Kathryn Irvine, Principal
AnneFay Sullivan, Assistant Principal

Dear Parents/Guardians,

The 2022-2023 school year marks the 16th year of a written Parental Involvement Compact between West Vine Street School staff, students, and their families. We ask that each of you read our Compact, understand both our promise to you and your child and what we ask from you in return, and finally sign the Compact and return your signed agreement to us.

Our goal is to secure from 100% of our families the commitment to support the academic success of every WVS School student. Please join us in this endeavor.

Sincerely,

Kathryn Irvine
Principal

West Vine Street School
Parent Involvement Compact

The West Vine Street School community believes that each parent's involvement in his/her child's education can have a positive impact on his/her child's academic success. I agree that I will

- Maintain communication with my child's teacher throughout the school year
- Regularly check and discuss with my child his/her work, the daily planner and your child's take home folder
- Provide a time and place for homework
- Try to take advantage of family learning opportunities at the West Vine Street School Campus
- Encourage my child to learn the best that s/he can
- Communicate with my child about the importance of school
