

February 2023

OSHKOSH AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

CONSTRUCTION UPDATE

At Vel Phillips Middle School, construction remains very active, with many different contractors on site. Inside the building, temporary heat is being pumped into the facility for painters, carpenters, and ceiling and installers working inside the building. External work is also continuing with the walls of the music and gymnasium still underway, in addition to exterior finishes such as paint, windows, and exterior stone.

PLANNING & DESIGN UPDATE

Oshkosh Area School District and Bray Architects have facilitated the bidding process for the remaining secure entry projects and the New Elementary School in the past month. As a result, OASD is happy to award the secure entry projects to the low bidder at Capelle Diedrich Bros. out of Fond du Lac, WI. Work will start at Oakwood Elementary school in the spring, with all four buildings, including Read ES, North HS, and West HS, finishing in August.

In January, the School Board received the survey results to name the New Elementary School; based on votes, the Board decided on Menominee Elementary School. District Administration is reaching out to the Menominee Nation to start the approval process to allow the District to proceed with the name for the school.

WHAT'S NEXT?

- » Exterior Materials and the last of the exterior walls will rise at Vel Phillips Middle School.
- » Kick-off meetings for the Secure Entry projects will occur, preparing for construction this spring.
- » Continued work to finalize the naming process for the New Elementary School. Construction on this project is due to start in June of this year.
