### **Mind Matters Series**

Mind Matters is a series that explores the ways that different drugs affect your brain, body, and life. These were developed by the National Institute on Drug Abuse. Mind Matters” includes nine engaging printed materials designed to help students in grades 5 – 8 understand the biological effects of drug misuse on the brain and body, along with identifying how these drug-induced changes affect both behaviors and emotions. Hard copies of the booklets in English can be ordered for free.
