Re: Management Letter

Board of Education:

We have completed our audit of Bermudian Springs School District for the year ended June 30, 2016.

We have audited the accompanying basic financial statements of the Bermudian Springs School District as of and for the year ended June 30, 2016. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. We have issued our audit report in accordance with the above standards stating that the basic financial statements present fairly, in all material respects, the financial position of the Bermudian Springs School District.

In planning and performing our audit, we considered Bermudian Springs School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bermudian Springs School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Bermudian Springs School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Board of Education
Bermudian Springs School District
York Springs, Pennsylvania

We have also audited the compliance of Bermudian Springs School District with the types of compliance requirements described in the Uniform Guidance that are applicable to each of its major federal programs for the year ended June 30, 2016.

We did not have any findings or questioned costs for the year ended June 30, 2016.

We would like to take this opportunity to thank Justin Peart and his staff for the cooperation and assistance we received during the course of our audit.

Sincerely,

Kochenour, Earnest, Smyser & Burg

INDEPENDENT AUDITOR'S REPORT

Board of Education
Bermudian Springs School District
York Springs, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bermudian Springs School District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America: this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Education
Bermudian Springs School District
York Springs, Pennsylvania

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bermudian Springs School District as of June 30, 2016, and the respective changes in financial position, and cash flows for the year ended in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary procedures in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express with sufficient evidence to express.

Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise Bermudian Springs School district's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations(CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2016, on our consideration of Bermudian Springs School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For fiscal year ending June 30, 2016

The discussion and analysis of the Bermudian Springs School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ending June 30, 2016. The intent of this discussion and analysis is to look at the School District's financial performance as a whole.

Historical Perspective

The Bermudian Springs School District has seen an increase in revenues of 8.81% and an increase in expenditures of 5.79% for the 2015-16 school year. During the 2014-15 school year, the District had a revenue increase of 4.29% and an expenditure increase of 0.4%.

Financial Highlights

The District has seen a decrease in State revenues of 1.0%, which accounted for 39.53% of total revenues in 2015-16. The area of increase was the Retirement Reimbursement. The retirement reimbursement is due to the increase in the retirement expense from the prior year. Federal revenues have decreased by 11.59% due to the reduction in Title program funding. Federal revenues account for only 1.10% of total revenues. Local revenues continue to be the largest source of revenue accounting for 59.37% of the revenue base.

Expenditures for direct services to students account for 75.18% of actual expenditures. Non-instructional services, which include extra-curricular, interscholastic activities and operation of plant services account for 17.08% of actual expenditures. Debt service was 7.74% of actual expenditures. The District completed the installation of a new multi-purpose turf facility as well as resurfacing the stadium field with synthetic turf during the 2015-2016 school year.

Financial Statements

The accompanying financial statements have been prepared in accordance with GASB 34, GASB 45 and GASB 54, and present both government-wide and fund level financial statements using both the accrual and modified accrual basis of accounting, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS - continued

Revenue

Charges for services include revenue accrued from education services provided for students from other districts in our Lincoln Intermediate Unit's classes held in our schools. The educational component, when these students are in our regular classes, is charged to the school from which the student resides. The revenue will vary from year to year depending upon the number of students and the amount of time spent in regular classes.

Grants are garnered from several sources including state and federal grants. These are determined by the state and/or federal governments and change based on state/federal budgets. There are a variety of local taxes levied, including property taxes, earned income taxes, and Act 511 taxes.

Total	\$ 27,506,430.00	\$ 25,682,566.00	\$ 1,823,864.00

General Fund - The ending fund balance for the 2015-16 school year is \$7,346,588. Actual revenues were 0.7% higher than anticipated due to increased Earned Income Tax collection and better than expected real estate tax revenue collection. Actual expenditures were 3.74% under budgeted expenditures due to the savings realized from the refinancing of our existing debt.

Capital Reserve Fund - The fund balance of the Capital Reserve at the end of 2015-16 was \$1,100,120 an increase of \$438,332 from the previous year. This increase was planned due to the track project that is sent to begin at the end of the 16-17 school year.

Enterprise Funds

Cafeteria Fund - The cafeteria fund for 2015-16 had revenues totaling \$1,025,907 and expenditures of \$1,006,443 creating a net gain of \$19,464. Approximately 53.96% of the revenues were generated from state and federal sources.

