess at ChessKid.com for additional fun and practice. This class is taught by Mrs. Smith, Chess Coach of the Mighty Knights Chess Club. **Fee \$15.00**

BOWLING - Students will learn the basics of bowling, including stance, ball position, approach and delivery. Scoring will be explained. Students will enhance their skill development through shadow bowling, individual frame practice and various lead-up activities. Students will bowl one complete game a day. The students will walk to and from Anchor Lanes with the instructor. **Fee \$30.00**

BUMP, SET, SPIKE! - Athletes will enjoy the excitement of volleyball while learning the basic skills and playing games that reinforce the skills that we have learned. From passing to setting to serving to hitting, everything will be covered in this must-have for volleyball lovers...or those just interested in learning the competitive sport!
No Cost

CAD (COMPUTER AIDED DRAFTING) – Come learn the latest in 3D digital design, use programs such as Google Sketch Up, Autodesk Inventor, and Autodesk Revit to model objects, mechanical devices, robots, homes, and even entire cities. Students will gain hands-on experience with tools used by today's engineers, designers, architects, and city planners. **Fee \$5.00**

CHEER CAMP - Creative movements of expression in a fun atmosphere will be the focus of this course. Students will assist in creating words of appreciation for their school, families, friends, and community. **No Cost**

COMPUTER CODING - Through fun hands-on games and activities, anyone can learn introductory programming and computer logic. This class teaches students how to use graphical blocks, flow charts, and natural language programming to make video games, websites, apps, and program robots. **Fee \$5.00**

eSPORTS - This class is an introduction to E-sport opportunities at ELG. Students will engage in problem solving and teamwork to achieve goals and win competitions through online gaming platforms. **No Cost**

FLAG FOOTBALL - Students will play a variety of football related games where they will exercise and learn valuable teamwork and team building skills. **No cost**

GAMES GALORE - Students will be involved with board games and puzzles; both student favorites and an introduction to new games by the teacher. **\$5.00**

Before AND After

NO Daycare Needed

Elkhart Lake Public Library Summer Program (**SEPARATE** from Summer School Program)

The Elkhart Lake Village Library will be offering a summer program that will be held at the Elkhart Lake Village Public Library for students currently in grades 4K through 3rd grade. This program will be held on Wednesday afternoons from 12:30 pm-1:30 pm on the following Wednesdays: June 14, June 21, June 28, July 12, and July 19. *Parents will be responsible for transporting their children to and from the public library summer program unless the child is in child care.* Students who are registered for child care will be under the supervision of the child care staff who will escort students to and from the library on Wednesdays for participation in the summer library program. These same summer school-child care students will need to have with them a cold lunch on the Wednesdays when the library program is held. Please contact the village library directly with questions about the summer program at 920-876-2554.

SEND NO FEES NOW. FEES WILL BE ASSIGNED AND DUE AFTER STUDENT SCHEDULES ARE FINALIZED. THANK YOU.
