Re: **Lead in Drinking Water Sampling & Analysis 2023-2025**

Dear Mr. Renda,

On April 12th, 2023, EnviroScience Consultants performed limited water sampling events at the Edgemont Union Free School District. Samples were collected at both the Edgemont Jr./Sr. High School & Greenville Elementary School.

First draw samples were collected in wide-mouth 250 milliliter containers during the early morning, prior to any water sources being used. The samples were transported to New York Environmental Laboratory and analyzed for lead concentration. The current limit for lead in drinking water is 5 parts per billion (ppb).

The following locations were below the current limit:

- Greenville Elementary School Water Fountain & Bottle Filler in the Multi-Purpose Room/Gym (FS 1055)
- Jr./Sr. High School, Resource Building (E) Water Fountain & Bottle Filler in the 2nd Floor Hallway (FS 2001)

Please see the attached lab reports for results. These locations have satisfied the requirement for the 2023-2025 Lead in Drinking Water sampling period.

Should you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Drew Cheskin".

Drew Cheskin

Dear Project Manager,

Enclosed is the Laboratory Analytical Report for potable water sample(s) received on April 12, 2023. New York Environmental analyzed the samples on April 13, 2023 for Lead (Pb) by EPA Method 200.9 Rev. 2.2.

If there are any questions regarding the analyses, please feel free to contact us at your convenience. New York Environmental is a NELAP accredited laboratory. Attached reported results meet the requirements of the NELAP standards unless otherwise noted.

Samples' analytical results relate only to the samples tested, in the condition received by the laboratory. This report shall not be reproduced except in its entirety without written approval of the laboratory.

We sincerely thank you for your business, and look forward to being of service for your future environmental testing needs.

Sincerely,

Li Tsang, Laboratory Director