MANAGEMENT'S DISCUSSION AND ANALYSIS - continued

Fiduciary Funds

Activity Funds - Bermudian Springs School District maintains activity funds in the high school, middle school, and elementary school. Each fund uses a process in which money added or expended requires signatures from the advisor, student officers and the building principal. The principals in the respective buildings are bonded.

Scholarship Funds - During the 2015-16 school year, the Bermudian Springs School District acted as the fiduciary agent for five scholarship funds. The funds are titled "Lloyd Wagener Scholarship Fund for Art", "W. Roy Starry Scholarship Fund", "Jordan C. Selfe Scholarship Fund", "Jessica D. Webb Memorial Fund", and the Taylor Zimmerman Memorial Fund. The balance of these funds total \$29,956.

Debt

Debt paid during the 2015-16 school year included \$615,000 in principal payments, and \$338,463 of interest payments. The district will be debt free in 2023 unless additional bonds are created or refunding of current bonds occurs.

Enrollment

The District's enrollment has remained consistent over the past several years and is projected to stay consistent into the future. The final enrollment at the end of the 2015-2016 school year was 1,990 and the current enrollment for 2016-2017 school year is 1,978.

Top Ten District Taxpayers

The District's top ten taxpayers have not changed over the past ten years. They are as follows: 1. Knouse Foods Cooperative, Inc. (\$3,356,800), 2. Brian Properties, LP (\$3,139,000), 3. Peters Orchards Company (\$2,652,800), 4. Growmark FS, Inc. (\$2,445,000), 5. Bonnie Brae Fruit Farms (\$1,961,000), 6. ACNB (\$1,772,300), 7. B&N Associates (\$1,742,000), 8. Tucker Properties LP (\$1,499,200), 9. JST 2012 Lake Meade Qualified (\$1,465,100), 10. Peters Orchard (\$1,284,800)

Future Plans

The District is in the beginning stages of rolling out our One to World initiative over the next three years which will consist of every student from grades 5 -12 receiving an iPad. This is a very exciting time for our District as we transform the way our students are learning while utilizing the technology that is available to us. The District will also begin a renovation/replacement project of our track surface beginning at the end of the 2016-2017 fiscal year. The District will continue to be mindful of the ever increasing retirement and healthcare costs and set aside money for future increases.

TO THE STATEMENT OF NET POSITION
JUNE 30, 2016

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS \$ 8,446,708

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of assets is \$59,973,067 and the accumulated depreciation is \$32,534,119.

27,438,948

Property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.

458,460

Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported as liabilities in the funds. Long-term liabilities at year end consist of:

Bonds Payable	\$ (20,045,000)	
Accrued Interest on the Bonds	(81,410)	
Net Pension Obligation	(36,905,000)

AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2016

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS **\$ 1,630,656**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. This is the amount which capital outlays exceeds depreciation for the period.

Depreciation Expense	\$ (1,877,417)	
Capital Outlays	<u>2,927,264</u>	1,049,847

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Deferred tax revenues increased by this amount this year. (52,776)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 615,000

Interest on serial bonds is recorded in the governmental funds when paid, but the statement of activities records interest expense as it is incurred. (81,410)

Bond Discounts are recorded as expenditures in the governmental funds but are recorded as long-term assets in the statement of net assets and amortized over the term of the bonds. (2,878)

Bond Issue Expenses recorded as expenses in statement of activities, but not recorded as expenses in governmental funds (166,733)

Bond premium amortization is recorded as revenue in the governmental funds but is recorded as a long-term liability in the statement of net position and amortized over the term of the bonds. 81,095

Bond Proceeds are recorded as revenue in governmental funds, but not recorded on the statement of activities as revenue (1,694,150)

Governmental funds report district pension contributions as expenditures. However in the Statement of Activities, the cost of pension related benefits earned net of employee contributions is reported as pension expense.

District pension contributions		2,837,900
Cost of pension benefits earned, net of employee contributions		(3,659,900)

Accrued compensated absences are not recorded as expenditures in the governmental funds but are in the statement of activities. (20,385)

Accrued OPEB Liability is not recorded as an expenditure in the governmental funds but is in the statement of activities. (97,016)

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared in accordance with the accounting system and procedures prescribed for school districts by the Commonwealth of Pennsylvania, Department of Education, which conforms to generally accepted accounting principles as applicable to governmental units. The following is a summary of the significant policies:

REPORTING ENTITY

The Bermudian Springs School District is an educational institution located in northern Adams County, Pennsylvania, a predominately agricultural and residential area. It is a school district of the third class based on its population and is comprised of elementary, middle and secondary schools.

