Section: Narratives - Assessing Impacts and Needs

LEA ARP ESSER APPLICATION

The Pennsylvania Department of Education (PDE) recognizes the extraordinary efforts made by Local Education Agencies (LEAs), schools, and educators to support students during the COVID-19 pandemic. The application below requests information from LEAs about: (1) Needs and impacts resulting from the pandemic, (2) Stakeholder engagement in the development of local plans to respond to these needs and impacts, (3) Specific elements in the LEA Plan for the Use of ARP ESSER Funds; and (4) Plans for monitoring and measuring progress. As submitted and accepted by PDE in final form, this application shall become part of the Grant Agreement for ARP ESSER funds as Appendix B. As used in this application, "the LEA" refers to the Grantee defined in the Grant Agreement.

ARP ESSER includes a significant focus on vulnerable student populations. Given these requirements, as well as PDE's own equity commitments, the LEA application includes specific fields requesting information on programs to serve student groups that have experienced disproportionate impacts from the pandemic. Student groups are inclusive of the following:

- Students from low-income families;
- Students from each racial or ethnic group (e.g., identifying disparities and focusing on underserved student groups by race or ethnicity);
- Gender (e.g., identifying disparities and focusing on underserved student groups by gender);
- English learners;
- Children with disabilities (including infants, toddlers, children, and youth with disabilities eligible under the Individuals with Disabilities Education Act [IDEA]);
- Students experiencing homelessness;
- Children and youth in foster care;
- Migrant students; and
- Other groups disproportionately impacted by the pandemic that have been identified by the LEA (e.g., youth involved in the criminal justice system, students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years, students who did not consistently participate in remote instruction when offered during school building closures, and LGBTQ+ students).

Section I: Assessing Impacts and Needs

In this first section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups,

surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Academic impact of lost instructional time, (2) Chronic absenteeism, (3) Student engagement, and (4) Social-emotional well-being?

	Methods Used to Understand Each Type of Impact
Academic Impact of Lost Instructional Time	Student grades, cdc tests, Dibels, and state assessments were utilized to identify learning loss of our students. We also meet with teachers to identify the impact of lost instructional time on our students, especially our special education students. We have also surveyed our parents on the impact to their children.
Chronic Absenteeism	Avella utilized our daily attendance and called home to identify reasons for students absenteeism. This was most often identified when our district was providing instruction remotely. Students had difficulty with reliable internet. The need for students to quarantine is also an issue as our number of positive Covid-19 students and families continues to grow.
Student Engagement	Student grades, parent and teacher input were used to identify the degree of student engagement. Through staff meetings, teachers shared how much of an impact the pandemic was having on student engagement. Families were surveyed and provided information on their children's level of engagement when Avella needed to provide instruction remotely.
Social-emotional Well-being	Use of Guidance Counselors in each building, Social workers, parent input, through surveys and our Student Assistance Team were utilized to identify student social-emotional well-being.
Other Indicators	

Documenting Disproportionate Impacts

2. Identify **at least three student** groups in the LEA that faced particularly significant impacts from the pandemic. For each, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Provide specific strategies that were used or will be used to identify and measure impacts
Children with disabilities (including infants, toddlers, children, and youth with disabilities eligible under the Individuals with Disabilities Education Act [IDEA])	Avella made phone calls home, utilized Zoom and Google Meets video conferencing to provide additional assistance to these populations. Avella also provided additional instruction during the summer for this student group.
Students from low-income families	Avella provided hotspots, electronic devices, and video conferencing for these students. Avella also provided additional educational programming

Student Group	Provide specific strategies that were used or will be used to identify and measure impacts
	during the summer for our low income students.
Other groups disproportionately impacted by the pandemic that have been identified by the LEA (See Help Text for examples)	Avella made calls home for students who were not engaged in the learning process when our district was remote. Avella also offered classes through Google Classroom, videoconferencing, our teachers held remote office hours and credit recovery options.

Reflecting on Local Strategies

3. Provide the LEA's assessment of the top two or three strategies that have been most effective in supporting the needs of students, in particular specific student groups most impacted by the COVID-19 pandemic. Include at least one strategy addressing **academic needs** and at least one strategy addressing **social-emotional needs**.

