The coaching staff is comprised of experienced coaches and players with national and international backgrounds. All of our head coaches are committed to Christ and great with children. In addition to the soccer experience, the mentor-coaches provide daily life related “team-talks” geared towards communicating the life-changing principles found in God’s Word. Each camper receives 15 hours of soccer experience in a fun, safe, Christian learning environment and receives an Ambassadors shirt, personalized certificate of completion, camp pictures, team-talk curriculum, awards and prizes and much more. Ambassadors Soccer Camps are directed by the global soccer missionary Stef van Meerveld (the Netherlands) who serves with the global soccer ministry organization. ambassadorsfootball.org from the Dallas area.

PSO CROSS CHEER CAMP
Cross Cheer Camps introduce young girls to cheerleading in a Christ-centered atmosphere. Campers will learn basic techniques, including motions, jumps, cheers, tumbling, stunts and a dance to music throughout the week. Crafts, snacks, games and interactive devotionals are interlaced throughout each camp day to make learning about cheerleading and Jesus a blast! Look forward to an end-of-camp performance the last 30 minutes of camp.

**PSO SPEED CAMP**

In the PSO 5-week Comprehensive Speed Camp, your athlete will learn the appropriate mechanics relating to acceleration, deceleration, max velocity, and agility. We will be utilizing specific drills to enhance movement confidence, comprehension of specific body positions, coordination of multi-limb synchronization and rhythm of movement. So, these abilities can be applied to skills on the field or court. They will be enhanced by the Laws of Learning: explanation, demonstration, imitation and repetition of these specific movement skills.

**PSO VEDRAL SOCCER CAMP**

Are you ready for a fun summer soccer camp to improve your skills? The camp will focus on the individual’s ball skills and agility. We want to emphasize technique and the overall understanding of each skillset, so that players are comfortable with the ball in every game situation. Each skill is demonstrated by the coach. The player is then pushed to mimic the skill in a game-like scenario. We strive to make each player leave better than when they arrived and eager to go home to practice what they’ve learned.

BUILDING CIGAR BOX GUITARS, THE ORIGINAL BLUES INSTRUMENT
Building the original blues instrument, the cigar box guitar. These instruments were built by African American musicians in the south back in the 20s and 30s out of an old cigar box, broom sticks and fence wire. They are still in use today by blues musicians, collectors and antique lovers.
Learn to build these cool historic instruments with nothing but a hammer and chisel, a hack saw and lots of sand paper. Distressing and antiquing are part of the fun, but the greatest reward is learning how to play the blues!