The governing body of the School District is a Board of Directors elected by region for four-year terms. The daily operation of the District is led by the District's administrative team, led by the superintendent of schools who is appointed by the governing board.

The financial statements of the School District include all funds, functions and activities to which the elected Board of School Directors has oversight responsibility. The criteria used in determining whether such organizations should be included in the School District's financial reporting entity are oversight responsibility, including financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, accountability for fiscal matters, scope of public service and special financing relationships.

The District has evaluated its relationship with Lincoln Intermediate Unit #12 to determine if the financial information of the unit should be included in the financial statements. Based on this evaluation, the Unit has not been included as a component unit of the district's reporting entity because the District is not financially accountable for the unit as outlined in the above paragraph.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. The Statements include the primary government, except for the fiduciary funds of the primary government.

Separate rows and columns are used to distinguish between the governmental and business-type activities of the primary government. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange revenues. These activities are usually reported in Governmental Funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. These activities are usually reported in Enterprise funds.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and Statement of Activities are prepared using economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33.

Reporting for governmental and business-type activities are based on all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989,

BERMUDIAN SPRINGS SCHOOL DISTRICT

unless those pronouncements conflict with or contradict GASB pronouncements:

- a. Financial Accounting Standards Board (FASB) Statements and Interpretations
- b. Accounting Principles Board (APB) Opinions
- c. Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure

POLICY FOR ELIMINATING INTERNAL ACTIVITY - GOVERNMENT-WIDE FINANCIAL STATEMENTS

In the process of aggregating data for the Statement of Net Position, some amounts reported as interfund balances in the funds are eliminated or reclassified. Eliminations are made in the Statement of Net Position to minimize the "grossing-up" effect on assets and liabilities within the governmental and business-type activities columns of the primary government. As a result, amounts reported in the funds as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

**POLICY FOR CAPITALIZING ASSETS AND ESTIMATING USEFUL LIVES - GOVERNMENT-WIDE
FINANCIAL STATEMENTS**

The School District reports capital assets at historical cost or estimated historical cost. Capital assets include land, improvements, easements, buildings, building improvements, vehicles, machinery, equipment, infrastructure and all other tangible or intangible assets that are used in operations and that have useful lives extending beyond a single reporting period. The School District's policy is to capitalize assets, or groups of assets with costs in excess of \$5,000. Estimated depreciation expense is calculated using the straight-line method over the useful lives of capital assets ranging from five to thirty years.

PROGRAM REVENUES - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Activities reports three categories of program revenues: (a) charges for services, (b) program specific operating grants and contributions and (c) program specific capital grants and contributions. Program revenues derive directly from the program itself or from parties outside the reporting government's taxpayers or citizenry. As a whole, they reduce the net cost of the function to be financed from the government's general revenues.

POLICY FOR DEFINING OPERATING AND NONOPERATING REVENUES OF PROPRIETARY FUNDS

The School District defines proprietary funds operating revenues based on how the individual transaction would be categorized for purposes of preparing the statement of cash flows. Transactions for which cash flows are reported as capital and related financing activities, noncapital finance activities or investing activities would normally not be reported as operating revenues.

POLICY REGARDING APPLYING RESTRICTED OR UNRESTRICTED REVENUES

The School District first applies unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND ACCOUNTING

The accounts of the School District are organized on the basis of funds or account groups each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenues and expenses or expenditures. The following funds are used by the School District:

GOVERNMENTAL FUNDS

GENERAL FUND - The General Fund is the general operating fund of the School District. All financial resources except those required to be accounted for in another fund, are accounted for in the General Fund.

CAPITAL PROJECTS FUND - (Capital Improvement) - The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds). The Capital Reserve Fund is classified as a Capital Project Fund.

DEBT SERVICE FUND - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

PROPRIETARY FUNDS

This fund accounts for operations that are organized to be self-supporting through user charges. The School District applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The fund included in this category is the Enterprise Fund.