	Strategy Description
Strategy #1	Avella utilized a combination of Edgenuity at the secondary level and Compass Learning at the elementary, both online learning platforms when our district was remote. These, along with Google classroom sessions from our teachers, phone calls and video conferencing provided a comprehensive curriculum for our students. Avella found the Google classroom to be the most engaging for our students.

Counselors could set up appointments or conferences as needed and provide resources for stduents and families as appropriate. We also had our regular education teachers and Special Education teachers provide these office hours to assist students and families that may have been struggling through the isolation, technological void, and strss of the Covid-19 pandemic.

Section: Narratives - Engaging Stakeholders in Plan Development

Section II: Engaging Stakeholders in Plan Development

In this second section, LEAs are asked to provide information on how stakeholders will be engaged in planning for the use of ARP ESSER funds, how stakeholder input will be utilized, and how the LEA will make its LEA Plan for the Use of ARP ESSER Funds transparent to the public—all critical components in developing, implementing, and adjusting plans based on the differential impacts of the COVID-19 pandemic.

4. Stakeholder Engagement

Describe how the LEA, in planning for the use of ARP ESSER funds, has engaged or will engage in meaningful consultation with stakeholders. **(3,000 characters max)**

(Stakeholders include students; families; school and district administrators (including special education administrators); teachers; principals; school leaders; other educators; school staff; and unions. In addition, to the extent that the following groups are present in or served by the LEA, stakeholders also include community partners, civil rights organizations (including disability rights organizations); stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children and youth in foster care, migrant students, children who are incarcerated, and other underserved students; and tribes.)

Avella has been engaged with both of our unions throughout the pandemic. We have held several meetings and have listened to their concerns and suggestions. We will continue to meet and make adjustments as we move forward in this pandemic. As the needs of our students and community changes, we will also change to meet those varied needs. Administration has met with building principals and director of special education to identify the areas of need of our students based on building level and pssa data as well as input from teachers. Avella has met with our Homeless liaison and Guidance Counselor to ensure this population is represented in our plan. Avella has also surveyed our families/parents in regard to the greatest needs they have identified for their children, our students, and how we may best service their needs moving forward.

5. Use of Stakeholder Input

Describe how the LEA has taken or will take stakeholder and public input into account in the development of the LEA Plan for the Use of ARP ESSER Funds. **(3,000 characters max)**

Avella has met with our teacher leaders to identify areas of need created by the pandemic and worked to formulate a plan to close these areas of need. Avella has met with building principals and our director of special education to identify areas of weakness exposed by the pandemic and create ways that all students will be served moving forward. Avella has met with our Guidance counselors and Homeless liaison to ensure our small homeless population is represented by our plan. Avella has created several parent surveys for information throughout the pandemic to identify needs of our families. These surveys also identified the largest needs that were created by the pandemic, such as creating a nurturing learning environment and

ways for all student to connect.

6. Public Access to LEA Plan for the Use of ARP ESSER Funds

Describe the process for development, approval, and making public the LEA Plan for the Use of ARP ESSER Funds. The LEA Plan for the Use of ARP ESSER Funds must be made publicly available on the LEA website and submitted to PDE within 90 days of LEA receipt of ARP ESSER funding, must be written in a language that parents/caregivers can understand, and must be provided in alternate format upon request by a parent/caregiver who is an individual with a disability. **(3,000 characters max)**

Avella administration will review the data taken from all of our stakeholders and create a plan for the use of ARP ESSER funds to meet the needs of our students, teachers, staff, parents, school board and community. Once the plan is written, it will be presented to our School Board Directors at a regularly scheduled public meeting, and then after approval, placed on our District website, as well as submitted to PDE. It will be written in the English language and an alternate format will be available upon request.

Section: Narratives - Using ARP ESSER Funds to Plan for Safe, In-Person Instruction

Section III: Using ARP ESSER Funds to Plan for Safe, In-Person Instruction

In this third section, LEAs are asked to reflect on both the impacts and needs described in Section I and stakeholder engagement described in Section II to provide a description of the LEA plan for the use of ARP ESSER funds, beginning with the minimum 20 percent reservation, to address the impact of lost instructional time as required by section 2001(e)(1) of the ARP Act.

