

NICHADA THANI AREA MAP

With the highly regarded International School Bangkok at its heart, the planned community that is the Nichada Thani estate (streets in orange on this map) and the backstreets of the neighborhood just beyond its gates are home to expatriates of all nationalities. Affectionately referred to as 'The Bubble' by some, Nichada Thani can sometimes be hard to leave, which is one reason why we have created this map: to encourage residents to get out and explore the immediate area with confidence.

HOW TO GET A TAXI FROM NICHADA THANI

Taxis are not allowed to cruise for customers in the Nichada Thani estate. While several loiter outside the public entrance hoping for customers willing to pay inflated fixed fares, we recommend calling Nichada security at 02-960-4352 which will send you a taxi required to use its meter. It will arrive with a motorcycle taxi driver escort whom you must pay B 20-30 depending on your location. Other options include Uber, Grab Taxi, Easy Taxi, and All Thai taxi applications.