Enterprise Fund types are used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) are financed through user charges.

FOOD SERVICE FUND - To account for all financial resources associated with the operations of the School District's cafeterias. The Food Service Fund is authorized under Section 504 of the Public School Code of 1949. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the stated intent is the costs (expenses, including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered through user charges.

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FIDUCIARY FUNDS

Trust and Agency Funds are used to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations and/or other funds. The expendable trust and agency funds included in the category are:

ACTIVITY FUNDS - To account for programs operated and sponsored by various clubs and organizations.

EXPENDABLE TRUST FUND - Accounts for the W. Roy Starry Scholarship Fund, Lloyd W Wagener Scholarship Fund for Art, Jessica D. Webb Memorial Fund, Jordan Carl Selfe and the Taylor Zimmerman Fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds of the School District are accounted for using a current financial resources measurement focus. Accordingly, only current assets and current liabilities are included on the balance sheet, and the fund balances reflect spendable or appropriable resources. The operating statements of these funds reflect increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities (current and non-current) associated with the operation of the funds are included on its balance sheet. The proprietary fund operating statement presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

MODIFIED ACCRUAL BASIS

The modified accrual basis of accounting is followed for all governmental type funds of the School District. Under the modified accrual basis of accounting, expenditures (other than interest and principal payments on long-term debt which are recorded on their payment dates) are recorded when the fund liability is incurred. Revenues are recognized when they become susceptible to accrual (i.e., measurable and available to finance the School District's operations). Available means collectible within 60 days after fiscal year-end. The modified accrual basis of accounting is used as follows:

PROPERTY TAXES

CURRENT REVENUE - These are taxes levied as of a specific date with a legal, enforceable claim against the taxpayer and/or property. These taxes are recognized as current revenue when received by the School District during the fiscal year and also estimated to be received by the School District within 60 days after the close of the fiscal year.

DEFERRED REVENUE - Currently levied property taxes which are not estimated to be received by the School District within 60 days after the close of the current fiscal year are recorded as deferred revenue.

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PROPERTY TAXES (CONTINUED)

DOUBTFUL - An allowance for doubtful accounts is not required for property taxes due to a lien placed on delinquent properties. Upon sale, the lien would be satisfied and the School District would receive levied taxes.

REVENUE FROM STATE SOURCES

State subsidies due the School District as current fiscal year entitlements, are recognized as revenue in the current fiscal year even though such funds may be received in a subsequent fiscal year.

REVENUE FROM FEDERAL SOURCES

Federal program funds applicable to expenditures for the same program in the current fiscal year but expected to be received in the next fiscal year are accrued as current revenue at the end of the current fiscal year along with the recognition of the federal funds receivable. Likewise, any excess of revenues at the fiscal year end over the program expenditures are recorded as deferred revenue.

ACCRUAL BASIS

Under the accrual basis of accounting, revenues are recognized in the accounting period they are earned and become measurable; expenses are recognized in the period incurred. The accrual basis of accounting is used for the Proprietary Funds.

CASH EQUIVALENTS

For purposes of the statement of cash flows, the Proprietary Fund considers all highly liquid investments with a maturity of three months or less when purchased and pooled funds investments, subject to daily withdrawal, to be cash equivalents.

INVESTMENTS

The School District invests funds with the Pennsylvania School District Liquid Asset Fund (PSDLAF). PSDLAF operates and is authorized under the Intergovernmental Cooperation Act of 1972. Investments in this fund have daily liquidity and are valued at the current cost, which approximates market value.

This fund invests in federal securities backed by the full faith and credit of the United States Government, its agencies, instrumentalities and subdivisions of the Commonwealth of Pennsylvania and backed by the full faith and credit of the Commonwealth and certificates of deposit which are insured by the Federal Deposit Insurance Corporation or which are collateralized as provided by law in Act 72 of 1971.

INVENTORIES

Inventory in the General Fund is recorded as an expenditure at the time of purchase.

Inventory in the Proprietary Fund is valued at cost, except government donated food, which is priced at fair market value at date of receipt.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INTERFUND TRANSACTIONS

During the course of normal operations, the School District has numerous transactions between funds, including expenditures and transfers of resources to provide services and service debt. Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases where repayment is expected, the advances are accounted for through the various due from and due to accounts.