Instructions: For both (a) the 20 percent reservation to address the impact of lost instructional time and (b) remaining funds, describe the LEA's principles for emphasizing educational equity in expending ARP ESSER funds, including but not limited to:

- Responding to students' academic, social, emotional, and mental health needs, and addressing opportunity gaps that existed before—and were exacerbated by—the pandemic.
- Allocating funding to individual schools and for LEA-wide activities based on student need.
- Implementing an equitable and inclusive return to in-person instruction. An inclusive return to in-person instruction includes, but is not limited to, establishing policies and practices that avoid the over-use of exclusionary discipline measures (including in- and out-of-school suspensions) and creating a positive and supportive learning environment for all students.
- Taking steps to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the ARP ESSER-supported program, in compliance with the requirements of section 427 of GEPA (20 U.S.C. 1228a).
- Attending to sustainability of plans supported by non-recurring ARP ESSER funds beyond the ARP ESSER funding period.

7. Plan for 20 percent Reservation to Address the Impact of Lost Instructional Time (Learning Loss)

How will the LEA use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs? **(3,000 characters max)**

The response must include:

- a. A description of the evidence-based interventions (e.g., providing intensive or high-dosage tutoring, accelerating learning) the LEA has selected, and how the LEA will evaluate the impact of those interventions on an ongoing basis to determine effectiveness.
- b. How the evidence-based interventions will specifically address the needs of student groups most disproportionately impacted.
- c. The extent to which the LEA will use funds it reserves to identify, engage, and support (1) students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and (2) students who did not consistently participate in remote instruction when offered during school building closures.

Avella will utilize the 20 percent reservation to address the impact of lost instructional time by hiring a special education certified teacher. This teacher will provide high-dosage tutoring as well as progress monitoring students to identify their strengths and skill gaps and create an education path for students. Avella will also utilize Renaissance Learning for testing (Star) and progress monitoring. This program will also provide learning paths for students regardless of their needs. Avella will also give curriculum based measures, (CBM's). Avella will also utilize Imagine math at the elementary and looking into illustrative math at the secondary to build learning paths for all students. These researched based programs will help address the needs of our student groups most disproportionately impacted by the pandemic.

8. Plan for Remaining Funds (*funds not described under the question above*)

How will the LEA spend its remaining ARP ESSER funds including for each of the four fields below, as applicable? (3,000 characters max)

- a. Continuity of Services: How will the LEA use ARP ESSER funds to sustain services to address students' academic needs; students' and staff social, emotional, and mental health needs; and student nutrition and food services?
- b. Access to Instruction: How will the LEA use ARP ESSER funds to support the goals of increasing opportunity to learn and equity in instructional delivery? Consider regular attendance/chronic absenteeism data from the 2020-21 school year, including data disaggregated by student groups, in developing the response.
- c. Mitigation Strategies: How will the LEA use ARP ESSER funds to support prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities and transportation services to effectively maintain the health and safety of students, educators, and other staff? Consider the LEA's Health and Safety Plan in developing the response.
- d. Facilities Improvements: How will the LEA use ARP ESSER funds to repair and improve school facilities to reduce risk of virus transmission, address environmental health hazards, and/or improve ventilation? Consider the LEA's Health and Safety Plan in developing the response.

a. Avella will utilize funding to sustain services to address students academic needs by hiring additional teachers to provide additional tutoring during the school day, progress monitor students and create learning pathways for students who exhibit learning loss due to the pandemic. Avella will also use funds to train staff (Social Emotional Learning) and utilize in our school the 7 Mindsets Curriculum. This will include Coaching, professional development and support for our teachers. Through this curriculum, our teachers will grow and inspire our students. Avella will provide after school tutoring services to students as well as a summer school program. b. Avella experienced the most chronic absenteeism from our special education population during the 2020-2021 school year. Avella hired 2 additional special education teachers to assist this group of students in closing learning gaps and making up for lost instructional time due to the Covid pandemic. These teachers will truly individualize our students educational path by progress monitoring, making adjustments as necessary and then monitor again to ensure we are meeting their needs at their pace for all students to be successful. Avella will also use funds to purchase supports for our students and staff through curriculum and researched based tools for progress monitoring and curriculum. Avella will maintain Renaissance Learning for progress monitoring and learning pathways for students. Avella will also continue with Star testing and Curriculum Based Measures. Avella will purchase