BUDGETS

An operating budget is adopted each fiscal year for the General Fund on the same modified accrual basis used to reflect actual revenues and expenditures. The business manager is authorized to transfer budget amounts between line items within the fund, however, these transfers must be approved by the School District's Board of Education. Budget figures are shown for all Governmental Fund types for which budgets are legally adopted.

FIXED ASSETS - FUND FINANCIAL STATEMENTS

Under the School District's method of accounting, fixed assets are recorded as expenditures at the time of purchase in Governmental Funds. Accordingly, no depreciation has been provided on fixed assets in those funds. Proprietary Fund fixed assets are recorded at cost. Depreciation is provided for on a straight-line basis over ten years.

TOTAL COLUMNS

Total columns on the fund financial statements are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - PROPERTY TAXES

The School District levies property taxes on July 1, for the ensuing fiscal year ending June 30. Taxes paid by August 31, receive a 2% discount. Taxes paid after October 31, are assessed a 10% penalty. Any taxes not received by April 30, are turned over to Adams County Tax Claim Bureau for collection. Interim taxes are assessed at various times during the year as needed.

Taxes receivable as reported on the Governmental Fund balance sheet represents unpaid property taxes outstanding at June 30, 2016. Taxes receivable not deemed available under generally accepted accounting principles, are included in deferred revenues. Since all property taxes are presumably collectible, no provision for uncollectible taxes has been made.

NOTE C - CASH AND INVESTMENTS

Cash and investments are stated at cost, which approximates market. Cash includes certificates of deposit with maturities of three months or less. Statutes authorize the School District to invest in obligations of the U.S. Treasury, agencies and instrumentalities and state treasurer's investment pools.

CUSTODIAL CREDIT RISK

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it; the District does not have a policy for managing custodial credit risk.

NOTE E - COMPENSATED ABSENCES

It is the School District's policy to permit employees to accumulate a limited amount of earned but unused sick leave, which will be paid to employees upon separation from the School District's service. For the government-wide financial statement presentation, the amount, \$412,115 of compensated absences is recorded as a liability on the statement of net assets. In the fund financial statement presentation, the cost of sick leave is recognized when payments are made to employees.

NOTE F - OTHER POSTEMPLOYMENT BENEFITS

District employees who retire and qualify as an annuitant of the Pennsylvania School Employees Retirement System and are at least 55 years of age can continue District medical insurance until they reach the age of 65. Based on the contract with the Teachers' Union and the District's Administrators, the District pays from one hundred dollars to one hundred percent of the insurance and the retiree pays the remaining balance. The District funds their share of the medical insurance with current revenues. The cost to the District for the year ended June 30, 2016 was \$180,282. There were 36 participants.

NOTE G - PENSION PLAN

1. Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms investments are reported at fair value.

General Information about the Pension Plan

Plan Description

PSERS is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System included all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues publicly available financial report that can be obtained at www.psers.state.pa.us.

Benefits provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the members' final average salary (as defined in the code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the members' final average salary (as defined in the code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F

members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member Contributions:

Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T - C) or at 6.5% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System on or after July 22, 1983, and who are active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.5% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System after June 30, 2001 and before July 1, 2011, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the members qualifying compensation. All new hires after June 30, 2011, who elect Class T - F membership, contribute at 10.3% (base rate) of the members qualifying compensation. Membership Class T-E and Class T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.5% and 9.5% and Membership Class T-F contribution rate to fluctuate between 10.3% and 12.3%.

Employer Contributions:

The school districts' contractually required contribution rate for fiscal year ended June 30, 2016 was 25.0% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$2,837,900 for the year ended June 30, 2016.

2. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016 the School reported a liability of \$36,905,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2014 to June 30, 2015. The School's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it related to the total one-year reported covered payroll. At June 30, 2015, the School's proportion was .0852%, which was an increase of .0006 from its proportion measured as of June 30, 2014 which was .0846%.

NOTE G - PENSION PLAN (CONTINUED)

For the year ended June 30, 2016, the District recognized pension expense of \$2,899,380. At June 30, 2016, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience		152,000
Net difference between projected and actual investment earnings	-	75,000
Changes in proportions	254,000	-
Difference between employer contributions and proportionate share of total contributions	337,100	-
Contributions subsequent to the measurement date	<u>2,837,900</u>	<u>-</u>
	3,429,000	227,000

\$2,837,900 reported as deferred outflows of resources related to pensions resulting from School contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2017	(141,000)
2018	(141,000)
2019	(141,000)
2020	449,000

Actuarial assumptions

The total pension liability as of June 30, 2015 was determined by rolling forward the System's total pension liability as of June 30, 2014 actuarial valuation to June 30, 2015 using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method - Entry Age Normal - level % of pay

Investment return - 7.50%, includes inflation at 3.00%

Salary increases - Effective average of 5.50%, which reflects an allowance for inflation of 3.00%, real wage growth of 1%, and merit or seniority increases of 1.50%

Mortality rates were based on the RP-2000 Combined Healthy Annuitant Tables (male and female) with age set back 3 years for both males and females. For disabled annuitants the RP-2000 Combined Disabled Tables (male and female) with age set back 7 years for males and 3 years for females.

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2016

NOTE G - PENSION PLAN (CONTINUED)

The actuarial assumptions used in the June 30, 2014 valuation were based on the experience study that was performed for the five-year period ending June 30, 2010. The recommended assumption changes based on this experience study were adopted by the Board at its March 11, 2011 Board meeting and were effective beginning with the June 30, 2011 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Public markets global equity	22.5%	4.8%
Private markets (equity)	15.0%	6.6%
Private real estate	12.0%	4.5%
Global fixed income	7.5%	2.4%
U.S. long treasuries	3.0%	1.4%
TIPS	12.0%	1.1%
High yield bonds	6.0%	3.3%
Cash	3.0%	70.0%
Absolute return	10.0%	4.9%
Risk parity	10.0%	3.7%
MLPs/Infrastructure	5.0%	5.2%
Commodities	8.0%	3.1%
Financing (LIBOR)	<u>-14.0%</u>	1.1%
	<u>100%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2015.

NOTE G - PENSION PLAN (CONTINUED)

Discount rate

The discount rate used to measure total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School's proportionate share of the net pension liability to changes in the discount rate

The following presents the net pension liability, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.50%) or 1-percentage point higher (8.50%) than the current rate:

	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
School's proportionate share of the net pension liability	45,489,000	36,905,000	2,969,000

NOTE H - TERMINATION BENEFITS

Effective July 2005, a member of the bargaining unit who retires and meets the criteria set forth below will qualify for a one-time payment of \$10,000, offered as an early retirement incentive. In order to qualify for this payment, an employee must be credited with 30, 31, 32, 33 or 34 years of service in the Pennsylvania School Employees' Retirement System, the final 20 years of such serving have been performed in the Bermudian Springs School District. The incentive is paid the July following early retirement.

NOTE I - PUBLIC ENTITY RISK POOL

The District participates in a public entity risk pool to manage those risks associated with workers' compensation. The District's responsibilities in the pool include the payment of all annual and supplementary payments in amounts established by the pool in accordance with the trust agreement as well as other responsibilities similar to those of commercial insurance. The pool agrees to administer the operation of the consortium including paying workers' compensation benefits, asset administration, establishment of an ongoing safety program and other similar services designed to reduce the District's overall workers' compensation costs.

NOTE J - INTERFUND ACCOUNTS RECEIVABLE AND PAYABLE

At June 30, 2016, the District had \$239 in interfund accounts receivables and accounts payable.

NOTE K - COMMITMENTS AND CONTINGENCIES

Litigation

The School District is involved in several claims and lawsuits incidental to its operation. In the opinion of the administration and legal counsel, the eventual resolution and effect on the financial position of the School District is not deemed material.

Grants

The School District is party to various grants with Federal and State agencies which are subject to program and compliance audits by the grantors or under the Single Audit Act Amendments of 1996. Findings and questioned costs arising out of such audits are subject to the ultimate disposition by the grantor agency. In the opinion of the Administration, the ultimate resolution of these matters will not have a material adverse effect on the financial position of the School District.

Actuarial Assumptions and Methods

Interest Rate

4.50%

Salary

An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed of a 2.5% cost of living adjustment, 1% real wage growth, and for teachers and administrators a merit increase which varies by age from 2.75% to 0.25%.

Withdrawal

Rates of withdrawal vary by age, gender and years of service. Sample rates for employees with more than 10 years of service are shown below. Rates for new employees start at 14% for both men and women and decrease with age and service.