Imagine Math to engage students in their learning pathways. c. Avella purchased recommended cleaning products to disinfect classrooms, hallways, and all areas of the school on a daily basis. Avella utilized an additional daytime custodian to wipe down high touch surfaces throughout the day and sanitized between the various lunch periods for student and staff safety. Avella also purchased masks for students and staff, as well as hydrostatic sprayers and air ionizers to be used to stop the spread of Covid 19 in our schools. d. Avella was fortunate that it had recently replaced heating and air/ventilation systems in both buildings through renovations. Avella is utilizing a better filter in our units, exchanging more air and replacing filters more frequently.

9. For LEAs with one or more Comprehensive Support and Improvement (CSI) or Additional Targeted Support and Improvement (ATSI) school only

Please verify consultation of the Evidence Resource Center in developing the LEA Plan for the Use of ARP ESSER Funds and provide a justification for any intervention that is not supported by tier 1, 2, 3, or 4 evidence. If the LEA does not include a school with a CSI or ATSI designation, indicate "Not Applicable."

Section: Narratives - Monitoring and Measuring Progress

Section IV: Monitoring and Measuring Progress

In this fourth section, LEAs are asked to describe efforts to build local capacity to ensure high-quality data collection and reporting to safeguard funds for their intended purposes.

11. Capacity for Data Collection and Reporting

LEAs must continuously monitor progress and adjust strategies as needed. Describe the LEA's capacity and strategy to collect and analyze data (disaggregated by student group, where applicable), for each of the following measures:

	Data Collection and Analysis Plan (including plan to disaggregate data)
Student learning, including academic impact of lost instructional time during the COVID-19 pandemic	Avella utilizes the STAR program through Renaissance Learning as well as Dibels at our elementary school. We continually progress monitor to meet student needs and change instruction as required. We utilize CDT assessments and utilize data from PSSA Assessments and Keystone exams.
Opportunity to learn measures (see help text)	Avella conducted several parent surveys during the Covid-19 pandemic and identified a need for connectivity and devices for our students and community. Avella provided hotspots and devices for our students, one of our issues was that not even hotspots worked in some of our areas. Therefore we placed wifi in locations throughout our district, such as at the firehall, community center, township buildings and eating establishments so students could at least have the ability to communicate with their teachers and classmates. We have worked with a local internet provider and the need has been reduced for internet, but certainly not eliminated. Technology both in and out of the classroom walls has allowed our students to engage in their learning. Engagement with their teachers as well as with their peers.
Jobs created and retained (by number of FTEs and position type) (see help text)	Due to the pandemic, Avella created 3 additional FTE's to ensure we had quality teachers for our students. These positions will be utilized to progress monitor students and close learning gaps created by the pandemic. One Special Education Teacher and an additional teacher in the HS and in the Elementary School. Monies will also be utilized to retain 1 Elementary Teacher.
Participation in programs funded by ARP ESSER resources (e.g., summer and afterschool programs)	Avella conducted surveys of our students, by sending the survey to parents to inquire as to the interest/need for summer programming. The response was great and Avella provided summer programming last summer (2021). Due to the overwhelming response, Avella will also provide summer programming in the summer of 2022. Avella will likely provide this programming in July and August, so there is not a break between the summer programming and the start of the school year in an effort to minimize learning loss.

- Requirements under the FFATA; and
- Additional reporting requirements as may be necessary to ensure accountability and transparency of ARP ESSER fund use.

The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals

available for interview and examination, upon the request of: (a) the United States Department of Education and/or its Inspector General; (b) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority; (c) the Pennsylvania Department of Education; and/or (d) the Pennsylvania Auditor General, Pennsylvania Inspector General, or any other state agency.

Records pertaining to ARP ESSER Funds, including financial records related to the use of grant funds, will be tracked and retained separately from those records related to the LEA's use of other Federal funds, including ESSER I and ESSER II Funds.

The LEA will maintain inventory records, purchase orders and receipts for equipment (over \$5,000) purchased, all computing devices, and special purpose equipment (\$300 - \$4,999), and will conduct a physical inventory every two years. Please note: inventory of equipment purchased with federal funds must be broken out by funding source.

Any LEA receiving funding under this program will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).

The LEA will conduct its operations so that no person shall be excluded from participation in, be denied the benefits of, or be subject to discrimination under the ARP ESSER program or activity based on race; color; national origin, which includes a person's limited English proficiency or English learner status and a person's actual or perceived shared ancestry or ethnic characteristics; sex; age; or disability. These non-discrimination obligations arise under Federal civil rights laws, including but not limited to Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments Act of 1972, section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975. In addition, the LEA must comply with all regulations, guidelines, and standards issued by the United States Department of Education under any of these statutes.

The LEA will comply with all ARP Act and other ARP ESSER requirements, including but not limited to complying with the maintenance of equity provisions in section 2004(c) of the ARP Act. Under Maintenance of Equity, per-pupil funding from state and local sources and staffing levels for *high poverty schools* may not be decreased by an amount that exceeds LEA-wide

reductions in per-pupil funding and staffing levels for *all schools* served by the LEA¹. High poverty schools are the 25 percent of schools serving the highest percent of economically disadvantaged students in the LEA as measured by information LEAs submitted in PIMS that includes individual student data and identifying if the student meets economically disadvantaged criteria. This data is used to calculate school poverty percentages . Note: An LEA is exempt from the Maintenance of Equity requirement if the LEA has a total enrollment of fewer than 1,000 students, operates a single school, serves all students in each grade span in a single school, or demonstrates an exceptional or uncontrollable circumstance, as determined by the United States Secretary of Education.

¹Calculations for Maintenance of Equity: Per Pupil Funding from combined State and local funding = Total LEA funding from combined State and local funding for all schools served by the LEA in the given fiscal year, divided by the number of children enrolled in all schools served by the LEA in the given fiscal year. Full time equivalent staff = Total full-time equivalent staff in all schools served by the LEA in the given fiscal year, divided by the number of children enrolled in all schools served by the LEA in the given fiscal year. These calculations should be completed for all schools in the LEA as well as for high poverty schools in the LEA for FY 2021-22 and 2022-23. Reductions must not be greater for high poverty schools than for all schools in the LEA.

The LEA will implement evidence-based interventions, as required by section 2001(e)(1) of the ARP Act.

The LEA will address the disproportionate impact of the COVID-19 pandemic on underserved students (i.e., students from low-income families, students from underserved racial or ethnic groups and gender groups, English learners, children with disabilities, students experiencing homelessness, children and youth in foster care, migrant students, and other groups disproportionately impacted by the pandemic that have been identified by the LEA) as required by section 2001(e)(1) of the ARP Act.

The LEA will develop and make publicly available a Plan for the Safe Return to In-Person Instruction and Continuity of Services, hereinafter referred to as the LEA Health and Safety Plan, that complies with section 2001(i) of the ARP Act. The plan will be submitted to PDE, in a manner and form determined by PDE, no later than July 30, 2021.

The LEA's Health and Safety Plan will include (1) how the LEA will, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities to effectively maintain the health and safety of students, educators, and other staff; (2) how the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services; (3) how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC: (a) universal and correct wearing of masks; (b) modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); (c) handwashing and respiratory etiquette; (d) cleaning and maintaining healthy facilities, including improving ventilation; (e) contact tracing in combination with isolation and quarantine, in collaboration with the State and local health departments; (f) diagnostic and screening testing; (g) efforts to provide vaccinations to school communities; (h) appropriate accommodations for children with disabilities with respect to health and safety policies; and (i) coordination with state and local health officials.

The LEA will review its Health and Safety Plan at least every six months during the duration of the ARP ESSER grant period and make revisions as appropriate. When determining whether revisions are necessary, the LEA will take into consideration significant changes to CDC guidance on reopening schools and will seek public input and take public input into account.

The LEA's Health and Safety Plan will be made publicly available on the LEA website and must be written in a language that parents/caregivers can understand or be orally translated for parent/caregivers and must be provided in alternate format upon request by a parent/caregiver who is an individual with a disability.

The LEA will provide to PDE: (1) the URL(s) where the public can readily find data on school operating status; and (2) the URL(s) for the LEA websites where the public can find the LEA's Health and Safety plan as required under section 2001(i) of the ARP Act; and the LEA Plan for the Use of ARP ESSER Funds.