Age	Male Rate	Female Rate	Age	Male Rate	Female Rate
25	2.0000%	5.0000%	45	1.2500%	1.5000%
30	2.0000%	4.0000%	50	1.7000%	1.7500%
35	1.5000%	3.0000%	55	3.0000%	3.0000%
40	1.2000%	1.5000%	60	4.5000%	5.5000%

Mortality

Separate rates are assumed preretirement and postretirement using the rates assumed in the PSERS defined benefit pension plan actuarial valuation. (These rates do not include projected mortality improvements)

Disability

No disability was assumed.

Retirement

Assumed retirement rates are based on PSERS plan experience and vary by age, service and gender.

Percent of Eligible retirees Electing Coverage in Plan

100% of Administrators, 95% of Teachers and 75% of the Support Staff and Cafeteria Staff and 50% of all employees who do not qualify for a district subsidy but are only eligible for COBRA coverage until Medicare age at retirement are assumed to elect coverage.

Percent married at Retirement

60% of employees are assumed to be married and have a spouse covered by the plan at retirement.

Spouse Age

Wives are assumed to be two years younger than their husbands.

Per Capita Claims Cost

Making use of weighted averages for various plan designs, per capita cost for medical and prescription drug is based on the expected portion of the group's overall cost attributed to individuals in the specified age and gender brackets. Dental costs are assumed to not vary with age or gender. The resulting costs are as follows:

Medical and Prescription Drug Combined

<u>Age</u>	<u>Males</u>	<u>Females</u>
45-49	\$ 4,368	\$ 6,308
50-54	5,784	7,129

NOTE O - POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

Health Care Cost Trend Rate

6.5% in 2014, decreasing by 0.5% per year to 5.5% in 2016. Rates gradually decrease from 5.3% in 2017 to 4.2% in 2089 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model.

Actuarial Value of Assets

Equal to the Market Value of Assets

Actuarial Cost Method - Entry Age Normal

Under the Entry Age Normal Cost Method, the Normal Cost is the present value of benefits allocated to the year following the valuation date. Benefits are allocated on a level basis over the earnings of an individual between the date of hire and the assumed retirement age. The Accrued Liability as of the valuation date is the excess of the present value of future benefits over the present value of future Normal Cost. The Unfunded Accrued Liability is the excess of the Accrued Liability over the Actuarial Value of Assets. Actuarial gains and losses serve to reduce or increase the Unfunded Accrued Liability.

Bermudian Springs School District
York Springs, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bermudian Springs School District, as of and for the year ended June 30, 2016, which collectively comprise the School's basic financial statements and have issued our report thereon dated November 30, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Bermudian Springs School District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bermudian Springs School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Bermudian Springs School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bermudian Springs School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Education
Bermudian Springs School District
York Springs, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited the compliance of Bermudian Springs School District with types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Bermudian Springs School District's major federal programs for the year ended June 30, 2016. Bermudian Springs School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Bermudian Springs School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bermudian Springs School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Bermudian Springs School District's compliance.

Board of Education
Bermudian Springs School District
York Springs, Pennsylvania

Opinion on Each Major Federal Program

In our opinion, Bermudian Springs School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Internal Control Over Compliance

The management of Bermudian Springs School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bermudian Springs School District's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Bermudian Springs School District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bermudian Springs School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

BERMUDIAN SPRINGS SCHOOL DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of federal awards includes the federal grant activity of Bermudian Springs School District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Federal donated commodities were valued using the commodity price list (based on actual and average USDA costs of commodities purchased) provided by the bureau of Government Donated Foods.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in U.S. generally accepted accounting principles, which require a component unit to be included if the District's elected official's are financially accountable for the component unit. The district is financially accountable if it appoints a voting majority of the component unit's governing body and (1) it is able to impose its will on the component unit or (2) there is a potential for the District to provide specific financial benefits to, or impose specific financial burdens on the component unit. The District may be financially accountable if an organization is fiscally dependent on the District regardless of whether the District has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

The District has evaluated it's relationship with Lincoln Intermediate Unit #12 to determine if the financial information of the unit should be included in the financial statements. Based on this evaluation, the Unit has not been included as a component unit of the District's reporting because of the limited oversight responsibility and limited accountability for fiscal matters.
